May Party to Be Feature At Hill

Faculty, Cadets and Officers of Academy Will Be Hosts Saturday Night.

By Helen M. Hutchison THE May party of the Hill Military academy will be an event of Saturday evening at the school. More than 70 of the younger dancing set have been asked and a delightful evening is anticipated. May time features will characterize the decorations and the festivity of the evening. Faculty, cadets and officers of the school will be hosts. Among the patronesses are: Mrs. Wilson Johnston, Mrs. Sanford Smith, Mrs.

J. B. Ettinger, Mrs. Charles L. Dick and Mrs. J. W. Hill. This evening will be the occasion of a smart dancing party for the members of the younger set at Laurelhurst club. The Misses Pauline Bondurant and Carolyn Holman will entertain for a group of their young friends.

Portland Heights club will also be open for a dancing party for the junior members of the club this evening. A number of little dinner parties will precede the dance, among which is the no-host party, which will include a group of the sub-deb set, who will dine at Campbell hotel, accompanied by Mrs. Fielding Kelley, after which the party will attend the Portland Heights

The entertainment committee of the Kenton club has announced the post-ponement of its final dance of the season from Wednesday, May 21, to the following Wednesday, May 28.

A smart luncheon will be given at Waverley Country club Saturday by Mrs. F. O. Downing, who makes her home at the Portland hotel, honoring Miss Mary Helen Spaulding, who is one of the members of the June class of St.

The veterans of Company B, 162d infantry, will be hosts for a dance to be given at the armory on Saturday evening. The affair is open to all persons who are interested in this organization and who wish to attend the dance.

The girls of the J. U. G. club, which is composed of a group of Irvington girls, will entertain this evening at Multnomah hotel with a dancing party. The affair will be the first function of its kind given by this club for two years, as the members of the club have been deveting their time to war work.

A charming dinner party of this evening will be given by Mr. and Mrs. Frank Henius at their home in Buena Vista drive, in honor of Miss Margaret Porter, whose engagement to Van Rensschaer H. Sternbergh was announced on Thursday. Covers for dinner will be placed for 14 guests who are close friends of the young couple. Dancing will furnish the diversion of the eve-

hostess today for Mrs. H. Morrison, who partment will meet tomorrow (Saturhas recently come to Portland to make day). May 17, at 1 p. m., in the assembly apartments, in Tudor Arms, and bridge and for the following program: Plano, was the diversion of the afternoon.

(Copyright, 1919, McClure Newspaper Syndicate) NEW YORK.—When the so-called Camargo style burst upon through the resurrection by Callot of the mid-eighteenth century fashions inspired by the most popular Spanish dancer of that day, we had a feeling that the pointed basque might be revived with the full skirt.

It may yet happen. So far it has not. Both the wide skirt and the tight-fitting, semi-Elizabethan bodice with the court decolletage across the shoulders, were introduced in this country a few years ago and worn by a dancer, but the fashion never gained a foothold in society. It fell flat. The world was not ripe for It does not seem as though the world were ripe enough today for the revival of any kind of Elizabethan bodice with its stiff lines; but prophets and reporters have been fooled so often concerning the success or failure of a fashion, that they refrain from being too emphatic in their statements and proph-

ACCENTUATING ORIENTAL LINES The truth is that the balloon tunic has brought about a certain type of Victorian bodice which both the French and the American designers handle with skill; but it does not rule. Its wastline is not small, but almost at the normal, and it does not require the small measurements of the ladies who thought that fainting was polite.

The blouse of the hour, if one may be so definite, is the long-waisted, straight garment that sags over the belt, which lies somewhere between the natural waist and the hips, accentuating neither one nor the other. One sees these straight bodices everywhere. They have no fulness at the shoulders; they are cut narrow across the back but the manner in which they sag over the belt gives them the appearance of width. They make the upper part of the figure look excessively slender in contrast to the wide skirt drapery that floats away from the hips and knees.

