LABOR NOT UNIT IN WAR ON DRYS

Western Delegations Will Not Participate in Protest; They Like Prohibition.

Atlantic City, N. J., June 13.—(U. P.)—Four hundred delegates to the American Federation of Labor convention here plan to go to Washington on a special train Saturday to participate in an anti-prohibition demonstration before the capitol. Special trains will also carry demonstrators from New York, Pittsburg and Philadelphia, according to the arrangements.

"We are asking congress not to enact legislation against 2.75 per cent beer and light wines," said John B. Colpoys, a delegate from Washington, D. C. "We are agitating in the interests of 300,000 brewery workers who will be out of jobs under prohibition and 400,000 others whose jobs will be affected."

PORTLAND DELEGATES OPPOSED

A minority of the delegates, led by James Duncan, Seattle federated unions, will not attend the demonstration.

"They are going to attend the funeral of John Barleycorn," said Duncan. "Prohibition is a dead issue and they don't know it."

Advocates of prohibition among the labor leaders include C. H. Strickland, Portland, Or.; Ed Anderson, Denver; Tommy Burns, Tacoma; and Nathan Burch, Seattle. Duncan, a very strong prohibitionist, also said: "We are talking from experience. We have lived under prohibition and know how it works. Our constituents unqualifiedly indorse it. Former liquor dealers, bartenders and booze fighters are its strongest defenders."

FAVORS SOVIET RULE

The Seattle delegation has presented resolutions to place the federation on record regarding recognition of the soviet government of Russia; protesting deportation of Hindus who already have served prison sentences in this country for planning revolts in India and establishing the initiative and referendum within the A. F. L., thereby limiting the power of the executive committee.

Delegates of the railroad telegraphers' union today planned to attempt to place the federation on record as officially sanctioning the order issued to members of the union, forbidding them to handle Western Union messages. This order, effective tomorrow morning, was designed to help the strike of commercial operators against the Western Union.

PLEAD FOR MOONEY

Since the appearance of Mrs. Rena Mooney before the convention a determined movement has developed to place the federation definitely on record for or against a new trial for Tom Mooney, under life sentence in California for alleged participation in a San Francisco bomb outrage. A resolution has been introduced in committee by Tex Hurley of the Oakland electrical workers and says:

"Whereas, delegates to the American Federation of Labor convention are convinced a great injustice has been done Tom Mooney and Warren K. Billings (also convicted),

"Resolved, that a special committee be appointed to go to Washington after the convention and lay before authorities of the federation a request that they find a way, by federal intervention or otherwise, to right the wrong already done. Be it further resolved that the executive council of the federation be instructed and empowered to request the international unions of the federation to submit to their membership a referendum on a 24 hour protest strike immediately after Labor day, in the event that Mooney and Billings are definitely denied new trials."

Stars and Stripes Closes Up Office

Paris, June 13.—(U. P.)—The Stars and Stripes, official newspaper of the A. E. F., suspended publication with today's issue.

How Much More Tobacco Will My Heart Stand?

A Vital Question for Every Man Who Smokes or Chews to Answer

May Cost a Life to Find Out By Experiment.

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins he lives; when it loses he dies, but before the final victory of nicotine you pass through many stages of decline and decay and suffer many pangs. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but there is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may not lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find how much tobacco your heart will stand without serious results.

But the thought of quitting is unpleasant to most men—even to those who know that tobacco injures them—and to really quit takes more will power than they have and causes more suffering than they can voluntarily endure. To quit the habit, make it easy for yourself by getting Nicotol tablets and taking them as directed. The habit really quits you and its departure is a pleasure equal to its indulgence.

If you want to know how much easier it is to quit the habit with Nicotol than without it, go 24 hours without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will have no desire to resume. At least, your desire will be greatly diminished and another week or two should make it not only possible, but a pleasure, to quit.

Manufacturers' Note: Nicotol is sold under the positive guaranty that it is not injurious; that it contains no habit-forming drugs; that it will help any man to throw off the tobacco habit, and that any druggist will refund the entire purchase price if it fails. It is dispensed in Portland under this guaranty by Gradon & Koehler, and other good druggists.—Adv.

ORIENT PROVIDES WINNING BABIES

Youngsters competing in Thursday's baby show in Oriental gardens in North Park blocks, one of unique features of festival.

Clad in resplendent costumes of red, yellow, purple, green and black, two score calm and placid Chinese youngsters, and as many excited and fidgety mothers, with once in a while in strange contrast an Oriental baby in American clothing, contributed to make the Rose Festival Chinese baby show in the Oriental gardens in the north park blocks Thursday afternoon a "magnificent" success.

