

Scheidemann Seeking to Avoid Publicity and Remain in Seclusion in Switzerland

EX-CHANCELLOR OF GERMANY REFUSES TO TALK POLITICS

Philip Scheidemann Slips Away From Hotel in Berne, Going to Secluded Villa of Friend.

APPARENTLY UNDER STRAIN

Attitude Directly Opposite to That of Kurt Eisner, Bavarian Leader, Who Liked Publicity.

Berne, Switzerland, June 30 (via Paris, France, July 1).—(Delayed)—The former German chancellor, Philip Scheidemann, after conferences with two leading Swiss Socialists and arranging to speak with some of the international Socialists coming from other countries, has left the Hotel Bernerhof for the secluded villa of a friend in another canton. During his brief stay here he occupied the same room which Kurt Eisner of Bavaria had occupied a few days before going to his doom in Munich.

In demeanor Scheidemann appeared nervous, just as Eisner was at the time when he was stopping here, but there was a great difference between them in meeting people. When I approached Eisner in his hotel during the latter part of his stay in this country he eagerly discussed his hopes for Germany and the German people. He openly attacked militarism and the world domination scheme, expressing the hope that the people of Bavaria would take the first step to bring on a real peace of good will and understanding between all the German people and the rest of the world. He also discussed the socialist plans at length.

When I approached Scheidemann he declared that he was surprised that his whereabouts had been known in this city, and wanted to know how the information was secured. He had come by automobile, and had asked that nothing be said about his visit. He avoided speaking to anyone except those he has especially come here to meet, and ignored even some important men from Berlin, to whom he merely bowed in recognition. Replying to a rapid fire of questions, he said:

"I cannot discuss the purpose of my visit here, the length of my proposed stay in Switzerland, or my plans for the future. All that has been done by me in the past has been for the happiness of the German people, and all my efforts in the future will be in the same direction. What my future will be is not matter. What is to be the fate of my beloved country and my countrymen does matter. Whether there will be peace and order in Germany and what the outlook is cannot be discussed by me at the present time. What I have talked about

WILL SHE BECOME A QUEEN?

Miss Josephine Marie Kelly of Chicago, who is now in Athens as a member of the American Red Cross, is receiving marked attention from King Alexander of Greece, whom she met last January at a tea given in the home of Greek friends. King Alexander, according to the story, made no attempt to conceal his admiration for the attractive American girl. Will the king marry the American girl?

and where I am going is not for the public. Neither have I one word to say about the press reports regarding the alleged hostility and the plots against me."

POLES URGE THAT TRUTH OF JEWISH CASES BE SOUGHT

Charge Made That Outcry Raised Is Arranged By Jewish Elements Which Welcomed Hun.

MISREPRESENTATION CLAIM

Facts as to Treatment of Jews By Police Known to Three Citizens of America, It is Said.

By Anthony Casareck
Special Correspondent to The Journal and The Chicago Daily News.
Cracow, Poland, June 15. (By Courier to Paris, June 19).—Wojciech Adalbert Trampczynski, speaker of the Polish diet or constitutional assembly, with Wojciech Adalbert Korfanty, one of the leading floor leaders of that body, as well as other legislators and Polish government officials, appeals to the press and the people of the United States and Great Britain to ascertain the truth about the Jewish question in Poland and the cause of the outcry raised in mass meetings based upon the alleged pogroms against the Jews.

The deny that the Polish nation is intolerant and point to the Protestants and Mohammedans living in peace among them and at the mass of Jews who refuse to join in the clamor against the Poles. They make the definite charge that the outcry raised against Poland at this time has been arranged by the same Jewish elements, which, when German troops entered Warsaw and other places, threw flowers in their path and, when the Polish army forces drove out the Bolsheviks, fired from houses and killed Polish soldiers in an effort to help the retreating enemy. Mr. Trampczynski declares:

OPONENTS ARE ACTIVE
The outcry regarding which we have reported in part of yesterday's issue is a deliberate attempt to misrepresent the entire Polish nation and its present government at this time for the purpose of securing special rights and privileges over and above equal citizenship for the Jews and, with them, for the Germans and as many other of the so-called minorities to be created. Starting in Berlin and Vienna the outcry has been carried across the ocean and reputable Americans, who, like ourselves, abhor lawlessness and brutality, have been misled into taking action against us.

