WASHINGTON, July 31.—(U. N. S.)—The early embarkation of the entire American force of troops in Northern Russia, less a small detachment for transfer of property and the disposition of the American dead, is reported by Brigadier General Richardson, commanding, in a communication received from General Pershing at the war department this afternoon.

General Pershing has ordered General Richardson to withdraw headquarters and return as soon as practicable.

Galveston, Texas, July 31.—(U. P.)—Forty Villistas were killed, 11 taken prisoners and many wounded in a battle between Garza's cavalry and Villistas, under command of Pancho Villa, near Las Vegas, on the state line between Durango and Chihuahua, Mexico, yesterday.

United States troops took a hand in the race riot fighting for the first time today when Captain B. Maloney, in charge of a motor transport company, captured seven men, 19 revolvers, four knives and a quantity of ammunition, which they turned over to the police.

Troops of the Illinois reserve militia are on guard in Chicago's riot zone today and reports indicate comparative quiet in that city, which yesterday, Sunday, has been seething with battles between whites and negroes. Only sporadic fighting is reported and there have been no killings since early yesterday.

FUSILADE GREETED SOLDIERS A withering hail of fire greeted the first units of the troops that entered the troubled district. As the troops lined up after their arrival, fusillades of shots came from doors, windows and alleyways where snipers were hiding. The soldiers were ordered to concealment. The troops returned the fire but no casualties were reported.

Shortly afterward troops and negroes clashed on Thirty-eighth street and Racine avenue. For the most part, however, the arrival of the troops was the signal for the rioters to withdraw to their homes and only occasional shots from stragglers on the railroad tracks came thereafter.

TROOPS DISPERSE MOB Troops aided the police to disperse a mob at Thirty-eighth and Dearborn streets after Sam Banks, a negro, had been shot in the abdomen. Soldiers were fired upon by a mob at Sixty-third and Loomis streets when a band of negroes started to drive a white people from the streets in that vicinity. The mob was dispersed without casualties.

In incendiaries have been setting fires in the riot zone and one of the most serious clashes between troops and rioters took place today when soldiers endeavoring to extinguish a fire that destroyed 10 stores and several residences with a loss of \$125,000. Small fires are burning today in numerous places throughout the district.

A report that many negroes employed in the dockyards have been tossed into the Chicago river and drowned caused the police today to start dragging the river for bodies.

Soldiers aided by the police, are combing the riot district, searching for negroes and whites for weapons and disarming every rioter found to be armed.

BIG ATTACK PLANNED The call for the militia came after special investigators sent out by the mayor and by state authorities had learned of reputed plans of a number of South side clubs and other white organizations who had summoned their members and were preparing to attack the negroes in force with the intent of wiping out the entire "nigger belt." Torch parties, it was reported,

were being organized to fire the homes of the negroes.

The coroner's inquest into the cause of the riot has been postponed indefinitely until the exact number of dead has been officially determined. The most accurate report today is that 30 have lost their lives, three of those wounded and taken to hospitals having died since yesterday.

The grand jury investigation of the riots is under way and a thorough investigation is being made by federal authorities.

DEATH PENALTY WANTED The state attorney's office has announced that the death penalty will be demanded for all those found guilty of murder during the riots, whether they be white or black.

The city council has given Chief of Police Garrity authority to employ immediately 2000 additional men.

The spectre of hunger also is stalking through the riot district today as it has been impossible for deliveries of food supplies to be made in the troubled zone. Many negro families are reported on the verge of starvation.

Reports from towns surrounding Chicago tell of race disturbances in several places. At Bloomington, Ill., a mob of negroes attacked Mrs. Kate Cecil, white, after she had chased several negro children from her yard. Negroes from Chicago have fled to Aurora and other suburban towns and authorities here are taking precautions to prevent outbreaks. Sale of all firearms and ammunition at Aurora has been forbidden.
