

OREGON SOLDIERS TO GET CLEMENCY

Court Martial Sentences in France Will Be Remitted, Is Information to Chamberlain.

Washington, July 17.—(WASH-INGTON BUREAU OF THE JOURNAL)—Lieutenant Colonel S. T. Angell, judge advocate, has notified Senator Chamberlain that he has approved recommendations of the army clemency board for remission of unexpired sentences and the restoration to duty of seven members of the 147th field artillery, confined at St. Jorre, France.

These men were court martialed for a raid upon a Frenchman's wine cellar and were sentenced to dishonorable discharge, forfeiture of pay and imprisonment for one year. Four of the men—Cook John Payne and Privates Ernest C. Handt, Carl W. Elled and Vane H. Seely, were of Company A of Portland, the others, Wagoner Fred O'Rourke, Sergeant Claude Duval and Private Daniel Casey.

Their counsel, Captain James S. Gay Jr. of Portland, has contended that the sentences were excessive and that, with sentences of two to three months imposed upon 10 other members of the same regiment for a similar offense, he pointed out that the men were probably, except for this misstep, for a year in France, five months of the time in the front line.

Rule to Conserve Water in Medford Passed by Council

Medford, July 17.—Owing to the enormous consumption of water in Medford during the present hot spell, and the necessity of keeping enough water in the reservoir for fire service, the city council has restricted sprinkling to every other day from 8 a. m. to 11 a. m., and from 4 p. m. to 11 p. m.

City Garbage Collector Released Medford, July 17.—E. Y. Allen, city garbage collector, was Wednesday released for a day from the county jail, to which he was committed Tuesday on a 15 days suspended sentence imposed two weeks ago by Justice Taylor for throwing carcasses of dead animals on his garbage dumping ground just outside the city, in order that the justice might investigate further. Allen claims that he is being maliciously persecuted.

Tacoma Man Mails Bail Money When Informed of 'Arrest'

E. M. McDougall of Tacoma was "arrested by mail" and released on bail by the Portland police Wednesday. This unusual procedure was brought about on the complaint of A. B. Campbell, manager of the Multnomah hotel, who recently swore out a warrant charging McDougall with defrauding an innkeeper on April 11, 1918, of \$33.22. The defendant was contacted by the Tacoma police on telegraphic request and he was notified of the warrant. Accordingly he sent by mail \$200 in bail money and was duly entered on the police books, with the notation that he had been arrested and released.

Boy Says He Killed Wife of Dr. Wilkins, Who Died Convicted

Freehold, N. J., July 17.—The report of a 14-year-old boy, who says he killed the wife of Dr. Wilkins of Long Beach, L. I., for whose murder her husband, Dr. Walter Keen Wilkins was recently convicted, will be investigated by the authorities. It was announced Wednesday. Young O'Brien is awaiting extradition to New York, having been arrested after he beat his employer, Gardner S. Hull, to death with a hammer. He is said to have told fellow prisoners that he also killed Mrs. Wilkins, who was slain with a hammer. Dr. Wilkins was convicted on circumstantial evidence, though he maintained that burglars killed his wife. He hung himself in the Mineola, L. I., jail while awaiting sentence of death.

Missile for Husband Strikes Passerby

Mrs. C. Egan, 291 Third street, interrupted an argument with her husband Wednesday afternoon by hurling a flat file in his general direction, according to the report of Motorcycle Officer Schad, who was called to the scene. The file missed Mr. Egan, but struck Mrs. D. A. Wells, who was passing the home, and inflicted a painful wound on her chest. Officer Schad took Mrs. Egan into custody, but when she agreed before the city attorney to pay Mrs. A. Wells' medical bills, she was released.

Chester G. Murphy Reaches New York

Chester G. Murphy, Portland attorney who has been overseas during the past year, has arrived in New York and will be in Portland within a week, according to word sent friends here today. Mr. Murphy has been in Y. M. C. A. service and as a secretary had charge of inter-division athletics before the armistice was signed. Thereafter he was transferred to the Aix La Bain rest camp.

America Not Going To Annex Mexico

Washington, July 17.—"There is no foundation for the press reports stating from South American countries that this country has determined upon armed intervention in Mexico to assume control of the Mexican government," Third Assistant Secretary of State Long declared today. "The United States has not determined upon that policy," he said.

