TODAY'S FORECASTS Portland and vicinity—Tonight and Sunday, fair; southwesterly winds.

Oregon and Washington—Tonight and Sun-

day, fair; gentle southwesterly winds WEATHER CONDITIONS The barometer is relatively high over the northeastern section of the country and relatively low in other districts. The lowest read-

tively low in other districts. The lowest readings are in Alberta and Arizona where well defined areas of low pressure are central. Precipitation has occurred in the central plains region and middle Mississippi valley, the west Gulf and portions of the middle Atlantic and New England states. The weather is cooler in the northern Rocky Mountain states, along the middle and south Pacific coast and in the extreme northers, and correspondingly warmer in the contract of the cont treme northeast, and correspondingly warmer other localities. FRANK GILLAM.
