TODAY'S FORECASTS Portland and vicinity—Tonight and Friday fair; westerly winds.

Oregon and Washington—Tonight and Friday fair; moderate westerly winds.

WEATHER CONDITIONS

Low pressure prevails over the Southwest, in parts of the Rocky Mountain region and in the upper Mississippi valley. Over the remainder of the country the pressure is moderately high. The weather has remained fair except in South Dakota, Nebrasks, Iowa and illinois and along the coast of Alaska and British Columbia. The temperature changes have mostly been slight. The temperature is above normal at a few stations on the Pacific slope and over most of the country east of the Mississippi river and below normal in other sections. The excess in temperature is greatest in the lower lake region and New England, and the deficiency is most pronounced in Oklahoma and western Texas.

OF TRAVELERS AND HOMEFOLK

Harvest Days Recalled C. C. Coles, veteran threshing ma-chine salesman, who registers from his time traveling over Oregon's wheat belt, had a reminiscent spell yesterday. at S p. m., and has been assigned a The first threshing outfit was brought motor truck for the carol singing tour to Baker county by Lance & Creighon Sunday morning. Their unit will be baum early in the fall of 1876, he said. led by Prof. James Irving Crabbe. The It was a horse power machine and by carolers will start from the Royal build- working the crew 16 hours was able to working the crew 16 hours was able to turn out as much as 1600 bushels per day. This machine did the work for 1885 that Herring & Savage took the first steam outfit into the county. This machine was a wonder. People traveled 30 miles to see this outfit work, and many advanced the argument that a steam power machine was altogether too fast and rough to do the work properly and that it would soon be relegated to the scrap heap. "Their argument may have been good, but there are now 25 or more steam outfits working in Baker county," says Mr. Coles. "I sometimes wish that the old system of harvesting could be reestablished. In the old days of horse power machines there was no such thing as a traveling cook wagon. The harvesters were boarded by the farmers' wives and it was Sunday dinner every day of the week. Nothing but chicken and home made pie and prese ves went. There was great rivalry nomah. among the neighbor women as to who

Garrison on Trial; Curious Fill Court

Okanogan, Wash., June 5 .- (U. P.)-The trial of Douglas Storrs, who is charged with unlawful relations with Ruth Garrison, the 18-year-old girl who poisoned Mrs. Storrs in Seattle March 18, began in the superior court here this morning.

The little town was filled with curious spectators, who have congregated from miles around to get a glimpse of the girl who staged a death feast and the man for love of whom she took the life of Mrs. Storrs.

Ruth Garrison was brought here Wednesday from Walla Walla prison insane ward. She has been summoned to testify for both defense and state.

Billingsley Out but In Again

Seattle, June 5.-(U. P.)-Logan Billingsley, ex-bootlegger king of the Pacific coast, released Wednesday from federal prison at McNeil's island, was brought to Seattle Wednesday night and placed in the county jail by Sheriff Stringer to serve a three months sentence for violation of state liquor laws when he was proprietor of the Day and Night drug store here two years ago.

60 MINUTES **Progressive** Nearsightedness

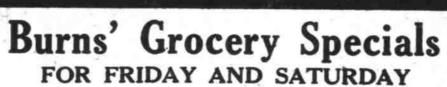

"Eyes are apt to become nearsighted in the early years at school, and excessive reading will cause this nearsightedness to increase rapidly up to perhaps the student's eighteenth year. He is then, because of his poor sight, barred from those occu-pations in which it is not permissible to wear glasses, and his weakened eyes are predisposed to various diseases injurious to vision.

"When nearsightedness is discovered. early and eyeglasses are given that make distant vision normal, and needless near work' is forbidden, the nearsightedness may be held in check and any considerable increase prevented. But the existence of nearsightedness is not often discovered early, for the child does not know that his DISTANT vision is failing, and his parents and teachers often fail to find it out."
