

### SESSION DEMAND HELD NOT CRYING

#### Perusal of Letters From Legislators Shows But 25 Who Indicate Enthusiasm.

Salem, Aug. 13.—That there is no crying demand for a special ratification session of the legislature on the part of the legislators themselves, especially as their own expense, is plainly evident from a perusal of the more than fifty letters which have been received by Governor Olcott since the suffragists started their agitation in an effort to create a demand for the call.

Of the 53 legislators who have expressed themselves to far, only 25 display any degree of enthusiasm over the prospect of a chance to sacrifice time and money in a journey to the state capital for the purpose of placing their stamp of approval on the amendment granting to the women of the nation the right of suffrage.

Of these 25, eight are senators and 17 are members of the lower house. This is only a little better than one-half the stipulated majority of voluntary petitions set forth by the governor as one of the conditions upon which he would issue the call for the session.

#### SPRIT NOT FOR SESSION

Most of the others, while willing to attend the session "if it is called," hedge their petitions with many qualifications as to be hardly recognizable as voluntary and can hardly be regarded as meeting the spirit of the governor's stipulation. Many of them modestly proclaim that they view the condition as unreasonable and unjust, in the light of the surrounding circumstances, but press a readiness to abide thereby, if the session is called.

Their petitions cannot be regarded as urging the necessity for a session, or as displaying any great desire to foot the bill if the session is brought about. Others are openly opposed to footing the bill, but they agree to the condition if it shall be necessary in order that the governor will issue the call.

#### MRS. M. L. T. HIDDEN OPPOSED

Speaking as "one of the real suffragists of our state," Mrs. Maria L. T. Hidden, of 189 Laurelhurst avenue, Portland, in a letter received by Governor Olcott today, highly commends his action in refusing to call the proposed special session of the legislature without some more manifest demonstration of the militant woman's party.

#### MARTIN IS WILLING

"It is amusing and disgusting to those of us who know what obstructionists those militant women's party women have been to read of their sobbing efforts in Salem.

### INJUNCTION IS SOUGHT AGAINST ASSOCIATION OF ALASKA PACKERS

#### Injured Worker Says Dummy Company Was Formed to Evade Payment of \$12,000 Judgment.

Suit against the Alaska-Portland Packers' association to restrain it from the payment of sums owed to the Cannery Supply company, a firm in its employ, was filed today in the circuit court by Lorenzo Malpica, a cannery worker who holds a \$12,000 judgment against the Cannery Supply company.

Malpica alleges that the Cannery Supply company is a dummy corporation formed for the purpose of concealing their assets and evading the payment of the \$12,000 judgment which he holds against the Cannery Supply company.

The judgment was secured by Malpica in the circuit court against individual Chinese. He charges that they formed the corporation to evade the personal liability and to escape execution on the judgment. Chinese named are wealthy merchants of Portland doing business under the name of the Kwong Sun Yuen company. They are Wong On, Wong Gee, Kwong Mun Yuen, Wong Moy, Wong Gai, Sam Hi and Wong Hing.

### Railroad Conductors Ask Higher Salaries

Washington, Aug. 13.—(I. N. S.)—Another group of railroad workers—the conductors—have asked the railroad administration for increases in wages. Walker D. Hines, director general of railroads, announced this afternoon that he had received a formal request to this effect from the Order of Railway Conductors. The average present wage of passenger conductors is now \$180 a month, and that of the freight conductors \$5.40 a day. This wage scale was established last April. The increase asked for was not revealed.

Strengthens permanently. Endorsed by physicians—sold by druggists.—Adv.

#### What to Use and Avoid On Faces that Perspire

Skin, to be healthy, must breathe. It also must perspire—must expel through the pores its share of the daily waste material. Certain creams and powders clog the pores, interfering both with elimination and breathing, especially during the heated period. If more women understood this, there would be fewer self-ruined complexions. If they would use ordinary mercurized wax instead of cosmetics they would have healthy complexions. This remarkable substance actually absorbs a bad skin, also unclogging the pores. Result: The fresher, younger under-skin is permitted to breathe and to show itself. The ex-quisitely cool complexion gradually peeps out, one free from any appearance of artificiality.

Obtain an ounce of mercurized wax from your druggist and try it. Apply nightly like cold cream for a week or two, washing off mornings. There's nothing quite so good for an over-red, tanned or freckled face.—Adv.

### Would Honor Aviator Offer Name for Field

#### Portland Attorneys Suggest Memorial to Young Man Who Died in France

That the proposed Portland aviation field be named in honor of the late Stewart Freeman, former Portland attorney, who lost his life in a railway accident in France, while serving with the American expeditionary forces, is the suggestion of Barge E. Leonard, president of the Multnomah Bar association, himself a former army man, made this morning to Acting Mayor Bigelow.

Stewart Freeman, who joined the service early in America's entrance into the war, had won his commission as an airplane pilot shortly before his fatal accident.

He was a prominent Portland boy, a graduate of Stanford university, and had established himself in the practice of law in Portland shortly before he entered the army. That his name should be thus memorialized in Portland's flying field is the idea advanced by Leonard and other Portland attorneys.
