PLAN TO DEFEAT LEAGUE IN SENATE DOOMED TO FAIL

Survey Shows Five Republicans Will Be Opposed to Any Plan Endangering the League.

SEN. McNARY STANDS FIRM

Junior Oregon Senator Says He Will Give His Support to the League of Nations in Senate.

By L. C. Martin

Washington, May 31.—(U. P.)—League of Nations supporters were convinced tonight, it was announced, that enough senate Republican votes are assured to prevent either vital amendment of the league covenant or separation of the league from the peace treaty. This calculation, based on a careful survey of the senate situation, carries the assumption that all but one or two Democrats will vote against all attempts to amend, as well as against separation.

The week-end survey showed five Republican senators strongly unfavorable to any course endangering the successful ratification of a league covenant. Four of the five made it plain that if separation or amendment appears to them to endanger the league, they will oppose such action. Though none of the five accepts the amended covenant as perfect, they said "a league" must be brought into being and all indicated willingness to accept an admittedly imperfect covenant rather than run the risk of killing the whole world peace project.

The five senators are: McNary of Oregon, Norris of Nebraska, Capper of Kansas, McCumber of North Dakota, and Spencer of Missouri.

McNary said he plans "to support the league rather loyally. "I shall vote against separation of the covenant and treaty and against amendments."

D. O. K. K. Visit Made To Hood River Was Pronounced Success

The visit of Abd-Uhl-Atef temple, Dramatic Order Knights of Khorassan, to Hood River Friday was a pronounced success in every way. The participation of more than 300 citizens of Portland in the Decoration day program of Hood River was appreciated by the citizens. The D. O. K. K. is a degree of the Knights of Pythias and the visitors were welcomed and entertained by the local lodge of the K. of P. and the Pythian Sisters. Leslie E. Crouch, past grand chancellor, and Gus Mosier, past grand chancellor, delivered orations at the public park to the citizens' assembly in the afternoon. A sumptuous dinner was served at 7:30 by the Pythian Sisters. A class of 94 tyros was assembled; some members of Hood River, others of The Dalles K. of P. lodges, and a few from Portland. The ceremonial of the temple began about midnight under the direction of Martin C. Larsen, royal vizier; W. H. J. Clark, master of ceremonies; Captain H. A. Groocock, with a company of 40 brigands and an imposing array of rainbow-clad officials and dignitaries.

Europe Is on Verge Of Starvation, Says Packer of Chicago

New York, May 31.—Europe is on the verge of starvation, according to Thomas E. Wilson, the Chicago packer, who arrived here today after a six weeks' survey of the European food situation.

"France, Germany and Italy are in the worst state," Mr. Wilson said. "There is no doubt that Germany is practically starving. In an area of 1500 square miles I found only 700 horses, 2200 cattle and 1500 hogs, or one half horse and one head of cattle and one hog to the square mile.

"The markets of the world are now open to the United States. In Great Britain we have a rival in a strong position, who will take advantage of every opening. We must be prepared to meet her competition in every foreign market."

Mediation May Be Named for L. A. Strike Situation

Los Angeles, May 31.—(U. P.)—Possibility of federal mediation in the strike of 6000 employes of the Los Angeles Shipbuilding & Drydock company was being discussed here today.

Rumors were circulated that Captain J. T. Connell already had been appointed in the matter but he declared no request for his services had been made. Captain Connell is federal labor mediator under the department of labor for this district.

In the meantime the strike situation is unchanged. The yards are still closed and neither side has given any indications of weakening.

Harley Discredited, Wire Says

Washington, May 31.—B. F. Stone, president of the Port of Astoria, wires Senator McNary asking him to inform the house committee on immigration that F. C. Harley, who has arrived to oppose the anti-immigration bills, is no longer mayor of Astoria and is thoroughly discredited in Astoria and vicinity.

PORTLAND BOY TO BE IN CHARGE OF PLANES

Ensign John W. McMurray

Ensign John W. McMurray, son of William McMurray, general passenger agent of the O-W. R. & N., will be one of the officers in charge of the United States navy seaplanes coming to Portland to exhibit during the Rose Festival and it is expected he will make several flights during his stay here. Ensign McMurray will arrive in Portland Monday to arrange for an operating base for the seaplanes.

The aviator has been recommended by the navy department for promotion to lieutenant and he expects to get his commission soon. He is a graduate of the Massachusetts Institute of Technology and a member of the Aero club of America. Before entering the naval service he held the coast swimming championship. For the past several months he has been aide to the executive officer of the United States naval aero station at North island, San Diego, Cal.

Ensign McMurray is 25 years old and has a twin brother, Lieutenant W. Robert McMurray, now personnel adjutant of the 156th United States cavalry, on duty in France. Robert expects to be returned to America soon.

Gompers Asks Those Who Shot Union Men Be Brought to Bar

Washington, May 31.—Samuel Gompers, president of the American Federation of Labor, today by telegraph called upon the governor of Georgia to bring to justice the men responsible for shooting down members of the Textile Workers of America union in Columbus last week. His telegram is as follows:

"Hon. Hugh M. Dorsey, Governor of Georgia, Atlanta, Ga.—In behalf of the American Federation of Labor, I urge that you take immediate steps to have a thorough investigation made of the shooting of members of the Textile Workers of America at Columbus and that those that are responsible be brought to the bar of justice. (Signed) Samuel Gompers."

Count Says No Hun Will Sign Life of Fatherland to Doom

London, May 31.—"No German can be found who will attach his name to a document which would be the death sentence of the fatherland," Count von Bernstorff is quoted as saying today in Berlin.

This quotation was contained in a news agency dispatch in which the former German ambassador to the United States denied as ridiculous the report that he was slated to succeed Count von Brockdorff-Rantzau as head of the German delegation at Versailles.

