

OFFICERS FOR NEXT YEAR ARE NOMINATED BY U. OF O. BODY

Little Interest Shown in Selection of Candidates; Only One Name for President.

University of Oregon, Eugene, May 5.—Less interest was shown in the selection of officers for the student body of the university next year, at the annual nominations held Wednesday, than before in the history of the institution. The two most important positions, president and vice president, drew but one nomination each and in several other instances there were no candidates.

Stanley Anderson of Portland was nominated for president and Lindsay McArthur of Richard, Or., for vice president. These men will be elected unless names are put on the ballot by petitions bearing 20 names during the next three days. Elections will be held Wednesday.

Adah McMurry of Eugene, Era Godfrey of Portland, and Marjorie Kay, Salem, were nominated for secretary, the highest office open to women.

For editor of the Emerald, the university tri-weekly, Leith Abbott, Ashland, and Harry Smith, Eugene, were nominated. The position of business manager brought forth but one nominee, Lee Hubert of Albany.

Helen Manning and Stella Sullivan of

Portland were nominated for editor of the Oregon, the student body year book, and Harris Ellsworth, Cascade Locks, was the only nominee for business manager.

Other nominations were: Junior man on the executive committee, one to elect, William Rinehart, Salem; Wilbur Carl, Portland. Senior woman on the student council, two to elect, Dorothy Dunway and Margaret Mansfield, both of Portland. Senior men on the student council, three to elect, Elmo Madden, Tacoma; Chester Adams, Myrtle Point; Curtis Peterson, Eugene, and Harry Jamieson, Portland. Athletic council, three to elect, Henry Foster, John Day, Or., and Dow Wilson, Rufus, Or. Junior men on student council, two to elect, John Houston, Klamath Falls; Alexander Brown, Portland; Edwin Durno, Silverton, and George Beggs, Portland. Junior women on student council, one to elect, Grace Rugg, Pendleton, and Ella Rowlands, Corvallis. Sophomore men on student council, one to elect, Raymond Lawrence, Woodburn, and Carl Newberry, Klamath Falls.

Librarian on Way Home From France

Miss Mary Frances Isom, librarian at Central library, who has been doing library work in France for the American Library Association since early last fall, arrived in New York City two days ago, according to a telegram received by her associates, and after stopping at several places en route home, will arrive in Portland about June 1.

A Swiss railway has equipped an ambulance car with electrical apparatus that are supplied with current by a generator mounted on an axle.

WOMAN WIELDS KNIFE AS DEPUTY ARRESTS HER FOR BOOTLEGGING

Mrs. Antonio Bralich Slashes Roy Kendall About the Hands and Draws \$100 Fine.

Attacked with a butcher knife when he attempted to place Mrs. Antonio Bralich of Sixteenth and Pettigrove streets under arrest this morning for having a gallon of moonshine whiskey in her possession, Deputy Sheriff Roy Kendall was cut about the hands but took his prisoner to court this morning, where she was fined \$100 by Judge Jones.

Kendall suspected the home of Mrs. Bralich as a place where liquor was sold and he went there to investigate. The woman offered to sell him some of the whiskey and trouble started when he showed his badge. The whiskey was of the home made variety and was sold to be a very strong concoction of corn and yeast.

Joe Sagalia of 915 Prescott street was fined \$250 in the district court this morning for operating a moonshine still. A raid recently made on the Sagalia residence yielded 25 gallons of whiskey.

Fined for Selling Salmon Oscar Budwell of Portland, arrested early this week by Deputy Game Warden Ed Clark for selling hook and line

EILERS CASE DISMISSED

Proceedings in Federal Court Held as Block to Action.

Attempts of Ernest W. Hardy, trustee in bankruptcy for the Eilers Music house, to have a receiver appointed in the circuit court for the Oregon Eilers Music house, failed Tuesday when Circuit Judge Gantenbein threw the case out of court on the ground that the plaintiff had not exhausted the remedies open to him in the federal court.

Motion of Ralph H. Dunway, attorney for the defense for dismissal, of the complaint on the ground that there were insufficient facts to constitute a cause of action and that the court lacked jurisdiction was upheld after Mr. Hardy had been on the stand for several days.

W. C. Bristol, attorney for the plaintiff, protested against the action of the court, but Judge Gantenbein cut him off with the announcement that he was satisfied that the action should never have been brought in the circuit court while bankruptcy proceedings were pending in the federal court involving the Eilers Music house, a minority stockholder in the Oregon Eilers company.

Nothing was put out in the testimony taken before the dismissal of the case to substantiate the charge made against Hy J. Eilers, president of the defendant company, in the complaint. Mr. Eilers was accused of dissipating the assets of his company among relatives in payment of purported bills.

DATE SET FOR PATTISON TRIAL

Former Lumberman Accused of Misappropriation of Funds. Trials of Jerome S. Mann and J. L. Pattison were set for June 24 in the United States district court this morning. They are charged with misappropriating funds of the Bank of Linnton amounting to \$125,000 during the year 1918. Mann was then cashier of the bank. Pattison was president of the now bankrupt J. L. Pattison Lumber company of Linnton. John C. Veatch, assistant United States attorney, will represent the government in the trial. Ridgway & Johnston and Alfred P. Dobson are attorneys for the defendants. False trade acceptances in the form of way bills and other documents representing business that did not exist, it is alleged, were used in the alleged fraud.

