

STATE OBTAINED MUCH ADVERTISING DURING WAR, DECLARES CLARK

Oregon, First in Liberty Loans, Enlistments, High in Shipbuilding, Wins Admirers.

"Oregon's greatest advertising campaign closed when the armistice was signed," declared A. G. Clark, manager of the associated industries of Oregon, before the Ad club at noon today in the Benson hotel.

Oregon, by leading the states of the Union in simple performance of war duty, has won friends and admirers everywhere, he said.

"Three years ago Oregon was unknown as a shipbuilding state. Now our shipbuilding record is a world's record."

Oregon's first military quota was filled by volunteers. The army and navy medical record of Oregon men

places them first for another very good reason.

"Oregon first in over-subscription to all war defense bonds, again, and possessing loyalty of the highest order, and that Oregon citizens are not of the 'tight' type."

"Our agricultural record was a source of astonishment to the world because of the volume and variety of food products furnished the government for war needs."

"The performance of Oregon men prove that the man doing a \$100,000 business in this state is more progressive and has a broader vision than the man on the opposite coast doing a \$1,000,000 business."

"Why was Oregon able to do all this and do it easily? Our wonderful natural resources excel in variety and volume. Our superb climate produces the highest types of human, plant and animal life."

RECEPTION OF TREATY IN DOUBT

(Continued From Page One)

Thus far there has been no trouble except that the striking streetcar men have stopped cars and taxis, pulled out the passengers and sent the drivers home. However, a repetition of the March disturbances is feared.

BIG FIVE CONSIDERING QUESTION OF EXECUTION

By Fred S. Ferguson.

Paris, July 2.—(U. P.)—The big five was scheduled today to appoint the committee which will direct execution of the peace treaty.

This body, which now consists of Secretary Lansing for the United States, Foreign Secretary Balfour for Great Britain, Foreign Minister Pichon for France, Foreign Minister Tittoni of Italy, and Baron Makino of Japan, was also expected to consider the personnel of the permanent reparations committee and the committee on Bulgarian boundaries.

TURKISH SITUATION DELICATE

Reports from Turkey indicate that three separate bodies of troops are operating in Asia Minor in opposition to allied occupation. Their leaders, it was said, have refused to recognize the authority of the present government at Constantinople.

A general uprising is feared when the Turkish peace terms are made public, and considerable difficulty is anticipated in enforcing them.

The treaty whereby America and Great Britain are pledged to aid France in the event of unprovoked aggression by Germany, are so interlocking that failure to ratify one will nullify the other, it was learned today. If the American senate does not accept the British pact, it was said, the American document will be valueless.

AMERICA TAKES RESPONSIBILITY

The treaties contain several articles practically identical. One provides that the treaty is effective as regards Germany carrying out the military terms of the treaty of Paris. This means that America and Great Britain will be equally interested with France in the demolition of the Rhine fortifications and accomplishment of all other military requirements. It was suggested that this situation possibly had a bearing on the last minute change in plans, providing for leaving more American troops on the Rhine than was originally intended.

As the treaties will have to be approved by the executive council of the League of Nations, they will have to conform with league rules.

It was learned from semi-official sources.

AUSTRIAN TREATY UP

The big five planned today to resume consideration of the Austrian treaty, if complete committee appointments were finished and other details arranged.

GOVERNMENT IN FEAR OF REVOLUTION IN BERLIN

London, July 2.—(I. N. S.)—An Exchange Telegraph Copenhagen dispatch today reports that strikes are now threatened throughout Germany and that the government, fearing revolution, has occupied all public buildings in Berlin and is patrolling the streets with machine guns and artillery.

The government, according to the Copenhagen report, has discovered that funds have been smuggled into Berlin from Hamburg, scene of the late unsuccessful Spartacist coup.

Thirteen thousand laborers engaged in the distribution of food are threatening to go on strike.

PAROLED MAN SOUGHT ON CHARGE OF DUPING PARENTS OF CONVICT

Aged Father and Mother of William Branson Say \$225 Paid for Parole.

Salem, July 2.—Alleged to have duped Mr. and Mrs. M. J. Branson of Grande Ronde into paying him \$225, with which to secure the release of their son, William Branson, serving a life sentence in the state prison for murder, John Connors, a paroled convict, is being hunted by police over the state as the result of disclosures of the alleged duping made to Governor Olcott by the aged couple, when they visited Salem Monday for the purpose of taking their son home with them. Branson was sent up from Yamhill county, March 2, 1917, for the murder of William Booth of near Williamine.

According to the story told Governor Olcott by his aged parents, Connors, whose parole was secured through the intercession of District Attorney Evans of Portland some time ago, offered to secure the release of Branson on parole for the sum of \$225. This amount the aged couple borrowed from friends in the neighborhood of their home, having exhausted their own means in the defense of their son at two trials for the murder of Booth. Not until they had told their story to the governor did they realize that they had been duped by Connors.

Connors, who was one of the important witnesses in the state prison parole scandal last fall, is believed to have fled the state.

Gold Hill Robbery May Lead to Murder Sensation, Is Belief

Modford, July 2.—A Josephine county sheriff was here Tuesday conferring with Sheriff Terrell of this county regarding the possibility of a murder sensation which may follow the finding of the stolen plunder obtained by burglars who recently robbed the Bowers combination drug and jewelry store at Gold Hill, cached in Josephine county near the Jackson county line not far from the Rogue river.

This stolen booty, amounting to several hundred dollars' worth of property, mostly jewelry, was discovered this week, and the fact that some bloody rags were found nearby, indicating that a body had been dragged from there to the river leads the Josephine county officials to think that a murder might have been committed. To make sure they have sent for grappling hooks, and will drag the river bottom in that vicinity next Friday and Saturday.

They go on the theory that the burglars might have quarreled over the booty, during which one of them was killed and his body dragged to the river, weighted, and thrown in. A Josephine county deputy sheriff was here Monday conferring with Sheriff Terrell about the matter.