A combination of Oriental head dresses, Chinese language and bright gay slippers, with all the colors of the spectrum and a few more for good measure, added additional interest that drew a large crowd of spectators.

The winners were chosen by a committee of judges which included Dr. J. F. Drake, Ben Selling and Mrs. C. B. Simmons. The arrangements were in charge of a special committee appointed by the Rose Festival association, which consisted of Ira L. Riggs and W. E. Conklin. Silver cups and gold and silver chains were distributed to the winning babies by Mr. Conklin. The principal events and the winners in each case were:

Grand sweepstake prize for best Chinese boy or girl, Lillie Chong.

Best boy under 6 years, Howard Low.

Best girl under 6 years, Geraldine Law.

The baby show was organized under the direction of the Chinese Consolidated Benevolent association and the American Born Chinese association in conjunction with the Rose Festival association. A special musical program was rendered before opening the baby show.

HALF BLOCK SOLD ON BROADWAY TO AUTOMOBILE FIRM

Negotiations were closed Thursday afternoon for the purchase of the north half of the block bounded by Broadway, Everett, Sixth and Davis streets by the Mitchell, Lewis & Staver company for a cash consideration of $100,000. The tract is 100x190 feet in area and is assessed on a valuation of $131,073, of which $9740 is for improvements.

A three-story frame building occupies the Sixth and Everett street corner and the Standard Oil company has a station on the Broadway corner. It is the intention of the purchasers to improve the Broadway corner with a substantial brick building 100x130 feet in dimensions for their own use as sales station for Mitchell and Jordan automobiles and the All-American truck.

Owners of the property were Mary T. O'Brien, Josie Brinkerhoff, Frances C. Harrington and Minnie A. Harrington. The land has been owned by the Harrington family for 60 years without a transfer. The deal was closed by W. M. Webb, J. F. Staver and F. J. Daly.

A Use for Everything

"People don't want tomato seeds in ketchup, so we squeeze out the seeds."

"And what do you do with the seeds?"

"Put them in raspberry jam. Makes it look much more natural-like and tasty."

Oregonian Gives a Party Timbergram Tags Along

Mrs. F. J. Cobbs and the young ladies of the Junior league are just a little perplexed. They did not know, until they read about it first in the Oregonian last Wednesday morning and then in the Evening Telegram Wednesday evening, that the reception and benefit for the Woman's building of the University of Oregon had been held.

Mrs. Cobbs thought last Wednesday that she was going to entertain next Tuesday, June 17, at her home on Portland Heights, and was going to be assisted by the ladies of the Junior league and quite a bevy of society maids and matrons. In fact, she was making her plans for that, and so were all the ladies whom she had invited to assist her. But, lo and behold, when she read the Oregonian last Wednesday morning her party was all done and gone. The paper said so, that she had had the party "despite the fact that the weather was most eccentric." Members of the Junior league had "presided at the tea tables and also assisted in serving and receiving the hundreds of guests," she found out. In the afternoon the Evening Telegram, "The Paper That Does Things," surely did it. It put a head on the story like this: "Reception and Benefit Brilliant Affair." And it gave the names of the ladies who presided, and assisted in receiving the guests, and those who "floated."

And all the time Mrs. Cobb didn't know she had had any party at all. She thought she was going to have one next Tuesday, June 17, the date the invitations set, and for which the punch and the decorations and everything were ordered. But she must have had it, Junior league, receiving line, punch, decorations, floaters, hundreds of guests and all. The Oregonian told her so Wednesday morning, and it admits it always knows what it is writing about. The Telegram printed the names, and it is the Paper That Does Things, even after it has 24 hours to find out whether it is going to do them right or wrong.

In the meantime the reception and benefit for the Women's building and the ladies of the Junior league refuse to be stampeded. The function will be held Tuesday, June 17, at Mrs. Cobbs' Portland Heights home, on Montgomery Drive.

BANKERS' SESSION LARGEST YET HELD

Financiers Here From All Parts of Oregon to Attend 14th Annual Convention.

Shattering all previous records for attendance, the fourteenth annual convention of the Oregon States Bankers' association opened this morning in the ballroom of the Multnomah hotel. Bankers from every part of the state of Oregon, financial representatives from all principal centers of the northwest and a number of prominent eastern financial heads gathered for the annual meeting. Never before has such an interest been shown at an Oregon convention of the bankers.

The morning session of the convention waas called to order by E. G. Crawford, president of the association and vice president of the United States National bank. The response to Mr. Crawford's address of welcome was made by F. L. Meyers, cashier of the La Grande National bank. C. A. Bigelow, commissioner of public affairs of Portland, also issued an address of welcome to the visiting bankers.

