

LUMBERMEN ARE IN ACCORD WITH NEW TARIFF RATE

Representatives of Southern Pine Association Give Only Objections to Scale for Shipment.

NORTH DAKOTA RATE RAISED

New Scale Places All Pacific Coast Mills in One Group and Brings Uniform Prices.

The hearing before the Portland district freight traffic committee on a proposed new tariff covering transcontinental lumber shipments, closed Friday night. Representatives of the Willamette Valley, West Coast, California Redwood and California White and Sugar Pine associations, in general accord and only the Western Pine association, raised serious objection to the rates provided in the proposed new tariff.

A conference will be held again at San Francisco beginning June 25, when members of the California Pine association will be heard. Pine association local interest, W. D. Skinner will represent the Portland district freight traffic association. No representatives will be sent from the West Coast or Willamette Valley associations. It is believed that the conference will be of short duration and that the proposed tariff will be placed before the Western Traffic association at Chicago early in July.

MODIFICATIONS GIVEN

At a conference of lumbermen Friday a tentative agreement on exceptions to the proposed rates schedule was reached and these modifications were presented by F. G. Davidson, traffic manager of the Willamette Valley association, at the hearing before the Portland district freight traffic committee. The railroad traffic managers held a conference and submitted counter proposals which were finally accepted by the lumber interests, with the exception of the Western Pine association. G. T. A. Moore, of New Orleans, representative of the Southern Pine association, raised no objections to the terms.

The rate to North Dakota was raised from 45 cents to 47 cents and the South Dakota rate is fixed at 50 cents for North Pacific territory. The rate from California to North Dakota is 53 cents and to South Dakota 54 cents for the northern portion and 60 cents to the southern portion of the state.

The rate to points in North Dakota was set at 40 cents several years ago at a time when empty cars were being returned East in large numbers and when lumber from Minnesota and Wisconsin offered strong competition to West coast mills. The rate was raised to 45 cents a few months ago and the present increase is accepted as fair by west coast lumbermen.

INLAND OPERATORS OBJECT

Rates to New England territory now 40 cents from the north Pacific coast and 85 cents from California. It is proposed to establish a rate of 82 cents for both California and the north Pacific coast but the inland Empire lumbermen object to the increase in their rate.

The rate to Omaha remains 55 cents and to St. Paul 50 cents. Objections were raised by the lumbermen to a proposed rate of 70 cents to western Ohio, Indiana and southern Michigan. A rate of 68 cents to this territory was asked and Chairman Robinson of the Portland traffic committee agreed to a compromise on 69 cents.

Equalization of rates is also proposed to points in Nebraska, Kansas, Colorado and other territory in the northwest. California is given advantage over existing rates in the southeastern territory in connection with southern pine interests.

Lumbermen and traffic men alike welcome the proposals of the railroad administration officials as a relief from the system now in vogue. The proposed new tariff places all Pacific coast mills in one group so far as freight rates are concerned, and gives uniform rates to Chicago and points east of that city.

TREATY TO BE SIGNED BY GERMANS MONDAY

joined the majority Socialists in the attack on the government.

President Ebert has requested Dr. Mueller, leader of the majority Socialists, to form a new cabinet to succeed the Scheidemann ministry, according to the Berlin Voelische Zeitung.

In addition to his party duties, Dr. Mueller is at present under secretary of the war food bureau, and is known to be in favor with the cabinet.

The Politiken's Weimar correspondent telegraphs today that it is considered certain that the present German governmental officials will be straightened out before Monday. It is supposed that the Germans will ask the allies for an extension of the time allotted, and if the allies agree the national assembly will decide the fate of the treaty on Tuesday.

PEOPLE WILL RATIFY DECISION OF CABINET

By Carl D. Groat

Weimar, June 20.—(Delayed)—(U. P.)—The new German cabinet in process of formation will sign the peace treaty, according to the plans of political leaders today. Afterward the German people will be asked to ratify this action in a nation-wide referendum.

The national assembly, scheduled to meet tomorrow (Saturday) for final action on the terms, already has indicated through party caucuses a strong sentiment for signing. While the Nationalist party members voted unanimously against acceptance, the dominant coalition of majority Socialists, Centrists and Democrats registered its approval of signing.

