

WORLD NEEDS SEEN AS A STIMULUS TO LUMBER INDUSTRY

Great Demand Expected to Follow Lifting of War Restrictions; Prices Rising.

Marshfield, May 30.—Lumbermen of the Southern Oregon coast are encouraged by prospects for the future of the lumber business. There is a shade of improvement in prices and some manufacturers believe there will be an improvement in both prices and demand. Some venture the opinion that the lumber business of the coast is to see a great boom, the biggest that it ever had. Attention is called to the fact that building in the Middle West was delayed during the war, that when peace is finally settled there will be a big demand in Europe and that the orient has been practically neglected during the war.

The big mill of the C. A. Smith company in Marshfield is idle, but smaller mills are operated and soon will be put on a night force. There appears to be good prospect that there will be operated again soon to meet the growing demand.

Three big mills and a box factory are operating at North Bend and the plants in the Coquille valley section of Coos county, as well as at Reedsport on the north, are all running.

There has been a marked improvement in the shipping orders for general lumber in this section. A new tie mill is to be built in the South Inlet section of Coos bay and several firms are now shipping orders for good prices. The close of the war naturally did away with the big part of the ship-lane business and there is not much call for poles, but it is thought that construction work by the telephone and telegraph companies will soon revive that end of the industry.

While during the war the mills were all engaged in manufacture of airplane spruce or ship timbers, the change back to furnishing orders for general trade was not difficult. The war work only made it necessary to log a different class of timber without any special preparation.

North Bend mills have had two foreign orders since the war closed, with others in prospect.

War Department Meat Stock Will Be Sold in U. S.

Washington, May 30.—(I. N. S.)—The war department's surplus stocks of meat—totaling more than 100,000,000 pounds—will be offered for sale in America.

The director of sales of the department Thursday announced that invitations were being sent to some 1200 of the largest hospitals and charitable and penal institutions to submit bids for any portion of this surplus, which is being held in 10 warehouses distributed throughout the country.

The surplus holdings of the department total 142,000,000 pounds, of which 47,000,000 pounds are bacon, in crates and 12 pound cans; 37,500,000 roast beef in cans ranging from 12 ounces to 6 pounds; 37,400,000 corned beef in cans, from 12 ounces to 6 pounds, and 20,800,000 corned beef hash in 1 and 2 pound containers.

Spokane Ice Dealers Combine Deliveries

Spokane, May 28.—Following the Portland plan, Spokane ice dealers have formed a special delivery company with a view to reducing expenses and thereby avoiding having to raise prices to consumers. Each concern will continue to handle its own business, as formerly, using the coupon book system, but all deliveries will be made by the newly formed ice delivery company.

Auto Mishap on High Road Is Disastrous

Kansas City, Kan., May 30.—Five persons were hurt, one perhaps fatally, when an automobile driven by Mrs. Elma Ross, in attempting to pass another car on a cliff road, plunged over the embankment and fell 35 feet, pinning the occupants beneath it. The fire department had to be called to extricate the victims.

Seattle Council Avoids Six-Cent Fare Suggestion

Seattle, May 30.—(U. P.)—First move for a six cent fare on municipal cars was made Thursday when Councilman R. E. Thomson presented a motion before the public utilities committee of the city council to prepare an ordinance to provide for an additional charge of one cent for all fares and a two cent additional charge for transfers, over the present five cent rate.

SMITH IS ELECTED TITLE & TRUST CO. HEAD BY DIRECTORS

Succeeds John F. Daly in Office of President and Becomes Heavy Stockholder.

Through negotiations closed Thursday Robert E. Smith becomes a heavy stockholder in the Title & Trust company of Portland, and at a meeting of the board of directors held in the afternoon, Mr. Smith was elected president of the company, taking the place of John F. Daly, who recently resigned to become president of the Hibernia Savings bank.

The Title & Trust company was organized in 1908 by the consolidation of the Title Guaranty & Trust company and the Security Abstract & Trust company. The title books of the company have been in continuous use for the past 40 years and the title plant is probably the most complete in the United States, according to Mr. Smith.

At the time of its organization in 1908 the Title & Trust company was exclusively an abstract and title plant. Since that time several new departments have been added, among them a trust department, escrow department, mortgage and loan department and title insurance department. The concern is capitalized at \$500,000 fully paid, and owns the building at 91 Fourth street.

Present officers of the company are: Robert E. Smith, president; Walter M. Daly, vice president; Walter Mackay, vice president; Chester A. Fuller, secretary; William Irvine Daly, treasurer; L. J. Hornaday, assistant secretary; Counsel, Earl C. Bronaugh, Warren E. Thomas and William O. McCarthy.

New York, May 30.—The Salvation Army has reached and passed the \$13,000,000 goal in its home service drive, according to reports received at headquarters at the closing Thursday. Though New York is more than \$200,000 behind her quota.

\$10,000 Fire Takes Aberdeen Building

Aberdeen, May 30.—Fire this morning which destroyed the two-story frame building of the Croatian Workmen's association in South Aberdeen also damaged a large stock of groceries and sundries. Manager George Karomatch and his family, who lived over the store, and several roomers in the building lost all of their personal effects, cash and securities. The loss is estimated at \$10,000, with insurance of \$4500.

Run of Salmon Is Far Below Normal

Marshfield, May 30.—The run of salmon in the lower Rogue river has not been as good this month as usual. It is expected that there will be an average run of fish before the season is over, but so far it has been very light. The Wedderburn Trading company, which operates a cannery on the river, has the two company boats, the Tramp and the Rustler, in operation to take out the canned salmon.

Record Wool Price Paid at San Angelo

San Angelo, Texas, May 30.—Short clip wool sold for 47 cents and 12 month clip at 54 cents here today, the highest price ever paid in the history of the San Angelo market. More than 175,000 pounds were sold this month. The season's concentration here will exceed 3,000,000 pounds, growers said.

A Home Made Face Cream

A face or toilet cream to alter roughness of the skin, prevent and cure chapped hands, and cracked lips, can be easily made at home, at little cost. It will improve the complexion, remove as well as prevent tan and sunburn in summer, and soften the skin. Men will find it excellent to apply to the face after shaving.

POWDER IN SHOES AS WELL AS GUNS

Foot-Ease to be Added to Equipment of Hospital Corps. Under the above heading the Detroit Free Press, among other things says: "The theory is that soldiers whose feet are in good condition can walk further and faster than soldiers who have corns and bunions in their shoes."

The Plattburg Camp Manual advises men in training to shake Foot-Ease in their shoes each morning. "There is no foot comforter equal to Allen's Foot-Ease, the antiseptic, healing powder to be shaken into the shoes and sprinkled in the foot-bath, for hot, tired, aching perspiring, smarting, swollen, tender feet, corns, bunions, blisters or callouses. What wouldn't you give to be relieved of one day's pain of your corns and bunions? Here is relief for every day. You won't realize this until you have tried Allen's Foot-Ease yourself. You simply forget all about your feet they are made so comfortable. Ask your druggist to-day for a package of ALLEN'S FOOT-EASE."