PROPOSED SCHOOL BONDS EXPLAINED

Statement Issued Tells How $2,500,000 Will Be Expended if Voted by Taxpayers.

One hundred eighty-nine new school rooms, estimated to cost $2,230,000, and five new sites, estimated to cost $270,000, are the objects of expenditure of the proposed $2,500,000 bond issue for which the school board asks authority at the school election, June 21, according to a comprehensive statement which appeared this morning.

"At the opening of school in September 3500 pupils will be housed in temporary rooms," is the concluding assertion. "There are 104 of the temporary rooms. They consist of portables, dwelling houses, old public halls, abandoned buildings, rented quarters, corridor ends and basement rooms—all undesirable and unfitted for best school conditions."

In another section of the statement it is declared that, whereas no school room should have more than 35 pupils, Portland has 368 school rooms having 38 or more pupils each, and that 15,258 children are affected by overcrowding.

DETAILED STATEMENT MADE

The detailed statement of plans for each school contains the following information:

Two new high schools, Northeast, 24 rooms, two stories, to cost $500,000; new site, $50,000; St. JoJhns, 24 rooms, two stories, to cost $500,000, new site, $25,000.

Nine new elementary schools: Alameda, eight rooms, one story, to cost $60,000 Beaumont, eight rooms, one story, to cost $60,000; Buckman 26 rooms, two stories, to cost $200,000; New Chapman, 10 rooms, to cost $100,000 new site, $150,000; Hosford, eight rooms, to cost $60,000; Laurelhurst, eight rooms, to cost $60,000 Linnton, eight rooms, to cost $60,000; new site, $10,000 Multnomah, five rooms, to cost $40,000; Riverside (between Thompson and Ockley Green schools), 10 rooms, to cost $90,000; new site $35,000.

ADDITIONS PROPOSED

Seven schools to which additions are proposed are: Fernwood, six rooms, to cost $90,000; Hudson, four rooms, to cost $30,000; Kellogg, eight rooms, to cost $80,000; Kenton, eight rooms, to cost $80,000; Mount Tabor, eight rooms, to cost $80,000; Rose City Park, eight rooms, to cost $80,000; Woodstock, eight rooms, to cost $60,000.

Finding that the Prtland iCty club, as had been reported, conducting a survey to reveal, independently of the assertions of the school board, the need for additional school buildings, the citizens' committee of 10 has appointed a committee, consisting of B. S. Josselyn, chairman; Mrs. Boudinot Seeley, A. H. Averill, Dr. A. M. Webster and A. J. Bale. Mr. Josselyn, Mrs. Seeley and Mr. Averill met Thursday evening with School Clerk Thomas and canvassed the plans of the school board. The committee's report will be made at a called meeting of the committee of 100 at the Central library next Monday evening. Mrs. Josselyn said this morning that the sub-committee does not believe there would be time to make an independent investigation and that it has made no plans to hear criticisms of those who believe that certain districts needing school facilities are neglected to the advantage of other districts less needy.

CRITICISM IS MADE

Mrs. J. F. Chapman, former president of the Parent-Teacher association, uttered such a criticism this morning.

"The school board's program," said Mrs. Chapman, "makes no reference to Sunnyside school, yet it is a rattletrap housing 800 children, overcrowded and deficient in sanitary facilities. It is much more needy than Kellogg school, which is a new building in a sparsely settled, slow growing district.

"No reference is made to the shop at the Benson polytechnic school, although $40,000 has been spent for the purpose already and it has been left incomplete with no use from the investment. I understand School Clerk Thomas recommends that this shop remain uncompleted two years longer. By that time deterioration will demand renewal of practically the entire investment.

FRANKLIN IS NEEDED

"Two years ago the Franklin high school was given a budget allotment of $130,000 for a new auditorium, but the money was never spent for the auditorium. I don't know what was done with the money, any more than I have been able to clear up the mystery as to what is done with much of other school money. Franklin needs more classrooms, a cafeteria and a swimming pool.

"I cannot understand the necessity for the proposed North East high school. The building of a new St. Johns high school, and the addition and completion of facilities at other high schools should meet our high school needs."

Two Good Reasons

Employer—So you want me to raise your salary? Can you give me but two good reasons even why I should do so?

Meek Employe (sadly)—Yes, sir. Twins.

LAUNCHING IS FESTIVAL FEATURE

Porter, Rose Festival Goddess of Victory, who christened the vessel while standing under a bower formed of cedar boughs intertwined with roses.—Photo by Angelus Studio.

DIPLOMAS GIVEN SCHOOL GRADUATES

Commencement Exercises of Lincoln High and Benson Polytechnic Schools Tonight.

