

# FARMERS ARE UP IN ARMS AGAINST FINANCE LEADERS

## National Council Says Financiers Are Attempting to Gain Power Over Ruined European States.

### AGRICULTURISTS' OPPOSED

#### Financial Consolidation Will Be Fought by Farmers to Finish, Ultimatum by George Hampton

By Justin McGrath  
Washington, June 21.—The Farmers' National Council will fight with all its power and influence the proposal of leading New York bankers to have the financial interests of the United States arranged for consolidation with the financial interests of the world to sustain the war-stricken countries of Europe and their industries during the reconstruction period.

George P. Hampton, the managing director of the council, announced Friday that the plan of the New York financiers was directly opposed to the plan of the farmers of America, as expressed through their reconstruction program adopted at the farmers' national construction conference, held in Washington last January.

At this conference the farmers decided that among the instrumentalities necessary to make a league of nations really effective is an international investment board.

### BELIEVED SOURCE OF WAR

In urging the establishment of such a board the conference declared that foreign investments have been a prolific source of misunderstanding between nations, and if unregulated will in the future lead to conditions that will make war unavoidable.

The idea of the conference was that the establishment of the proposed international investment board would prevent the investment of money by one nation in another unless agreeable to the nation in which the investment was made, and, furthermore, prevent the use of force by any nation to protect or promote the investments of its citizens.

"The financial interests of the country," said Mr. Hampton today, "are now endeavoring, in opposition to the plan proposed by the farmers of the country, to put into effect the plan proposed by Messrs. Vandenberg, Davidson and others, by which the financial interests and not the governments would control the financing necessary for world reconstruction.

### GIVE FINANCIERS POWER

"Mr. Vandenberg's idea was that the money should be lent to the distressed countries and a lien on their customs would be accepted as security.

"Mr. Davidson's suggestion was that debentures be issued against the credits established in Europe. Every country would guarantee the debentures against it. Then the banking interests could place the debentures with the public, distributing them as widely as possible. This plan involves, as admitted by its advocates, very close cooperation between the financial interests and the governments of the several countries and puts the financiers in dangerous control of the activities of every government and the economic and political life of the people involved.

"Before the European war started the total indebtedness of the world, governmental and commercial, was in round numbers \$200,000,000,000.

### OPPOSE PRIVATE MARINE

"It has been increased by the war by at least \$180,000,000,000. It is necessary that this vast indebtedness should be liquidated at the earliest possible moment, and that pending such liquidation governments should be in complete control of international investments. The proposal of the financial interests is very close to the working people of the world and directly opposed to the principles for which America entered the world war."

This is the second issue the Farmers' National Council has raised with the capitalist class, the other being the proposal to turn over to private interests the great merchant marine built by the

# Crater Lake Season Will Open on July 1, Belief of Officials

Medford, June 21.—The Crater Lake tourist season will open on July 1, according to Manager Parkhurst of the Crater Lake company; Alex Sparrow, superintendent of Crater Lake National park, and H. E. Momyer, park ranger, who are Medford visitors.

They reported that the road is open now to within 1 1/2 miles of this side of the lake and that between this point and the lake the average depth of snow is from three to four feet and at places there is a 10-foot depth. The road will be opened within a few days all the way to the lake rim, and after July 1 autos can easily go to the lake rim.

The hotel lodge at the rim is ready to receive tourists and the stages between Medford and Crater Lake will begin operating on July 1.

# TAFT SAYS REDS CAN NOT DESTROY YANKS' REGARD FOR FREEDOM

## Former President Thinks Bolshevism May Crop Up in the U. S., but Is Not Dangerous.

Chicago, June 21.—Bolshevism is not a serious menace in America, in the opinion of William Howard Taft, who addressed a convention of the National Hardwood association Friday.

"I do not fear Bolshevism in this country," Taft said, "although it may crop out in some of the congested centers where there is a large percentage of foreigners and agitators."

"Americans, however, as a whole, love America, and the majority of our working men are opposed to the theories of radicalism."

"However, the only way to keep them out of the hands of the extremists is to give them a square deal, for unfair methods on the part of capital will add force to the arguments of the 'sop-boxers.'"

# Uniformed Men Are Held for Mayhem as Tar, Feather Users

St. Maries, Idaho, June 21.—The men accused of applying tar and feathers to Johann Huffman at his ranch on the Coeur d'Alene reservation were arraigned Monday, charged with mayhem. During the fracas the thumb of Huffman was shot off. The men arrested so far are out on \$400 bail. They deny their guilt. They are: Owen Martin, age 26, married, a former sailor; Bill Rollin, age 22, a returned soldier; M. Taylor, age 25, a returned soldier; E. T. Taylor, a man of family, about 35 years old, not a service man. They all live near Lolo, Idaho.

