# THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

## What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time in Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL

Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing soft, curved lines of health and beauty, there are evidently thousands of men and women who seem to feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among doctors as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Little is made in St. Catherine's Hospital, N. Y. C. showed that two patients gained in weight 23 and 37 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years.

This increase in weight also carries with it a general improvement in health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

Physicians and hospitals everywhere are now recommending its use in ever increasing quantities. Dr. F. C. Cole, D. C., editor of New York "Physicians' Who's Who," says: "Bitro-phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

Joseph D. Harrigan, former visiting specialist to Northeastern dispensary, says: "Let those who are weak, thin, nervous, anemic or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Bitro-phosphate is made entirely of the organic phosphate compound referred to in the National Standard dispensary as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-phosphate is therefore, not a patent medicine and should not be confused with any of the secret nostrums, so-called, tonics or widely advertised "cure-alls."

CAUTION—Although Bitro-phosphate is un-surpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable food properties it should not be used by anyone who does not desire to put on flesh.