Tonight the graduates of Lincoln high and Benson Polytechnic schools will hold their commencement exercises in the auditorium of the Lincoln and Washington high schools. Rabbi Jonah Wise and Dr. D. V. Poling of Oregon Agricultural college will be the speakers.

The graduates of the six other Portland high schools received their diplomas Thursday night. Scholarships were awarded to Edward Myers and to Mildred Fennimore of Washington high school of $150 and $250, respectively. At Jefferson, Evalyn Nordstrom received the Art Museum scholarship and Cecilia Roffer the Reed college scholarship.

FORMER MAYOR TALKS

H. R. Albee, former mayor of Portland, in his address at Jefferson, pointed out to the graduates the value of education and character building. Music was furnished by Miss Helen Caples, piano; Jim Allen Skelton, trombone; Hildur Uelson, violin; Cecilia Rosser, piano, and the girls' double quartet. The class song was rendered. The music for it was written by Raymond Johns and the words by Emily Terry, both seniors.

At Franklin high school Dr. E. H. Pence, pastor of the Westminster Presbyterian church, spoke. Music was furnished by Walter J. Stevenson, violin; Helen M. Harber, accompanied by Jean Harber, violin; the Glee club and the school orchestra.

Dr. William Wallace Youngson, dischurch, gave the address at Washington high, and mentioned the achievements of the pupils, many of whom worked their way through the entire four years. The girls' chorus and school orchestra, Frank Jue, Lorraine Lee, Mildred Fenimore, Walter Lurson and Elmer Goudy, the last four a quartet, provided music.

At the High School of Commerce, Dr. William A. Waldo of White Temple spoke on "The American Youth in Days of Reconstruction." The girls' glee club and orchestra played, and Goldie Barr sang.

Professor Norman F. Coleman of Reed college, recently returned from France, gave the addres sat Jones John, telling of the changes the war has created in industries and the responsibilities of the age.

The iris' Polytechnic graduates were addressed by Professor Hudson B. Hastings of Reed college at the auditorium in the Couch school. Music was furnished by the school glee club, the class and by Mrs. Lulu Dahl Miller. Professor Hastings dwelt on the need of a general education and a knowledge of modern economic and social problems arising out of modern industrial conditions. Director O. M. Plummer presented the diplomas. At the other high schools the diplomas were awarded by the respective principals.

Keep Your Cash Use Your Credit!

CHERRY CHAT

Your credit will go farther than cash at Cherry's.

You can dress better and feel the expense far less by taking advantage of our most liberal monthly terms.

We invite your inspection of the most up-to-the-minute line of men's apparel to be seen in Portland. We sell nationally advertised makes of tailored clothes, and our values are hard to equal.

Store open until 8 o'clock Saturday night.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous uric acid accumulations from your system. Take GOLD MEDAL Haarlem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and heartiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

For sale and guaranteed by The Owl Drug company.—Adv.

Famous In a Day For Her Beautiful Complexion, Oatmeal Combination Does It

A Free Prescription Does Its Work Overnight. You Can Prepare It at Your Home

New York: It is my own discovery and it takes just one night to get such marvelous results, says Mae Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. You can do the same thing if you follow my advice, she says: I feel it my duty to tell every girl and woman what this wonderful prescription did for me. Just think of it. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows: Go to any grocery and get ten cents' worth of ordinary oatmeal and from any drug store a bottle of derwillo. Prepare the oatmeal as directed in every package of derwillo and apply night and morning. The first application will astonish you. It makes the skin appear transparent, smooth and velvety. I especially recommend it for freckles, tan, sun spots, coarse pores, rough skin, ruddiness, wrinkles, and, in fact, every blemish the face, hands and arms are heirs to. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and ungainly the hands and arms, or what abuses they have had through hard work and exposure to the sun and wind, this oatmeal-derwillo combination will work a wonderful transformation in 12 hours at the most. Thousands who have used it have had the same results I have had.

Note: To get the best effect be sure to follow the complete directions contained in every package of derwillo. You have only to get derwillo and oatmeal. You need nothing else and it is so simple that anyone can use it; and it so inexpensive that any girl or woman can afford it. The manufacturer and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money. It is sold in this city under a money refund guarantee by department stores and all up-to-date druggists including Woodward, Clarke & Co., and the Owl Drug stores.—Adv.

STREET CORNER SINGING ADDS THRILL TO THE PAGEANT

At many an intersection while crowds waited for parade to approach, tedium was obviated by sweet singers who have been in training for event for weeks. All the patriotic and sentimental songs of the day were rendered in delightful choral effect.