This contrast is particularly emphatic when the balloon tunic is attached to this bodice. It has grown so slim during the few weeks since its birth, and it is made of such translucent fabrics. that it reminds one of an undergarment over which one has forgotten to put the proper apparel for the public eye. It gives a fleeting impression of an athlete coming out in his undershirt. Sometimes it is so ornamental that this imthe bodice is merely a piece of translucent flesh-colored chiffon, without collar and with five-inch sleeves.

It would be intolerable, this bodice, if 162d United States infantry, who served in Europe are requested to appear at makers give it a chance for beauty by makers give it a chance for beauty by the station to participate in the big sagging it plentifully over the girdle welcome to be given to that unit, which is expected to arrive on Friday, noon.

CHANCE FOR SEPARATE SKIRT No one should regard these nev

bodices as insignificant. They were not heralded by trumpets, but they have made possible the separate skirt, and the department shops have offered various types of fanciful and brilliant skirts over which one may wear these blouses. Women like this fashion; they may make the best of it this year.

this type of bodice do not separate it from the skirt, they make it part of tage, the Pagoda, at Bayocean. While a frock which embodies all the features that could be picked out of the melee and called fashionable. There is the skirt pulled up in front to give the short ened waistline, the cascade drapery a hips and back, giving width to the narrow underslip, and the transparent blouse over a thin silk lining sagging over a belt of velvet ribbon.

> To keep the blouse from looking too negligee, there is a mass of silver and blue embroidery that dominates the neckline and accentuates the fastening in front.

Oregon Agricultural College, Corvallis, May 15.—The textbooks "Physics for Technical Students" and "Mechanics C. Bird was instantly killed Thursday and Heat" by Dr. W. B. Anderson, night by a bullet from a .22 rifle, fired professor of physics at the college, published by the McGraw-Hill Book company, New York, have been combined in one volume under the title of 'Physics for Technical Students." It is an 800 page book with 373 illustrations. The book is comprehensive and considered practical in every detail. It is used as a text at Perdue and 10 or 12 other leading technical institutions.

"The discussion of the various practical applications of the physical principles," says the author in the preface, has added greatly to the bulk of the text, but the author believes that the resulting increased interest and value to the student of the study of these principles, much more than compensates for the added material that must be read. The author will be glad to confer with teachers concerning the prepara-tion of this text. The goal has been the clear presentation and emphasizing of material of most interest and importance. Should my fellow teachers and students find that this goal has been in a measure reached, I shall feel amply rewarded for my labor."

Chemist Gives Recipe for a Face Cream

A well known chemist recently made the following statement about face creams; "Any lady can easily and cheaply make a face cream or lotion that will improve the complexion, alterroughness of the skin, prevent and cure chapped hands and cracked lips. It will remove as well as prevent tan or

"To make it, merely get one ounce of By keeping everlastingly after the glycerine and 25c worth of powdered Byron patronized the Saracen's Head weeds through this month, the gardener grexite at any drug store. Dissolve the grexite in the glycerine, add a pint of water and pour into bottles.

> "This makes more than a pint of thick The birds are nesting. Threads and antiseptic greaseless cream or lotion, bits of wool and cotton are much appearance belong and southing and perfectvery healing and soothing, and perfectly harmless. It is enough to last you for months, and costs you only a few cents. The same amount of cream purchased in tubes or bottles would cost you several dollars."-Adv.

Dandruffy Heads Become Hairless

It you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred th better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.-Adv.

Sperry Rolled Oats are specially kiln-dried

That's important because it eliminates the fusel oil which gives ordinary rolled oats that strong, rancid taste.

Sperry Rolled Oats are so pure and tasty and wholesome that you'll recognize the difference at once. It's our special process of kiln-drying that brings out their nut-like flavor.

—that's why they taste better!

And, along with full flavor-value, you get full food-value in Sperry Rolled Oats. Leave it to your family—especially the children-to know and appreciate Rolled Oats that are different.

Ask your grocer for Sperry Rolled Oats in the familiar Red Package. Packed in airtight cartons-to retain their natural flavor at any season, in any climate.
