COMMISSION ASKS RETURN OF RAILS

Oregon Body Wires Interests of West Will Be Best Served by Private Ownership.

Salem, Aug. 21.—Prompt return of the railroads to private control is urged in a telegram sent Wednesday by the Oregon public service commission to Charles E. Elmquist, chairman of the National Association of Railroad and Utilities Commissioners at Washington, D. C.

The telegram is sent in lieu of a delegate from the state commission to a conference at Washington, Saturday, at which this question is to be considered. It follows:

"This commission is convinced; first, that the interests of the country at large, and particularly of the West, will be best served by prompt return of carriers to private management, reserving to proper state and national authorities the right to regulate and review all rates, services and practices; second, that public interest requires that congress avoid general rate disturbance, with resultant confusion, by legalizing present rates, both state and interstate, until such time as the same are changed by appropriate procedure before proper regulatory bodies, with restrictions to prevent eleventh hour moves advancing rates before return.

"Radical legislation of any character would inevitably cause disorder of such proportions that it would immeasurably affect industries and thereby deprive railroads of just earnings and shippers of just service. Neither passenger, nor class nor commodity rates should be fixed by law.

"Having confidence in your ability and integrity, we authorize and urge you to represent us in these hearings. We should be glad to have a member of commission present, but the distance is too great and the time too limited to enable us to be of any practical assistance. Please supply copies to Oregon delegation."

Pendleton to See Exhibition Flights

Pendleton, Aug. 21.—Pendleton is to be treated to a few exhibition airplane flights this week and another week will probably see two planes here carrying passengers for short flights. E. F. Roth of the Ace Aircraft corporation of Portland, is here with a plane, and V. L. McCroskey of Salem, representing the Webfoot Aircraft company, is also here arranging for flights.

Mother Saves Three Children From Fire

Spokane, Aug. 21.—(U. P.)—When the Charles Tanner home on Five Mile prairie north of the city, burned, Mrs. Tanner dashed into the flames and succeeded in saving her three small children, the eldest 4 years old. The home was a total loss.

Astoria Legion Urges Expulsion of Service Evader From Job

Astoria, Aug. 21.—Clatsop post of the American Legion has called a meeting to hear the reply of Manager Nelson of the Union Fishermen's Cooperative Packing company to the request that the company discharge Hannes Huttula, an accountant. Huttula withdrew his application for citizenship during the war. He said that at that time he would not take up arms in defense of the country, and admitted he was endeavoring to return to Finland.

Manager Nelson would not promise to discharge Huttula before September 15, or after the fishing season. This was not satisfactory to the legion, as it was learned that Huttula was endeavoring to quit of his own accord by that date. The post demands that the man be discharged immediately.

LEGION AT MEDFORD TAKES ACTION AGAINST SLACKERS

Medford, Aug. 21.—At its second meeting, the American Legion post of Medford adopted a resolution that the names of all alien slackers of the Rogue river valley who, when this country entered into war with Germany, surrendered their citizenship papers in order to escape army service, be brought to the attention of the post and that action be taken to discharge them from their employment to create openings for American Legion members, and further, to cause their prompt deportation.

Governors to Ask Road Appropriation of \$400,000,000

Salt Lake City, Aug. 21.—(U. P.)—Governor Henry J. Allen of Kansas Wednesday prepared a resolution to be signed by 26 governors, asking an additional federal appropriation of \$400,000,000 for road building on a five year program. States would raise amounts equal to those allotted them.

An exception is made of sparsely settled western states which, under the resolution, would be given larger allotments than the amounts raised by them. The government would pay the entire amount spent on roads through government lands.

Subcommittee Given Authority in Probe

Washington, Aug. 21.—(I. N. S.)—The senate Wednesday passed a resolution giving the foreign relations subcommittee, which will investigate the Mexican situation, authority to call witnesses and ask for books and documents and other powers looking to a complete investigation.

Warships Sent by U. S. to Honduras

Vallejo, Cal., Aug. 21.—(U. P.)—The United States has rushed warships to the coast of Honduras, fearing an outbreak there, it was disclosed today by Captain E. S. Jackson, who arrived here on the cruiser Tacoma.