Here's "Treaty" That Appeals Servant Question Is Solved

Calgary, Alta., June 21.—Calgary is not jealous of Paris. It has a little treaty of its own. The Calgary treaty marks an era as distinctly as the treaty of Paris, and the Housekeepers' association, composed of cooks and housewives may yet go down in history alongside the League of Nations.

It was purely a dictated peace which the servant girls of Calgary imposed upon the housewives. The housewives had no more say—so in it than the Huns have had in the peace terms dictated by the allies. It solves the immortal servant girl problem according to the servant girls' own ideas and ideals and in effect makes the cooks and maids rulers of the home under a mandate of the Housekeepers' association.

ANOTHER "FOURTEEN POINTS"

Like the treaty of Paris, the treaty of Calgary is founded theoretically in 14 points insisted with Wilsonian altruism. When a domestic accepts a situation, she signs a contract embodying these 14 points as follows:

1. "I promise good behavior and my best services to my employer."
2. "The rate of my wage shall be — per month."
3. "Ten hours shall constitute a day's work."
4. "If more hours are required they shall be regarded as overtime and paid for at a rate of 15 cents an hour."
5. "I shall have every Sunday evening free after 4:30 o'clock."
6. "My employer shall speak of me as 'Miss' or 'Mrs. So and So.'"
7. "I shall have the privilege of entering or departing by the front door."
8. "I shall have the use of a suitable room one evening a week in which to entertain my friends until 10 o'clock."

Scheidemann cabinet, apparently had changed his attitude today. He called the party chiefs together for a secret conference, obviously for the purpose of selecting the personnel of the new ministry which was expected to be announced tonight. The belief prevailed that Ebert would be able to hold out and probably would dominate the new government.

Dr. Eduard David, president of the national assembly, appeared to be the most likely candidate for chancellor. Opposition to Gustav Noske, present premier, was growing. Hermann Mueller was reported to have stated he would refuse to head the government if asked. Chancellor Scheidemann was continuing to conduct government affairs, but his new cabinet was ready to assume office.

OPPOSE EX-KAISER'S TRIAL

Reports were circulated today that a plan was on foot to have the treaty signed "in a hurry" and to have the opposition to turning the former Kaiser over to trial by an allied tribunal, demand for a ratification of a lump sum for indemnities, and plea for immediate admission of Germany to the League of Nations.

GERMANS WANT TO GET IN LEAGUE IF THEY CAN

London, June 21.—(U. P.)—A Central News dispatch from Weimar today says that the German Democratic party had voted almost unanimously to sign the peace treaty providing that Germany will be admitted to the League of Nations soon and that the allies will not extradite any Germans.

While the makeup of the new German cabinet is uncertain, said a Reuters dispatch from Berlin today, it is considered likely that Dr. Eduard David will be selected as premier, succeeding Scheidemann. Count Von Bernstorff, former ambassador to America, is slated to be foreign minister, and Dr. Dernberg, minister of finance.

A Weimar dispatch to the Times today states that Herr Noske, now minister of war, has been selected as premier in a new cabinet, and that Matthias Erzberger will head the new peace delegation which will sign the allied terms.

PROTECTION OF DANZIG IS ONE OF DEMANDS

By Alfred G. Andersen

Weimar, June 20.—(U. P.)—(7 p. m.)—The German government tonight sent word to the peace conference at Versailles that it had been unable to build a cabinet that would be willing to sign the peace terms unless admitted to the League of Nations before January next. The note to the allies also stated that Danzig must be under a protectorate of the League of Nations for two years.

EBERT ASKS BAUER TO FORM CABINET

Paris, June 21.—(U. P.)—Advice received by the American peace commission stated that at 2 o'clock this morning Hermann Bauer was asked by President Ebert to form a new German cabinet.

It was further stated that 275 of the 475 members of the national assembly have signified their intention of voting for acceptance of the peace treaty.

The Democrats warned members of their party in the assembly that if they voted for acceptance they would be expelled from the party.

Noske Chancellor, Report

London, June 21.—(U. P.)—The Coblenz correspondent of the Times today reported an unconfirmed dispatch that Gustav Noske had been appointed German chancellor and Matthias Erzberger, chief of the German peace delegation.

NEW YORK RADICALS CHEER FOR RUSSIAN REDS AND HOOT U. S.

Of 5000 Gathered to Protest Against Raid on Soviet Embassy Few Speak English.