A Huffman assertion that 30 men in soldier's uniform were in the crowd that abused him.

# Centralia Medicos Return Home After Service in Siberia

Centralia, Wash., June 21.—Captain W. R. Scott, a former Centralia physician who entered the medical corps of the Canadian army, has returned from Siberia. He arrived here Wednesday.

Captain H. Y. Bell, another Centralia physician, who served in Siberia with the American expeditionary force, is expected to arrive in San Francisco from Vladivostok in a few days.

# Work Almost Completed on Fill

Centralia, Wash., June 21.—The O-W-R. & N. again has a steam shovel at work completing the clearing of a fill on its right-of-way on Fords Prairie west of this city. The fill is said to have caused a large section of the prairie to be flooded during the high water last winter by backing up the water.

government during the war. The farmers' are strong advocates of government ownership of the fleet and are planning a country wide campaign against the proposal to dispose of it.

# MEDFORD ELKS HAVE GALA DAY IN HONOR OF THEIR RECRUITS

## New Members Chained and Held by Stock in Parade; Boxers Are on the Program.

Medford, June 21.—The biggest event in Rogue River valley's Elksdom in years was staged in Medford Friday afternoon and evening with Elks present from all parts of the county, including the large contingent of members of the local lodge from Grants Pass, and with the Ashland lodge as invited guests.

The occasion for this B. P. O. E. outburst was the initiation by the Medford lodge of a class of 125 members, the last of 200 new members to be initiated. The membership of the Medford lodge is now 800 men.

The day's festivities began at 5 o'clock in the afternoon with a big Elks parade headed by the City band and with the class of neophytes marching in the center in stocks and chains. There were a number of other humorous features in the parade, the rear of which was brought up by the Elks' ladies in many flower-decorated automobiles. An orchestra on a big motor truck also helped enliven the parade.

Immediately after the parade the initiation ceremonies began at the Elks' temple in the clubhouse, followed by a sumptuous banquet. At 11 o'clock the Elks adjourned to the Page theatre to witness the boxing bouts put on by Portland boxers, who were brought here by the lodge as one of the features of the celebration. The matches were as follows:

Henry Walker vs. Bert Taylor, Billy Ellmak vs. Billy George and Able Gordon vs. George Franklin.

# 1000 ACRES OF LAND IN KLAMATH COUNTY SELLS FOR \$75,000

## J. P. McAuliffe Acquires Property in Wood River Valley; Has Been Sheep Rancher.

Klamath Falls, June 21.—About 1000 acres of hay land in the fertile Wood river valley near Fort Klamath have been purchased by J. P. McAuliffe and so far are out on a cattle ranch. The property consists of the Frank Burns and D. W. Ryan ranches.

For years Mr. McAuliffe has been in the sheep business here, but last spring he disposed of his sheep. He will raise cattle on his new holdings. The consideration was \$75,000.

# KLAMATH COUNTY FAIR TO BE HELD ON OCTOBER 23

Klamath Falls, June 21.—The first county fair to be held here in several years is scheduled for October 2 and 3 at the Kilbore lane, 12 miles south of Klamath Falls. The first day will be given over to exhibitions of the work of the various school industrial clubs of the county and the second to agricultural and livestock exhibits.

The county fair board consists of Ross Sutton of Dairy, Fred Peterson of Merrill and Frank Sexton of Klamath Falls.

# BRIDGE WILL BE BUILT OVER RIVER NEAR MERRILL

Klamath Falls, June 21.—A new steel bridge will be built across Lost river at Merrill, 22 miles south of Klamath Falls, this summer. The county court has let the contract to the Pacific Foundation company of Portland. The contractor will start work immediately, as the old bridge is regarded as unsafe.

# Roper Expects Ban On Liquor; Bureau To Continue Work

Washington, June 21.—"I see no reason to doubt that the war-time prohibition, as provided for in the agricultural bill, will become effective July 1," said Internal Revenue Commissioner Daniel C. Roper today.

The bureau of internal revenue, he added, will continue to enforce the tax laws as related to alcoholic beverages until they are repealed by congress. In accordance with the opinion of the attorney general, the bureau will continue to sell stamps to applicants "with the distinct understanding that possession of such stamps in no wise authorizes the manufacture or sale of the beverages for which they may be intended."