Great Northern Is Honor Road During 'No Accident' Week

Highest honors in the "no accident week" campaign, held on the Northwestern regional roads during the week of June 21, go to the Chicago Great Northern road, which had a higher number of employees than the O-W. R. & N., also claimant for first honors, according to a report received by J. F. Grodzki, supervisor of safety for the O-W. lines, from H. J. Bell, regional supervisor of safety at Chicago.

Both roads had perfect records and the O-W. takes first honors for the operation of the greatest track mileage without accident, says Bell. During "no accident week" this year there were total 11 accidents, of which five were fatal, as against 481 accidents and six fatalities the same week in 1918. The entire Northwestern region made a reduction of 79 per cent in its report of accidents.

HOLDINGS OF LAND COMPANY CRUISED BY FEDERAL CREW

125,000 Acres to Be Traded for Stumpage in Washington When Congress Acts.

Bend, July 17.—Concluding reconnaissance and cruising in the country surrounding the Summit ranger station in Deschutes county, a forest survey party under the direction of K. P. Cecil, has broken up some of the party going on the Ochoco forest, others to the Umpqua forest.

As a result of the survey 125,000 acres of timber, privately owned and belonging chiefly to the Fremont Land company, has been estimated, and, as soon as the necessary legislation can be put through congress, it will be exchanged for national forest stumpage in Washington.

It is intended to make more compact the area of the Deschutes national forest.

Irrigation Meeting Held Bend, July 17.—That facts concerning irrigation projects may be presented to geologists and engineers of the United States reclamation service more intelligently, the irrigation committees of the commercial clubs of Croxy, Jefferson and Deschutes counties met in Bend Wednesday. With the arrival of Professor W. O. Crosby, geologist; Homer Hamlin, geologist and engineer, and A. J. Wiley, engineer, a thorough investigation will be made of the Benham Falls reservoir site on the Deschutes river, which is held for irrigation reservoir purposes by the national government.

Dodge Is Appointed U. S. Ambassador to Yugoslavia, Report

Milan, July 17.—(L. N. S.)—President Wilson has appointed H. Percival Dodge, of Boston, to be United States ambassador to Yugoslavia, according to a dispatch from Flume today, quoting the Croatian newspaper Zagabria. Mr. Dodge was born in Boston in 1870, but has lived abroad a great deal of the time. He was formerly secretary to the American embassies in Tokio and Berlin. Early in the war he was special agent of the state department in Paris and was placed in charge of German and Austro-Hungarian interests in France.

REGAINS APPETITE AND AMBITION BY BUILDING UP BLOOD

Oregon Woman Acknowledges Her Indebtedness to Dr. Williams' Pink Pills for Her Health.

"When a woman has been anemic a large part of her life and has finally found a remedy that restores her strength and happiness, think it her duty to tell others what has helped her," says Mrs. Clara Winters, of R. D. 2, Box 443, Milwaukie, Oregon. "I had suffered from anemia as long as I can remember," she says, "and some time ago I began to feel run down. I lost ambition for my work and was tired all the time. For a long time I wouldn't care about eating and when I ate a good meal my stomach was upset and I suffered from headaches and was very nervous."

"My mother read about Dr. Williams' Pink Pills in a newspaper and she insisted that I try them. I procured a box and a few days after starting the treatment my appetite improved and then gradually I regained my strength. My color is much better now and I am ambitious and active. I owe my health to Dr. Williams' Pink Pills and have told many of my friends about the remedy."

Dr. Williams' Pink Pills are sold by all druggists, or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., at 50 cents per box, six boxes for \$2.50, postpaid, on receipt of price. Write for the free booklet on nervous disorders and "What to Eat and How to Eat."—Adv.

178 White Tub Skirts In a Sale Tomorrow at \$2.85

12 Lovely Models Best Tub Fabrics

—One of the best known manufacturers of tub skirts in this country gave us a large lot of skirts—some of them which he classed as "sub-standards"—at a great concession in price last February.

—Again this same manufacturer comes forward with more skirts of the same sort, "sub-standards" because some of them have tiny oil stains, which one tubbing will remove, others dropped stitches, etc.

—The imperfections are not noticeable and the styles are wonderfully smart. Such favorite fabrics as surf satins, cotton gabardines and fine voiles. Nine models equally as pretty as the three sketched!

—Third Floor, Lipman, Wolfe & Co.