G. H. Bell, charged with white slavery in bringing a girl 16 from Seattle to Portland, will be tried June 4. William Crowder, it is charged, sold "Bitter Herb Tonic" with an alcohol content of about 18 per cent to Indians on the Umatilla reservation. His trial was set for June 5.

NITROGLYCERINE IS FOUND

Two Men Arrested With Enough "Soup" to Blow Up Whole Town. Enough nitroglycerine in a bottle to blow up the whole town, according to police authorities, was found hanging by a string in the refrigerator box of a fruit car near Grants Pass by three youthful tramps, and John S. Thompson, another hobo, was arrested by the sheriff there. Thompson was not riding in the car with the "soup," but the three men who found it had selected that death carriage.

Deputy United States Marshal E. T. Mason brought Thompson and the explosive to Portland today. Violation of the explosives act was charged in a complaint filed by Assistant United States Attorney Barnett H. Goldstein this morning. An investigation of Thompson's police record is being made.

ROAD PROTESTED

Petition for County Highway on Sauvie Island Continued. The petition of J. L. Reeder for a county road on Sauvie Island was continued before Judge Tucker this morning for the third day. The road recently was petitioned for by some of the farmers but others recently entered a suit for damages, claiming that the road would decrease the value of their land. S. Hutchinson, one of the farmers of the island, and one of the complainants for damages, testified this morning that the land through which the road would cut on his farm was worth \$500 an acre as he could raise everything on a four to one basis over other farms on the mainland. He also claimed inconvenience in maintaining fences.

MATILDA GEARIN WINS APPEAL

Federal Court Affirms Decision of District Judge Bean. The federal court of appeals has affirmed the decision of District Judge Bean in the case of Milton A. Miller, as collector of internal revenue, against Matilda M. Gearin. The suit involved \$4500 of alleged income taxes which had been paid under protest by Mrs. Gearin, who held that the source of income, the Rothchild building, had been owned by her in 1917 when it was built, and did not come into her possession in 1918, when the lessors forfeited their lease and its use reverted to her. Tax on the value of the building did not represent a gain to Mrs. Gearin for the year 1917.

A. A. Colvert Arrested

A. A. Colvert was arrested at Salem Wednesday charged with conducting a business under an assumed name and will be brought to the Multnomah county jail by Deputy Constable Watkins this afternoon. The arrest was made by Chief of Police Varney of Salem, before whom complaints had been filed by residents of that city.

Fined for Being Intoxicated

Rube Evans and Joe Burke were fined \$10 each by Judge Bell this morning for being intoxicated while on the Columbia highway. Burke's sentence was suspended because of recent sickness and will be held over pending good behavior.

Regal Shoes for the Children

WE are ambitious to make this the Children's Shoe Store of the city. Precisely because really fitting children is not only extremely difficult but very well worth while.

Our salesmen are specially trained in the anatomy of the growing foot. They know how to fit it—snug and supporting, but never cramping the tender bones and muscles.

Then there is the matter of values, too—the excellent Regal quality and endurance in wear.

An example of the excellent values in Children's Shoes in the Regal Shoe Store.

In patent leather, here is the Regal
Instep Strap Pump Sizes 8 1/2 to 11 \$3.50 Sizes 11 1/2 to 2 \$4.00

A pump with broad toe and snug little strap to keep the heel from slipping up and down. Made of durable patent leather—not easily scuffed out.

Your Other Brain

Down in the abdominal cavity lies a great "plexus" or network of nerve centres, that has been called the "abdominal-brain." It cannot think. Its functions are to superintend and keep in operation various mechanical processes, such as the proper secretion of moisture by intestinal glands and adequate action of intestinal muscles in the walls of the bowels.

It receives messages from nerves in various regions of the body, but being unable to reason, it often acts blindly, imperfectly, or improperly. It may stop secretion, lessen muscular action—and the result is constipation.

Castor oil, pills, salts, mineral waters, etc., do not reason with the abdominal brain, they force it to temporary action, to unnatural effort, until the bowels move. But this is followed by a sulky attitude or even a "strike" by your other brain, and the constipation is increased not cured.

90% of human illness results from self-poisoning, caused by constipation.

But Nujol acts differently. Nujol is not a drug, does not act like any drug.

Nujol acts mechanically to coax the bowels to move easily and thoroughly at regular intervals.

Nujol supplies necessary moisture to bowel contents, makes it easier for tired intestinal muscles to act, absorbs poisonous matter, overcomes stagnation and by so doing persuades the abdominal brain to act rationally and efficiently. Nujol has no deleterious after effects, forms good habits instead of bad ones, overcomes constipation at any age, under any conditions.

Get a bottle of Nujol from your druggist today and send coupon for free booklet—"Thirty Feet of Danger."

Warning: Nujol is sold only bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
