

OREGON LEADING IN PURCHASE OF SAVINGS STAMPS

Forty-Five Per Cent of Quota Up to May 1 Sold, Best Record in 12th Federal Reserve District.

NO FIGURES BY COUNTIES

Rush Over, Sale is Now Being Conducted as an Educational Campaign to Inculcate Thrift.

Oregon is leading the Pacific coast states of the Twelfth Federal Reserve district in War Savings Stamps sales this year, having sold up to May 1, 45 per cent of her quota to date, which is \$1,831,400. The quota for the year is \$4,061,600.

Resolutions for War Savings Stamps made by postmasters to the Third assistant postmaster general, Washington, are at the one million dollar mark, while the sales reported by accounting postmasters to the Federal Reserve bank almost reach the same figure. The difference represents the stocks of stamps on hand in postoffices.

The War Savings Stamp campaign is no longer designated a campaign but an educational movement. The idea of the treasury department this year is to use every proper means to inculcate the idea of saving and to make it a national habit. The work this year is being done to promote safe investment in government securities that are within the reach of every person of moderate means.

COMPARATIVE FIGURES DENIED
Comparative figures on stamp sales among the counties of a state are discouraged by the treasury department, according to word received by State Director Jackson. Therefore, the publicity which these figures would receive is denied. The authorities at Washington give the opinion that competitive methods in encouraging stamp sales, as well as extraordinary "stunts," are not regarded as the proper thing in conducting War Savings Stamp sales.

People are asking occasionally, says Mr. Freeman, when the War Savings Stamp drive will begin. It is going on all the time and will be pressed up to and inclusive of December 31, 1919. Incidentally, War Savings Stamps will be continued next year as a part of the government's financial program.

The forced sale of War Savings Stamps, "brings no permanent good. In a short time many of the stamp certificates are cashed. The steady, systematic sale of stamps tends toward formulating permanent thrift and the encouragement of safe investments that are interest bearing."

Immediately, or at least before summarily and erroneously concluding the case was one with which he was familiar, and hence not requiring a personal visit, should first have required further details from Deputy Jailer Cameron.

1. The emergency hospital should be immediately rearranged so that prisoners may be confined in the hospital beds without the necessity of locking them with the trained nurses attending them. The cost of such rearrangement of said hospital would be very moderate.

2. That Dr. Parrish's department be reorganized along the accepted lines, as practiced in small public and private hospitals, in the following respect: That the result of any examination of patients, no matter how brief, should be set forth in a written report, which written report should be transmitted to the chief jailer in charge of the prisoners, to the city physician and to the captain on duty and in charge of the city jail.

3. That no commitments from the city jail to the county jail take place unless such commitments be accompanied by a brief written report, whenever a prisoner has received medical attention.

RECOMMENDATIONS INCLUDED IN THE REPORT OF THE TUCK INVESTIGATING COMMITTEE WERE PLACED INTO IMMEDIATE EFFECT BY ORDERS ISSUED BY MAYOR BAKER LAST NIGHT TO DR. PARRISH, HEAD OF THE HEALTH BUREAU, AND CHIEF OF POLICE JOHNSON.

Prisoners may be placed in the emergency hospital without the necessity of locking nurses in the institution. Faintest examinations are made of every prisoner reported as ill and

that a written report of all cases be submitted to the chief of police, the city physician and the captain in charge of the police station.

In case of serious illness the patient be sent to the hospital forthwith. Health officers will be informed when prisoners are to be removed to the county jail and such prisoners ordered retained if their illness does not admit of removal.

DRIEF GIVEN ORDERS
The city health officer is also requested to prepare a budget for presentation to the council of the cost of changes necessary at the emergency hospital at all times.

Chief of Police Johnson is requested to issue the following order: No prisoner shall be required to undergo investigation while in a sick or weakened condition.

No prisoner shall be transferred from the city to the county jail while sick, and shall be accompanied by a written report when sent after recuperating. Written release of all prisoners must be received from the city physician before transfer to the county jail.

Reports from examinations of prisoners by physicians shall be filed with the captain on duty and preserved.

Under no conditions is a sick prisoner to be kept in a cell rather than removed to the hospital.

The committee which made the report and the organizations represented, follow: A. E. Ridgway, City club; Walter S. Asher, Progressive Business Men's club; Dr. John F. Beaumont, Ad club; E. May Mewill, Civic League; B. Lee Page, Realty Board; J. R. Straight, Kiwanis club; J. L. Wright, Rotary club.

Competence Asks No Favors

He Serves Himself Most Who Serves The Public Best

A stream never rises higher than its source, nor does a business grow greater than its builder.

Some people have marveled that I have built so large a practice in a few short years, and Dental Supply Houses have commented on the fact that I buy more and better Dental Supplies than any half dozen competitors, some of whom have been practicing here for years.

I am fair enough to admit that I do not deserve special credit for the feat—because the KIND of competition I have had made my task easy; in fact, I feel that many up-to-date, competent Dentists, possessed of the requisite skill and training, who would display the courage born of knowledge and ability, could have done the same thing—and perhaps in less time.

If I seem so far AHEAD of the procession, it is because others are SO FAR BEHIND.

I saw the shortcomings of the system employed here by the old-time dentists; I knew the public put up with it simply because there was little choice between the methods of the old schools, and I knew that the two greatest evils of that system were exorbitant prices—and unnecessary pain.

I knew that a first-class gold crown (equal in material, fit and wear to gold crowns for which other Dentists charged \$10 to \$15) could be made at a profit for \$5.00 UNDER PROPER CONDITIONS, and I knew that fully half (and probably more) of the pain inflicted in the Dental Chair was unnecessary and the result of ignorance, carelessness or plain brutality.

I had the courage of my convictions and I told my story in the papers and in my office—and I MADE GOOD, BECAUSE: What I told the people was the TRUTH and I proved it to them.

The work is giving perfect satisfaction and has stood the test of time.
