

MAYOR HANSON WILL SPEAK AT OPENING OF AD CLUB CONVENTION

Part of Auditorium Will Be Open to Public for Address Sunday Afternoon.

Mayor Ole Hanson of Seattle will deliver his address on "Americanism" at the Auditorium next Sunday afternoon at 3 o'clock.

Mayor Hanson's speech will be the opening event of the sixteenth annual convention of the Pacific Coast Advertising Men's association, June 8, 10 and 11. Because of the many requests that the public be admitted to the convention session to hear Mayor Hanson, the local convention committee has decided to throw open the balcony and upper galleries of the Auditorium, with a cordial invitation for everyone to be on hand promptly at 3 o'clock Sunday afternoon.

Besides the address of Mr. Hanson there will be a musical program, including several organ selections. Professor F. W. Kellogg, publisher of the Los Angeles Express, and vice president of the Associated Advertising Clubs of the world, will also speak.

The greater portion of the main auditorium floor will be reserved for the visiting delegations which will arrive Sunday morning.

Coming in Special Cars

San Francisco, June 5.—(U. P.)—San Francisco's delegation to the Portland convention of the Pacific Coast Advertising association will leave tomorrow in special cars. More than 40 will journey by train and many others are making the trip by automobile. All other bay district cities are sending delegations. Stockton is sending a large representation and will fight for the 1920 convention.

Elks Chapter to Be Instituted in Bend This Month

Bend, June 5.—With the view of instituting a Bend chapter of the Benevolent and Protective Order of Elks, Dr. H. L. Toney, deputy grand exalted ruler, will arrive in Bend during the latter part of this month, according to W. C. Cooper of Bend, who has been actively engaged in bringing a B. P. O. E. chapter to Central Oregon. The principal obstacle which has stood in the way of Bend's having a chapter was the belief that Bend did not have the required 5000 population. A recent city census conducted under the direction of Mayor J. A. Estes showed that Bend's population exceeds 5000 people. It is understood that other towns in Oregon having chapters of Elks are favorable to the institution of a lodge here.

SURVEYS OF DESCHUTES ROADS WILL BE COMPLETED SATURDAY

Bend, June 5.—All road surveys in Deschutes county, which have been un-

der the direction of County Engineer R. B. Gould for the last month, will be completed by Saturday and estimates called for by the state highway commission will be available. Some time ago a delegation of Central Oregon citizens conferred with the state highway commission asking for funds with which to improve the main roads in this section. The delegation was informed that it would first be necessary to have before the highway commission estimates on the cost. Surveys have been made of several of the more important county roads for this purpose.

Shipbuilders of Portland Leave Capital for Home

Washington, June 5.—(WASHINGTON BUREAU OF THE JOURNAL.)—J. R. Bowles and Alfred F. Smith, Portland shipbuilders, left for Portland Wednesday night, believing they could accomplish nothing by staying here. Guy M. Standifer was reported in Philadelphia Wednesday, but expected to return today to continue discussion with the shipping board as to possible reinstatement of contracts.

The deadlock on the question of cost seems unbroken; the shipping board asking a readjustment to the basis of \$150 per ton. The Pacific Coast builders assert that this cannot be done without a reduction of wages and they refuse to go below \$135 per ton.

Missionary to India Returned on Leave Talks to Adventists

The Wednesday afternoon address at the Seventh-Day Adventist camp meeting in Creston Park was delivered by Elder W. G. Pettit, superintendent of the Bombay presidency mission in India, who is now in America on a leave of absence.

In Elder Pettit's report on the missions in India, he said the church was carrying on its work in 14 different languages with 12 schools and several medical missions and dispensaries, which treat as many as 20,000 patients a year.

Professor W. W. Prescott of Washington, D. C., in the evening sermon, spoke of "God's plan for the gospel to hasten the redemption of the world."

15 Students in Columbia Academic Grades Graduated

Fifteen students received diplomas Wednesday afternoon at the annual graduating exercises of the academic department of Columbia university. Archbishop Christie, who presided over the presentation of diplomas and awarding of prizes, spoke a few words on the mission of Columbia university in the Northwest.

The graduates are: Francis J. Kern, Peter A. Sweeney, Philip J. Zeller, Leon Francis Aistock, Francis J. Glass, Bertrand L. Jacobberger, John F. Kilkenny, Joseph R. McClusker, George W. McKel, J. Frederick Walter, William E. Driscoll, John C. Fearst, Joseph J. Loftus, Robert E. Morgan and Edward R. Murphy.

Medals were awarded the following students: The Christie gold medal to Clifford Arthur Burke, for best record in the high school department; the Daly gold medal to Francis John Glass, for the best English essay; the oratorical medal to Jerome Buckley; the senior election medal to Edward R. Murphy; the junior election medal to Joseph V. Quirk.

