

ARREST OF TWO FOR FAILURE TO REPORT SMALLPOX IS ASKED

Warrants are issued on Information Supplied by City Health Officer Parrish.

Warrants for the arrest of John Doe Baldwin of 51 1/2 Union avenue and for Theron Allen of 1140 East Nineteenth street north were sworn to this morning by Dr. Parrish, city health officer.

Baldwin is charged with failure to report a case of smallpox, and Allen with breaking quarantine.

Allen was quarantined from his home, Dr. Parrish declares, and went to the house in spite of the city's isolation.

Ten new cases of smallpox were reported to the city health bureau this morning, making a total of 85 within the city. No deaths have resulted to date.

No action has been taken by the city council on the recommendation of Dr. Parrish that new quarters be established for smallpox sufferers.

Little regret is expressed over failure of passage of other measures on the city ballot.

Several employes in the public works department resigned yesterday on learning the result of the election and city commissioners are fearful lest further vacancies occur.

Those who resigned yesterday pointed out that they can obtain much better wages from private corporations.

Little regret is expressed over failure of passage of other measures on the city ballot.

Extra Pay Will Be Collected for Additional Work.

Time and a half for overtime will be collected by Portland police officers in the future as a result of the passage of an ordinance to that effect by the city council yesterday.

Only time spent in court and on official inspections will be excepted.

In the past policemen have drilled and performed other similar duties on their own time without added remuneration.

Attempt will now be made to cut over-time for officers to the minimum.

Barbur Sits Alone

Commissioner Barbur was not only acting mayor, but the entire city commission this morning.

At least, he was the only commissioner to be found at the city hall.

Mayor Baker is in the East attending the shrine convention.

Commissioner Bigelow is absent from the city. Commissioner Mann was at the home of his mother in the East.

Commissioner Perkins is ill at his home.

WELCH WOULD LIKE TO SPREAD THE GOOD NEWS

Portland Man Got Rid of Old Trouble and Gained Fifteen Pounds on Tanlac.

"I have not only gotten complete relief from my suffering, but I have actually gained fifteen pounds in weight since I commenced taking Tanlac," said A. A. Welch, a well known employe of the Columbia River Ship-building Co., and who lives at 427 11th street, Portland, while in the Owl Drug Co.'s store a few days ago.

"For more than two years," he continued, "I have suffered from indigestion and stomach trouble, but since getting up from an attack of the flu last January, this condition has been very much worse. Up to the time I began taking Tanlac, my appetite was very poor and my stomach was in sore and terrible condition that what little I did eat would cause me to suffer like everything afterwards. I would have cramping pains in the pit of my stomach that would almost draw me double. Then at other times I would be all bloated up with gas, and would have sharp, shooting pains all through my body. My kidneys were out of order, too, and I just had a dull, heavy pain in the small of my back from morning till night, and I would sleep very little, for I would have to get up six or eight times during the night. My back would be so sore and stiff every morning that I was hardly able to get out of bed and dress myself, and I finally got so weak and run down that I was hardly able to get about."

"I had read so much about Tanlac and had heard so many people talk about the good it had done them, that I decided to give it a trial myself. Well, at the time I had in my second bottle of Tanlac I was picking up right along. My appetite came back, and from that day to this it just looks like I can't get enough to eat. I eat just anything that is put before me, and I never have the least bit of trouble afterwards. My stomach trouble is a thing of the past, and I haven't had one of those cramping spells since I finished my second bottle of Tanlac. My kidneys seem to be all right now, and I am never bothered with pains in my back, and I sleep the whole night through without a wink. I have gained so much in weight and strength that I can put in as much hard work as I ever could, and this is why I want to spread the good news from one end of the country to the other, and I hope my experience will cause others who suffer as I did to take Tanlac and get rid of their troubles."

Tanlac is sold in Portland by The Owl Drug Co.—Adv.

Erickson Tavern Property Bought For Summer Home

Oregon City, June 5.—The old August Erickson tavern on the Clackamas river, four miles above Oregon City, has been purchased from Mrs. Erickson by George Bannan, a local business man. The consideration is said to have been \$4500, although the buildings alone cost several times that amount.

Migratory Bird Law Held Constitutional

Washington, June 5.—The constitutionality of the federal migratory bird act, approved July 3, 1913, was upheld in an opinion rendered Wednesday by Federal Judge Jacob Triebel of the eastern district of Arkansas, in the case of United States against E. D. Thompson of Memphis, Tenn., charged with killing and possessing one robin in violation of the act, the department of agriculture was advised this afternoon.

EXPORT LUMBER WILL TAKE \$2 RISE JUNE 30; FOREIGN DEMAND BIG

With Adjustment of Rates to Tidewater, Interior Mills Expect to Reap Harvest.

Possibility for still further rises in the price of lumber in domestic markets are seen by dealers in the announcement made Wednesday of an advance of \$2 per thousand in the price of lumber for export. The present basic export price is \$26 per thousand and this price remains in effect until June 30, after which it will advance to \$28.