New York, June 21.—(U. P.)—Officials were reticent today as to what action, if any, would be taken against the leaders of last night's mass meeting in Madison Square Garden, at which the speakers openly urged the overthrow of the government and the setting up of the "red" soviet rule of Russia. Lenin and Trotsky were cheered and America hooted.

More than 5000 persons attended, 90 per cent of whom police said, could not speak English. The meeting was a protest against the raiding of the so-called "soviet embassy" by state troopers, and against the imprisonment of Eugene V. Debs, Socialist.

Max Eastman read what he said was a confidential telegram from Assistant Secretary of State Polk to Secretary Lansing in Paris, dealing with the Trans-Siberian railways, which created a furor of sentiment among officials. Eastman declared that he had received the document in an anonymous letter, the sender saying he had found it "in a wastebasket."

Message Badly Garbled

Washington, June 21.—(U. P.)—That the cablegram read by Max Eastman at the meeting of Reds in New York last night was a "badly garbled version" of a message that actually passed from Acting Secretary of State Polk to Secretary Lansing, was the assertion of state department officials today. How the communication came into Eastman's hands was being made the subject of an investigation.

Commissioner of Polk County Dies; Ill but Few Hours

Dallas, June 21.—Moses Manston, county commissioner of Polk county, died at his home in this city Thursday night, after an illness of only a few hours. Mr. Manston, who was 69 years old, was born in England, but came to this country when a young man, locating in Minnesota, where he spent more than 30 years in the employ of the Northern Pacific railway company. He was engaged principally in construction work, building the first railroad into the Mesaba iron range of Michigan.

In 1901 Mr. Manston came to Oregon with his wife and only son, Mrs. Manston died in 1905 and the son, Alfonso Manston, a well known building contractor of this city, was accidentally killed by a train in 1915. For a number of years Mr. Manston was employed as superintendent of the Salem Falls City & Western railway, and was later taken over by the Southern Pacific. Following his retirement from railroading, he was associated with ex-Mayor J. G. Van Orsdal in the real estate business in this city, until elected county commissioner in 1918.

MAN LISTED AS "WOUNDED, DEGREE UNDETERMINED," WELL

Dallas, June 21.—Corporal Uda Burk of this city, listed in the official casualty list this week as "wounded, degree undetermined," returned to his home in this city in March. He spent several weeks in a hospital in France as a result of serious injuries received when a hand grenade, which exploded in the midst of Burk's squad. He has fully recovered and is now in the employ of the county.

Thousands Pouring Into San Francisco For Last 'Big Bust'

San Francisco, June 21.—(U. P.)—The last "big bust" is on before the national youth starts in San Francisco. Efforts of the government to put the country dry will be aided by thousands from all parts of California, Nevada, Utah, Oregon and Washington, now flowing into San Francisco—the one big oasis on the Pacific slope.

Hotels are crowded with sundoggers, and at night the cafes are full. Included in the dry horde arriving here today is a caravan of Elks from Reno, Nev., in 24 automobiles.

Paris, June 21.—(U. P.)—Travelers arriving here from Germany today reported that the former Kaiser and Field Marshal von Hindenburg had decided the German government to sign the treaty.

Driver Fined \$250 For Recklessness; Breaks Boy's Leg

Howard S. Hobbs, a truck driver for the Liberty Ice & Coal company, who lives at 21 East Third street, was fined \$250 by Municipal Judge Roszman this morning for reckless driving and failure to render aid to an injured person.

Hobbs is said to have knocked down 10-year-old William Dunne, 350 Harrison street, on the afternoon of June 17 at Grand and Hawthorne avenues. One of the lad's legs was broken.

"You are the most compossible coward I ever saw," Judge Roszman is alleged to have said when he imposed the fine.

According to witnesses, and the report of Officer W. S. Tully, the arrested Hobbs tried to explain that the automobile ahead of him had struck the little fellow, and that Hobbs was rough with the boy, crying because his broken leg hurt him.

Hobbs hurried away from the scene, say witnesses, and later reported to the traffic department, not stating in his report whether or not his machine struck the boy. A report also made by C. R. Little, of 1621 East Broadway, who claims he saw the accident, places the blame on Hobbs and this report is said to have been verified by John Dunne, Willard's brother, who was with the injured child when the accident occurred.

Hobbs' personal lawyer, J. H. Bond, was set at \$500.
