TEXT BOOKS ADOPTED BY STATE BOARD TO BE MORE EXPENSIVE

Publishers Will, However, Make Some Allowance for Books Now in Use.

Cost of text books just adopted by the state text book commission will show an average increase of about 10 per cent over the former adoption of six years ago, according to Harrison G. Platt, chairman of the commission. By an arrangement with the publishers, however, pupils will be enabled to exchange their old books for the new

ones on a certain allowance. "One of the notable features in connection with the educational situation," says Mr. Platt, "is that boys from the farms are not displaying the interest in agricultural subjects that might be expected, despite the fact that every facility in the way of competent in- HIGH SCHOOL struction is offered."

give a thorough course in civics and American history and the text books have been adopted to meet this end. The readers dwell largely on subjects of literary merit and stories reflecting the spirit of patriotism and good citizen-A new text book in Spanish has been

added to the language course this year for the first time. The books adopted apply only to grammar and high schools of the state out-

side of the city of Portland. MANY SUBJECTS OPTIONAL

Twelve subjects are included in the grammar grades and a more comprenensive list in the high school grades. Many of the subjects are made optional. Members of the text book commission are: Harrison G. Platt, chairman; Mrs. A. E. Ivanhoe, La Grande; Miss Margaret Cosper, Salem; A. C. Schmidt, Albany and F. A. Tiedgen, Marshfield. F. A. Cook of Portland was elected secretary. The board made its adoption sat Salem Monday after a 12 hour session. The new books will be required for next fall's term. List of books adopted follows.