The Grays Harbor Lumber company at Hoquiam is a new member of the Douglas Fir Exploitation & Export company, according to announcement made today by W. J. Kuhl, local manager of the export concern.

RATE EQUALIZATION SOUGHT Interior mills are asking for equalization of freight rates on a parity with

side-water mills and with satisfactory adjustments of the rates the Douglas Fir Exploitation & Export company will be able to practically double the volume of its business, according to Mr. Kuhl. The demand for lumber by the export trade is greater than can be supplied by the mills engaged in this trade and the interior mills are offered an opportunity to share in a most lucrative business if satisfactory freight rates can be secured.

The Douglas Fir Exploitation & Export company has orders for ties for English roads aggregating 36,500,000 feet for delivery before the first of August and orders for ties to be delivered after that date to the British roads will bring the total to more than 50,000,000 feet, Mr. Kuhl declared. These ties are 5 by 10 by 8 feet 6 inches in dimensions, except for a portion of recent orders which call for 9 feet ties.

OPPORTUNITY IN ANTIPODES The demands of the English roads aggregate 5,000,000 ties annually, according to Mr. Kuhl, and with European sources of supply out of the market the roads are dependent upon mills of the United States and Canada. Preference will be given to Canadian mills in all orders for lumber from England, but the mills of that country are not prepared to meet the demand for immediate deliveries.

A representative of the Douglas Fir Exploitation & Export company now in Australia writes glowingly of the opportunities for the introduction of Oregon lumber products into that territory.

PROGRAM OF TALKS AND BALL ARRANGED FOR CONFECTIONERS

Subject of Interest to Trade Billed to Be Discussed From Varied Viewpoints.

For the convention of the Oregon Confectioners' association to be held in Portland Tuesday of next week, an elaborate program has been prepared, to consist of talks on subjects of interest to confectioners, a business session and a ball and social entertainment as a windup. Sessions will be held in the Chamber of Commerce rooms, registration beginning Monday afternoon from 5 to 8 p. m. Acting Mayor Bigelow will give the address of welcome, to which J. H. Joyce of the Hazelwood will respond. C. E. Ernest will preside and give the annual address. Among the addresses will be one by J. E. Dunne, manager of the Hazelwood Ice Cream company, on "An Outsider Looking In"; A. J. Bale on "The Wholesaler's Viewpoint"; F. N. Martin of Spokane on "Future of the Soda Fountain Industry"; William A. Otis of San Francisco on "Value of Or-

ganization"; Arthur Deuts, sales manager of Vogan's, on "Value of Retail Confectioners' Advertising"; Miss Martha Townsend of Seattle on "Retailing As I See It"; George W. Gray of Pendleton on "Outlook for the Retailer"; and Milton A. Miller, collector of internal revenue.

Luncheon will be served at Vogan's and the evening's entertainment will take place at Christensen's hall.

Big Timber Area in Washington County May Be Developed

Early development of the Du Bois timber tract, consisting of approximately 25,000 acres in Washington county, is anticipated as a result of the increasing demand for lumber products. This tract is owned by the D. C. Eccles interests and its development is contingent upon transportation facilities offered by the United Railways.

Reports that Mr. Eccles, through the Oregon Timber company, of which he is president, had purchased the United Railways are denied at the offices of the company. Mr. Eccles admits that negotiations looking to the purchase of the railroad property are under way and that the purpose of the purchase is the development of the Du Bois timber tract.

The United Railways company is subsidiary to the Spokane, Portland & Seattle railway. Several miles of additional trackage would be necessary to make it of service to the Washington county timber tract.

Big Fourth Planned Bend, June 6.—Bend will have a Victory Fourth, of July, according to a decision reached today by the Bend Commercial club. Committees will be put to work immediately on making the affair the biggest of its kind ever held in Central Oregon.

CITY EMPLOYEES RESIGNING

Defeat of Two Mill Tax Measure Means Hard Times at City Hall.

Serious effects from the defeat of the two mill tax measure at Tuesday's election were prophesied at the city hall today. It had been previously announced that probably no salary raises would be allowed by the council in event of defeat of the measure, and that some cuts might be necessary to get the city through the fiscal year on its present means.

Several employes in the public works department resigned yesterday on learning the result of the election and city commissioners are fearful lest further vacancies occur.

Those who resigned yesterday pointed out that they can obtain much better wages from private corporations.

Little regret is expressed over failure of passage of other measures on the city ballot.

Police Get Overtime

Extra Pay Will Be Collected for Additional Work.

Time and a half for overtime will be collected by Portland police officers in the future as a result of the passage of an ordinance to that effect by the city council yesterday.

Only time spent in court and on official inspections will be excepted.

In the past policemen have drilled and performed other similar duties on their own time without added remuneration.

Attempt will now be made to cut over-time for officers to the minimum.
