WANTED

The Boss just returned from a very extensive and successful trip buying used cars, and informs us that he purchased approximately 100 good cars at prices that will permit us to reself them far below their actual values. It is an acknowledged fact that we have been selling cars at a much lower figure than any of our competitors, and now, right at a time when there is a pronounced shortage of new cars, and used car prices have gone sky high, we are going to sell high grade late model slightly used cars at prices that will no doubt cause the ever suspicious fellow to think they were probably obtained quietly at night without any arguments with their former owners concerning price or clear title. WE PAY CASH for used cars. Be sure to

Remember, folks, we are on the East Side, out f the high rent district.