The graduating address was delivered by Father Edwin O'Hara.

Governor Lister Slightly Better

Seattle, June 5.—(U. P.)—Governor Lister has slightly improved today, ac-

ording to announcement of his physician, Dr. Edward P. Fick. The governor began to improve late Wednesday, after his condition earlier in the day had been reported "very bad," according to the doctor.

Promise of Fat Legacy Alleged Part of Bunco

Promises of a share in a \$10,000 legacy are said to have won for Mrs. A. W. Sererndahl all the comforts the income of Miss Ethel Ramsdell, a trained nurse, could provide, according to statements made by Miss Ramsdell in support of her request for a warrant for the arrest of Mrs. Sererndahl Wednesday.

Miss Ramsdell declared in police court that she had fed, clothed and harbored Mrs. Sererndahl for three months and had moved to quarters at the Imperial hotel when Mrs. Sererndahl told her the legacy had been received. There Miss Ramsdell awakened on Wednesday morning, she said, to find Mrs. Sererndahl missing. A valuable ring and a coat were also gone.

The women became acquainted several months ago and Mrs. Sererndahl was invited to share Miss Ramsdell's home at 374 East Couch street, the latter declared. The expected legacy arrived Tuesday, Mrs. Sererndahl told her benefactress, and on the same afternoon the guest "went out to see her attorney and collect her money." She took with her the possessions of Miss Ramsdell and has not been heard from since. Miss Ramsdell moved back to her disturbed home later on Wednesday, she told the police.

Police Asked to Find A. W. Hutton And Girl Cousin

Relatives have asked the police to find A. W. Hutton and his 17-year-old cousin, Anna Hutton, who are alleged to have disappeared from their home in the Fordham apartments, 170 Vista avenue, Tuesday morning. Hutton, described as being married but separated from his wife, and his young cousin left the home of a relative, J. C. Hutton, carried their suitcases with them and, the police were told, disappeared.

Hutton is 21 years of age, 5 feet 11 inches in height, and weighs 137 pounds. He is of dark complexion, with black hair and brown eyes, and on leaving home was dressed in a dark suit, black hat and black shoes. The girl, when last seen, was wearing a white tailored suit, white fur, and black straw hat.

Tough Luck Just Rained Down Upon Bootlegger's Head

Many times arrested for liquor and traffic violations, Mason Bagovitch, said to be a purveyor of colored water under the name of whiskey, was sentenced by Municipal Judge Rossman on Wednesday to spend two months in the city jail and pay a fine of \$300 for driving an automobile while intoxicated.

No sooner had Bagovitch blinked his

surprised at the sentence than he found himself convicted on a state prohibition charge, with a \$500 fine and a four months' jail sentence attached. Unable to furnish \$3500 bond in the state case he went to jail.

Bagovitch was arrested recently for speeding his automobile past a standing streetcar while intoxicated, seriously injuring an alighting passenger. A sentence of four months in jail was suspended. Later the same man fleeced the Japanese proprietor of the Doshi club, by selling him a keg of colored water for \$200. Arrested again for prohibition law violation, Bagovitch attempted to "start something" at police headquarters by charging policemen with grafting. Charges he brought were not sustained.

Bagovitch will face a federal charge for violating the Reed amendment covering the shipment of liquor into dry territory as soon as he has completed the jail terms which started Wednesday.

Californians Begin Fight to Save Wine Industry in Earnest

San Francisco, June 5.—(U. P.)—Californians' fight to save the state's wine industry was launched in earnest today. The San Francisco chamber of commerce telegraphed commercial organizations in the larger coast cities, asking indorsement of the chamber's adoption of a resolution against war time prohibition as it affects beer and wines.

E. M. Sheehan, secretary of the state

board of viticultural commissioners, today mailed letters to every member of congress urging repeal of the dry law, declaring this year's wine grape crop worth \$10,000,000, will be a total loss otherwise.

This Test Reveals a Phonograph's Tone

ASK to have piano records played—the most difficult test of sound reproduction. The Brunswick has proved its merits under this ultimate trial, for it reproduces piano tones faithfully.

On The Brunswick, piano records retain their original quality. They cannot be confused with the harp or zither. This is due to the Brunswick Method of Reproduction.

Before you buy, or even if you already have a phonograph, come in and hear The Brunswick. Put it to any tone test you wish. Let us play the most difficult records for you. You will be delighted with the way The Brunswick plays them all.

The Ultona All-Record Reproducer and the all-wood Tone Amplifier are exclusive Brunswick features. And they are integral parts of the instrument—not attachments in any sense.

The Brunswick requires no exclusive artists
