TWO EXTENSIVE LUMBER DEVELOP-MENTS, PACIFIC NORTHWEST, U. S. A.

Each Consisting of

A Permanent Railway System Tapping Large Virgin Areas of Timber and a Well Located Modern Sawmill of Large Capacity

The War Department, through the above corporation, organized under Act of Congress, entitled "An Act making Appropriation for the Support of the Army, etc.", approved July 9, 1918, on account of war time necessity, built railways and prepared milling facilities for the timber from two of the largest hitherto undeveloped timber areas of the Pacific Northwest, namely, Olympic Peninsula, State of Washington, and Lincoln Country adiabate. coln County, adjoining Yaquina Bay, State of Oregon, including the famous Siletz Basin. Development, at date of Armistice was advanced to such a stage that either of these properties can now

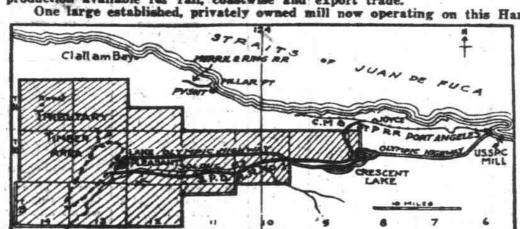

be placed in complete operation, including milling and logging, in sixty to ninety days. All facilities and structures are of highest grade, machinery of latest type and all work performed under the supervision of experienced and practical engineers, contractors, lumbermen and loggers.

Admirable climatic conditions for year around operation.

Supplemental equipment for logging and railway operation, owned by the corporation, can be acquired subject to prior sale. Every facility for detailed inspection will be offered. Detailed plans, descriptions, etc., are available in pamphlet form with terms of sale.

Cruises, profiles, maps, ownership data, complete working specifications and master index of mill properties and machinery are available for inspection at offices of corporation at Yeon Bldg., Portland, Ore., U. S. A. se properties will not be sacrificed nor will bids be considered for less than reproduction values.

Properties on Olympic Peninsula, State of Washington Mill and railroad open up largest hitherto undeveloped timber resources in Pacific Northwest and make production available for rail, coastwise and export trade.