DANCING

Guaranteed in 8 Lessons

Ladies $2.50, Gentlemen $5

AT DE HONEY'S BEAUTIFUL ACADEMY

TWENTY-THIRD AND WASHINGTON

New summer classes for beginners start Monday and Thursday evenings. Advance classes Tuesday and Friday evenings. All dances guaranteed in eight lessons—ladies, $2.50; gentlemen, $5.00—to all joining these new classes this week. You will not become embarrassed and are sure to learn. Take advantage of this cut rate. Secure tickets this week. Take one or four lessons a week. Tickets are good until used.

SUPERIOR TO OTHER SCHOOLS

Because we cater to teaching dancing (giving no public dances), and teach each class lesson the entire evening, 8 to 11:30.

Because our classes are large and select, and you have plenty of desirable partners to practice with, and our system gives you a partner for each dance.

Because we have a separate hall and extra teachers, where backward pupils receive personal attention, teaching all up-to-date dances and fancy steps.

Because we are the only teachers capable of appearing before the public in stage and exhibition dancing, and who publish books on dancing. There is no doubt one lesson from us is worth six in the average school, and the social feature alone is worth double the price. If you have failed to learn from inferior teachers, remember, we can teach you to dance, and you will enjoy yourself while learning. Private lessons all hours. My latest book, describing all dances, etiquet, etc., free to all securing tickets this week. Call afternoon or evening. Clip this out, tell your friends. Phone 7656.

THE AFTER-SMART OF SHAVING IS ALLAYED BY SANTISEPTIC

MANY men who would like to shave themselves dread the after-smart caused by using the razor daily on a tender skin. To all such we recommend Santiseptic Lotion; it not only allays the smarting and soreness, but it acts as well as a disinfectant to protect the face. The sense of security from infection that you enjoy from the use of Santiseptic is especially reassuring. Santiseptic, too, is delightfully cooling and refreshing; it leaves the skin with that soft, velvety finish which bespeaks the healthy, well-groomed man. There is no shave "too close" when Santiseptic is used. The odor of Santiseptic is wholesome and cleanly. Unlike many preparations, it is not sticky. To use it in your daily shave is to enjoy a real luxury. Santiseptic is easily procured at most drug and department stores. If you cannot secure it, send 50 cents, with dealer's name, to the Esbencott Laboratories, Portland, Or., for a full-size bottle, postpaid.—Adv.

$24,000 OBTAINED TOWARD FUNDS FOR JEANNE D'ARC HALL

Solicitors in Wells-Fargo Building Obtain $557; Drive to Continue This Week.

Incomplete returns on the $100,000 drive for the Jeanne d'Arc residence hall for employed girls, now total $24,000. Subscriptions of $100 and over made Saturday include: Drake C. O'Reilly, $1000; The Oregonian, $200; Dr. T. M. Joyce, $150; Glass & Prudhomme, $150; G. D. Dunning, $100; Portland Woolen Warehouse company, $100.

The people employed in the Wells-Fargo building contributed a total of $557, this entire solicitation having been made by Miss Margaret Casey and Miss Marjorie McKinnon. In a previous report an error was made in connection with James F. Clarkson's contribution. Mr. Clarkson was among the first to send his check for $100. Returns from the state are beginning to come in, $90 having been received Saturday from Silverton.

The drive headquarters have been moved to the rooms of the Catholic Women's league, at 129 Fourth street, and the drive will continue this week, a special effort being made to see prospects who have already been seen once and who asked that the solicitors call again. It is hoped by the committee in charge that the $40,000 necessary to have in sight before possession of the new residence hall can be taken, will be gotten by Thursday, as it seems very desirable that the new home be open for the accommodation of transient women and girls who come to the city for the Rose Festival. The latest gift for the benefit of the fund is a beautiful inlaid table, the gift of J. E. Courtney, who supplemented it with a check for $50. The table is composed of many different kinds of beautifully colored woods, there being a total of 2560 pieces. The drive committee also has a pony and saddle and a gold watch which have been contributed. All of these things will be disposed of, to the best advantage and the money turned over to the drive.

Not to be outdone by the men, several of whom set out to raise $1000 each, Mrs. F. P. Harter and Mrs. Daniel Mather decided to raise $1000; already their collections total $1400 and they are hopeful of making it $2000.

Occupied Territory Causes Calling of a Council by Turks

Paris, May 31.—It is understood the Turks have called a great council in Constantinople to consider what action to take with regard to the occupation of Turkish territory along the Aegean by Greeks and Italians.

It has been announced that this occupation was undertaken by direction of the allies for the purpose of maintaining order and protecting the line of the Bagdad railway, which was menaced by various roving bands of marauders.

Council Crest Will Put in Tea Garden

One of the chief attractions of Council Crest during the coming summer will be the Japanese tea garden now under construction. The enclosure will be 100 by 150 feet in dimensions and all structural material will be imported from Japan.

The tea garden will be a replica of the one which attracted attention of visitors to the Panama exposition at San Francisco in 1915. Cost of the buildings and equipment is estimated at more than $20,000. M. Ishi, head of the Japanese Tea Dealers' association of America, is promoter of the enterprise. The garden will be open to the public in about 30 days.

The Brilliancy of the Diamond

The most fascinating quality of the diamond is its brilliancy.

Brilliancy depends largely upon the native power of the stone to refract, reflect and disperse light; this native power depends upon the quality and the perfection of the stone itself, upon its color and its perfection in cutting.

Diamond lovers who seek gems of rarest brilliancy and beauty may rely upon Friedlander diamonds.

Our showing of diamonds is an important one; our prices are uniformly fair.