FACTS MISREPRESENTED
"Take the case of the alleged pogrom in Vilna, which Berlin and Vienna newspapers declare when the Polish troops entered and drove out the Bolsheviks. Not only was the number of civilians killed or wounded in Vilna during the struggle against the Bolsheviks exaggerated but the facts were misrepresented, although the truth from an unbiased and impartial source could have been learned.

JEWIS HELD RESPONSIBLE
Then take a case a few days ago when trouble was started here in Cracow. Arrests have shown that German agents, working with Jewish Bolshevik sympathizers, were at the bottom of the trouble, but outside of Poland, by the use of money and influence this will be covered up and the cry will be raised that it was a pogrom against innocent Jews. It is true, as your London correspondent said, that you cannot fool all the people all the time, but there are so many being deceived by this unfair, unjust and dishonest propaganda against us that it will take both time and effort to get the full truth before the eyes of all the people. The Poles are not antisemites and they are not assisting the Jews as such. Our people and our army are against those who exert all their efforts to pave the way for Trotsky and his ring.

"When the shackles of Poland were being removed there was a group of Jews, who, having thrived during the time when German and foreign powers oppressed us, worked up an opposition to our freedom. These were the Jews who were responsible for the death of hosts of women and children for the want of the food which these men hoarded. They also caused the doom of thousands of the best Polish citizens at the hands of the German and Austrian military by denouncing them as being in sympathy with the allies and against the central powers."

Japanese Encourage Poppy's Cultivation By People of Korea

Seoul, Korea, June 21.—(Via Courtesy, Peking, China, June 24).—The Japanese government has published a new ordinance governing the cultivation of opium in Korea. It contains 20 articles laying down rules for the cultivation, manufacture and distribution of opium.

Cultivators must obtain a permit and the opium manufactured must be offered for sale to the government by a certain date of each year. The government will then sell the drug at a fixed rate to contractors. A foreigner who made a close observation said that more than 1000 acres of poppies are growing in one province. Taking into consideration the fact that the Japanese are responsible for smuggling opium into China, the government's interest in opium cultivation in Korea is most significant. The last Korean budget showed a large sum set aside for the improvement of the cultivation of the poppy.

Sinn Feiners Will Launch Loan Drive

Dublin, July 5.—(I. N. S.)—The Sinn Feiners will open their "Victory loan" drive within 10 days, it was announced today. The leaders anticipate success and plans are being made for meetings and parades with plenty of brass band music. Some believe it will be over-subscribed. The allotment of subscriptions is being made in proportion to the size of the Sinn Fein vote in the last parliamentary election.

HUNGARIAN SOLDIERS NOW REALIZE THEIR CAUSE IS HOPELESS

Men Begin to See They Are Fighting for Benefit of Group of Ruthless Dictators.

Budapest, Hungary, July 1.—(Via Paris, July 7).—With a handful of workmen, soldiers and officers forced into the service, the Hungarian army started on a venture inspired more by fatalism than by good judgment. The peasants, bourgeois, communist clerks and townsmen did not join the army. Only workmen in the factories were caught in the militaristic dragnet and led into a war so apparently futile that it is now a debacle and the deathly hand is being abandoned to the enemy.

SACRIFICED FOR DICTATORS
Soldiers in the Red army are asking themselves why they went into this fight and why their leaders did not decide that it was impossible for a few divisions to conquer the world. The Red army is awakening to the truth of the state of affairs in Hungary and today it realizes that it has been made to sacrifice itself for the sake of a few dictators.
