BUTTER MARKET IS -MIXED IN COUNTRY; PRICE HERE STEADY

Small Demand Shown for Cubes-Leading Interests Inclined to Go Slow About Stocking Up.

erratic throughout the country recently. The Eastern markets have been advancing, and especially so at tidewater. On the Pacific coast there has been unexplained weakness and loss of price in San Francisco, while no change is shown at Portland or on Puget Sound.

Leading creamery men say that demand for print butter continues favorable, even though there has been less snap recently in the local territory for cubes. Despite this good call for prints, there is no disposite this good call for there is no disposition among tutter to stock up with ampolia, because cost of liring aguation. Everyone is

of values.

Fallure of the scheduled advance in butter
to materialize at Pacific Northwest points is
explained by some of the trade as due to the
unexpected decline in California.

Little dairy butter is arriving here, but there
there are the demand at good prices.

PEACH TRADE HOLDING STEADY Trade in the peach market is holding steady slong the wholesale way. Nothing but early stock is coming from the home territory and considering this values are well maintained.

PEAR PRICES CONTINUE HIGH While pear prices here continue higher than any other place along the Pacific coast, with Bartletts selling at \$3.75@4 per box, the demand is by no means heavy, and a bigger supply would force a sharp reduction.

CHICKEN PRICES LOWER AGAIN
Another cent a pound has been generally cut off the selling price of chickens along the street, with heavy hens at 27 @ 28c and the lighter weights at 25 @ 26c a pound. Ducks and geese are hard to move at any price.

September . 72 ½

POI of the selling price of chickens along the street, with heavy hens at 27 @ 28c and the lighter weights at 25 @ 26c a pound. Ducks and geese are hard to move at any price.

BRIEF NOTES OF PRODUCE TRADE September Onions are firm at unchanged values. String beans not so plentiful; market firmer.

Billy Garrett Is Real Optimist

Has Good Report to Make of All Crops in the Interio .

By Hyman H. Cohen ern and Central Oregon, likewise salesman for a Portland wholesale grocery, and is filled to overflowing with good things to tell of the interior sections. If the day arrives that "Billy" ever loses his optimism, then goodby for the entire Central Oregon country for he is an institution there. Hear his latest reports of his wondercountry. He has segregated them

by districts: "Kent and Grass valley sections Sherman county, where they did not expect much of a grain grop, has a much better showing than a year ago. "In the Madras country and all through the Deschutes the actual harvest shows interesting yields and everyone there is much encouraged. "Prineville, Post and around Paulina the hay crop is a trifle short, but not as bad as expected.

Condon, the yields of wheat are above tions of Morrow county show actual yields far in excess of what had been believed possible.

shape. There is nothing more to say. Those desiring special information regarding any market should write the 68 Market Editor, inclosing stamp for re-

"Stock in all sections is in good

Small Trading in Coarse Grain Pits

By Joseph F. Prichard Chicago, Aug. 8.—(I. N. S.)—The trade in grain spent most of the session in backing and filling. There was no incentive to enter deep speculative waters as either a buy or a seller, and commission houses demanded caution in making new commitments. Corn closed % @

have steadied considerably, corn starting today I cent lower to 1 %c higher, with oats opening unchanged to %c lower. In the corn market there was scattered commission house selling in COUNTRY MEATS ARE VERY SLOW

Country meat markets are very slow at this time along Front street. Hogs are shard to move even down to 28c for tops, and some sales have been made as low as 27c. Veals are aluggish at the prices named.

TOMATO GROWERS IN RICH DEAL WITH AN EXTREME PRICE HERE

Crop Ripening Unusually Slow and Demand Continues Strong-Puget Sound Is Purchasing Supplies in the Portland Trade.

Tomate growers of Columbia river and local sections are getting rich at the Sound is ordering supplies here and Cal-

"Gilliam county and especially around at the extreme price there is not a sufficient condon, the yields of wheat are above supply coming forward. Kay Yameshiro, representative of the Japa-nese growers of the Columbia river section, shipped about 1000 boxes to Seattle last night, because of the shortage in that section. because of the shortage in that section.

While the tomato acreage of the Pacific Northwest is about a third greater than a year ago, the stock has ripened so gradually that the output has not kept pace with the denated.

> Weak Tone in Stocks Is Followed

STOCKS CLOSE STRONG

New York, Aug. S.—(1. N. S.)—The stock market closed strong. Steel commen sold up to 103 ½ but closed at 103. Baldwin Locomotive after moving up 5 points to 104 ½, reacted at the close to 103 ½. United Food Products from a low of 76 ½ rose to 80 ½ and Mexican Petroleum rose 3 ¼ from the low to 175. Texas Pacific yielded 5 ½ to 45 ½ and railled slightly. General Motors was finally 217; U. S. Rubber, 125 ½; Southern Pacific, 95 ½; United Cigars, 197; Central Leather, 96 ¾, and Grucible, 134 ½.

New York, Aug. 8.—(I. N. S.)—There was a complete reversal of stock movements and speculative sentiment at the opening of the stock market today. The issues which had shown such pronounced weakness in yesterday's trading showed an urgent demand and during the first 15 minutes gains ranging from 1 to over 6 points were recorded. United States Ste common was heavily bought and started with an advance of 2½ at 102% and after a reaction to 102% moved up again to its opening price.

Baldwin Locomotive, Bethlehem Steel B and Baldwin Locomotive, Bethlehem Steel B and Crucible Steel made gains of about 3 points and other industrials moved in the same way.

