Alien Denied Right To Question Act of MAN'S BODY IS State Commission

The case of Charles Olin, an alien, against Perry Kitzmiller and the fish and game commission, was dismissed this morning by Federal Judge Bean, on the ground that Olin, as an alien has no civil right in the court. Olin was suing the commission for revoking his license to fish in the Columbia river, under an act of the Oregon legislature He contended that according to contract between the states of Oregon and Washington, and the subsequent approval of the United States congress, all legislation concerning the preservation of fish in the Columbia is under the joint control of the legislatures of the two states, and consequently the legislature and fish commission of Oregon could not revoke his license.

Judge Bean held that revoking a license on this ground was not related to eigner, about 40 years old. The entire right side of the face is covered by preservation of fish, that Olin as an alien could not bring suit, and that the These marks are a number of years old. CHEAP AT \$50 A BOTTLE, HE SAYS

Wholesale Merchant Gains Twenty-Two Pounds by Taking Tanlac.

"Tanlac would have been cheap at fifty dollars a bottle so far as my case is concerned, and I will tell you why I say this," said Nicholas Radovich, a well known wholesale oyster dealer, who lives at 1917 46th ave., South West, Seattle, recently.

"For many years," continued Mr. Radovitch, "I suffered terribly on account of the awful condition of my stomach, and although I was taking medicine and treatment all the time I taking this Tanlac. In fact, instead of improving on all the other medicines l took I just gradually got worse all the time. My appetite was no good, and I also suffered a lot with pain in my back, and no matter whether was sitting down or lying down that pain, was always with me. I had very blood circulation, too, and every time I sat down for a little while my legs would go to sleep, and when I had to get up I could hardly stand on my feet. I tell you I was in bad shape, and I finally lost about all my energy, and got so weak and run down that I

was hardly able to attend to any part

"One day I was in the barber shop getting a shave, and the barber that always waited on me remarked about how thin my face had gotten. I told him why it was, and how I was suffering, and he told me about Tanlac, and advised me to give it a trial. Well, sir, I commenced to improve right away, and by the time I had finished my third bottle of Tanlac I was simply feeling like a different man in every way. have just finished my sixth bottle, and I can truthfully say that I feel at least twenty years younger, and I never enjoyed better health in all my life. circulation is fine now, and my legs don't go to sleep any more, and that awful pain that I used to have in my back has left me entirely. My stomach troubles have been completely overcome, and I eat three big, hearty meals every day now, and I never suffer a particle afterwards. Why, I have actually gained twenty-two pounds, and I feel as strong and robust as any man. Now that is what Tanlac has done for me, and that is why I say that it would have been dirt cheap at fifty dollars a bottle so far as I am concerne Tanlac is sold in Portland by The Owl
