Look for **TILLAMOOK** on the Rind

From the Famous Tillamook Valley

NATURE is generous in the Tillamook Valley—the grass is a rich green and grows all the year round.

The pastures are so succulent that the Tillamook herds produce record yields of the richest milk.

That is why cheese experts from all parts of the world settled there.

Rigid Association inspection of both the herds and the cheese-kitchens insure you perfection in the quality and flavor of the product.

"Tillamook" Cheese has repeatedly won first prize at the National Dairy Shows.

Begin to eat more cheese. Ask your grocer today for "Tillamook" with the name on the rind—use it as a substitute for meat. Serve it in the form of delicious macaroni and cheese, potatoes au gratin, soufflé, toasted, etc.

"Tillamook" Cheese is equal to two pounds of porterhouse steak, measured in proteins and fats, and there is no waste.

"Tillamook" Cheese is sold by the slice, also individual family sizes, 6 and 14 pounds, convenient for large families, boarding houses, etc.
