ROAD MEASURES SUPPORTED One outstanding feature of the voting

is the practical uniformity with which the voters stood behind all those meation of roads and highways. The runaway flight of the Roosevelt highway bill to victory is probably the most surprising ircident of the voting. The practical uniformity with which it was supported in Eastern Oregon, while at the of the anomalies of the election.

of the state, provided the federal government adds a like sum to complete the work and agrees to take over control and maintenance of the road. MARKET BILL IS BURAL

The market road tax bill, second in the favor of the voters, was essentially a rural road measure. It provides that direct tax of 1 mill shall be levied throughout the state for the construction of market roads. The various counties which may take advantage of the provisions of the law will be entitled to at least the amount of money they produce under the tax, provided they add to it an equal amount raised by direct county levy for road construction purposes. It is estimated that the bill will yield an annual revenue of approximately \$1,000,000 on the basis of the