# Halt of Immigration Is Urged by Suzzalo

Salt Lake, June 21.—"Stop immigration and assimilate the foreigners already here. Stop the use of force in settlement of economic disputes and make provision for gradual development of an industrial as well as a legal code," were the outstanding suggestions of Dr. Henry A. Suzzalo, president of the University of Washington, today, addressing the international congress of Rotary clubs.

# Midwest Not Gazing Abroad, Says Hays

Washington, June 21.—National and domestic, rather than international problems are gripping the attention of the people of the Middle West, among whom he has been circulating for the past month, Republican National Chairman Will Hays said this afternoon upon his return to the headquarters of the Republican National committee.

# Lounge Lizard Easy To Cure, Avers M. D.; Common Over There

Philadelphia, June 21.—The lounge lizard is afflicted with a disease—lounge-lizarditis—according to Dr. Thomas A. Williams of Washington, who spent 18 months with the American forces in France.

Speaking before the medico-psychological association today, Dr. Williams said lounge-lizarditis can be cured in half an hour.

# WOOL SHIPPED FROM PENDLETON IS SOLD AT BOSTON MARKET

## Total Clip This Year in District Is Nearly 750,000 Pounds; Prices Under 1918.

Pendleton, June 21.—The sale of a part of the Smythe Brothers wool clip was reported to have been made Friday at Boston, whether the firm shipped 500,000 pounds recently.

All but one small clip of Pilot Rock wool has been sold at private sale to E. J. Burke and J. P. Defour, and the public sale set for Saturday morning at that place has been postponed. The prices ranged from 4 1/2 cents to 49 cents a pound.

Nearly 750,000 pounds is the total clip this year. The prices are slightly lower than the average of last year. The purchasers represented Eastern and French buyers.

# Brothers Charged With Arson

Pendleton, June 21.—E. H. and A. C. Devining, brothers, both of Hermiston, have been arrested charged with firing their dwelling May 1 in an effort to defraud an insurance company. Both men have lived near Hermiston for some time. They are past 50 years of age.

# Man Found Unconscious

Pendleton, June 21.—George E. McLaren of Pendleton was found Thursday afternoon lying unconscious beside a road near Cayuse, where he had been thrown from his automobile. He lost control of the car on a downgrade while driving from La Grande to Pendleton. He was brought to Pendleton, where he is convalescing.

# Two Oregon Youths See Supplies Burn

Washington, June 21.—More details of the alleged burning of war equipment near Souilly were given to the house committee investigating war department expenditures today by the service men who witnessed the incident. They were W. T. Gardner, 2611 Sixty-second street, southeast, Portland, Or.; C. W. Seymour, Chicago, and Thomas C. Johnson, Ontario, Or.

# LUMBER DEMAND TAXES MILLS TO FULL CAPACITY

## Some Orders Are Rejected Because Stocks on Hand Are Short and Books Are Filled.

### YARDS ARE BIG BUYERS

#### Production Will Be Curtailed in July and August Because of Necessity to Overhaul Plants.

Lumbermill operators of Western Oregon and Western Washington are rejecting orders and heavily restricted production is certain during July and August because of the necessity of closing down for repairs, according to Robert E. Allen, secretary-manager of the West Coast Lumbermen's association.

"Producers of the west coast are over-sold," said Mr. Allen Friday night. "Mill stocks are depleted. Physical conditions of manufacturing properties necessitate such extensive repairs during July and August that heavily restricted production is certain."

These conditions have forced the industry, during the past week, to an intensified policy of selective order acceptance. The situation is without precedent, according to Mr. Allen, to an extent of manufacturers to accept a considerable amount of the business offered brought new business on the books of the mills below production for the first time in 15 weeks, according to the West Coast association's trade bulletin. Ordinarily at this time of the year such a showing would indicate a reasonable decrease in orders due to light buying in agricultural districts during harvest. This year, however, the volume of business offering shows no letup in retail yard buying, either in the city or country districts.

Notwithstanding the heavy volume of business booked and offered, the industry as a whole is not prosperous, Mr. Allen said. Costs, held somewhat in check through governmental regulation during wartime, are again showing a disposition to pyramid. The composite cost statement of 43 representative mills for the month of April shows that the cost of production of a thousand feet of lumber is \$21.54. The composite sales report of the same mills indicates a return of \$20.68 per thousand feet of lumber manufactured during the month of April.

For the first 24 weeks of this year new business has exceeded production by 17 per cent and shipments have exceeded production by 11 per cent. Stocks at the beginning of the year were under normal as to quantity and assortment. The condition of stock shortage and demoralization has been further enhanced by the heavy excess of both orders and shipments over production practically every week of the year.

Association mills which reported to the Trade Barometer in the past 24 weeks