The extreme advance was made in United States Rubber, which responded to the news of the capital readjustment with an advance of 6 ½ to 128 %. Declines were recorded in some stocks but they were chiefly in issues which had not been traded in yesterday afternoon and were influenced this morning by the appearance of a few belated selling orders.

The market developed an irregular tone which turned into weakness in the late forenoon, although a few specialties were active and strong.

strong, Steel common, after selling at 102%. dropped to 101, and Baldwin Locomotive fell 2 ½ to 103 U.S. Rubber was in supply after its advance of over six points to 128 % and fell strong exception, moving up 4 1/2 to 117. IN THE EARLY TRADING of Trade building:

Consumers to Get Tips Here On the Market

Crabapple time has arrived. It comes every year just about this period, but there are few consumers who are willing to admit of its presence until the season is about to

Every season of late the average consumer seems to have made the same mistake of waiting too long to secure his crabapple supplies. They are just now arriving in fairly good supply and the quality is favorable, with indications of the present price being the most favorable for the consumer. They are generally selling to the retailer at \$2 per box that contains about 40 pounds of fruit.

Three distinct varieties of erabapples are offered. The chief in regard to quality and demand is the Siberian. It is considered the best jelly maker and is of very small size. Then there is the Transcendent, which is of lighter color than the keeper in the fresh state. Very good jelly crab.

Transparent crabapples are of somewhat larger size than the other two mentioned. They are sweeter and scarcely as good for jellying. Most of these are used for pickling.

large combinations contemplated.

eral government, to control, not only the activities but the corporate functions of

interstate carriers.

A plea that the business men of the United States "take stock of themselves" and recognize clearly their responsibility to the country and government in its present day problems, was voiced by Frederick J. Koester of San Francisco, a director of the United States chamber. Koster urged that the business men should not be forestful of what called kaster urged that the business men should not be forgetful of what caused them, during the period of the war, to willingly sacrifice their own life when necessary, but to remember that they were always "an integral part of a great nation and should develop sactionally as a contribution to the davelopment New York, Aug. 8.—(I. N. S.)—

Prices on the stock market broke violently at noon today, but the violently at noon today, but the of the nation and continue actively their of the nation and continue actively their work of nationalizing business for the READY FOR SACRIFICE

"We have just passed through the period," he said, "where in defense in period," he said, "where in defense of our nation and the maintenance of the ideals upon which it is founded, we were willing to sacrifice our own life us get the full importance of this and get a thorough understanding if we can of what that really is for which we were prepared and for which many did

make the supreme sacrifice. "In order to win the victory in fense of our rights, it required the best utilization of every national resource the highest activity the business man or the nation. It proved perhaps as nevel before that the real leadership in the practical affairs of the nation con of the men of business. Today, we of the Pacific coast are having conferred upon us the benefit of the visit from the directors of the Chamber of Commerce of the United States, that organ which is uniting on a national scale the forces of business throughout all sec tions of our country.'

PRESS AGENT FORMERLY

WITH STARS AND STRIPES S. T. Early, accompanying the party of United States Chamber of Commerce officials who were in Portland Thursday, is going back to the service of the Associated Press as soon as the present four ends. He is, incidentally, one of the busiest men in the party, being its

official press agent. Early was a Washington corresp ent for the A. P. when war was de-clared. Shortly thereafter he was en route overseas as a member of an army machine gun unit. As an officer in army he was assigned to duty with Stars and Stripes, the official A. E. F. publica-tion, and when the war closed he was assistant officer in charge.
With Stars and Stripes Early met

man, formerly of The Journal, and Seth Bailey, who worked on several country newspapers in the state before he went to war and achieved distinction with his "Henry" letters in the Stars and Stripes.

HAPPY DAYS IN PORTLAND

RECALLED BY FERGUSON Introduced to Portland in 1893 as a little known officer of the United States dent of this city until 1896, Homer L Ferguson returned on Thursday as pres-ident of the United States Chamber of Commerce and president of the Newport News Dry Dock and Shipbuilding com-pany, one of the largest concerns of its kind in the nation, to renew acquaint-ances and to tell the stories of the happy

years he spent in Portland.
"It was here that I built my first ship "It was here that I built my first ship,
Ferguson told President Harry L. Corbett of the Portland Chamber of Commerce yesterday. "I was only 23 years
old then, but had faith enough in the
business to combine muscular powers
with "Jimmy Montague," (former Portland newspaper man; now with the Hearst papers as a popular versifier) in building a tiny pleasure craft from your Port Orford cedar.

"Our maiden voyage was a delight and a howling success until we have clos to the Morrison street bridge. Ther cased pillars under the bridge and Jim mie and I found ourselves gurgling in the water. The ship was a total wreck."

Since that happy day Ferguson has kept his dream of shipbuilding bright and is a recognized leader in that spe-cial endeavor, being actively at the head of one of the nation's important build-

\$347,704.00 Klamath County, Oregon 5% ROAD BONDS

DENOMINATION \$1000.00 (Except one fractional Bend of \$500 and one \$204.) This issue of Bonds is a direct and general obligation of Klamath County, and constitutes the only bonded debt outstanding against taxable property, the assessed value of which is over \$17,000,000. Klamath County has an area of approximately 6000 square miles, most of which offers unlimited commercial and agricultural opportunities. We recommend these Bonds as most desirable and safe investments.
