HARVESTING, BUT IS

HARD ON ALL FRUITS

Merchants Exchange association has Good showers fell in Arizons, while elsewhere throughout the district the week was warn and dry. The long continued drought has caused a scarcity of drinking water for stock leye and a scarcity of drinking water for stock with the property and a scarcity of drinking water for stock with the property and a scarcity of drinking water for stock with the property and the property water than the property water than

corn in many places in California and this crop, without more rain in the near future, will be short. Outs are ripening slewly in Washington. Truck Crops and Potatoes.

Beans in the southern coast counties in California have improved greatly during the week, and this crop in Cochese county in Arizona is yielding heavily. Potatoes are being shipped from Canyon county in Idaho and they are being harvested in Utah.

Hay Orops. BRIEF NOTES OF PRODUCE TRADE developing in most sections of the oat belt and the movement of the new crop is expected to be delayed.

Huckleberries dropped from 25 @ 20c per for cash oats was brisk. A scarcity of cars is developing in most sections of the oat belt and the movement of the new crop is expected to be delayed.

Nordal a shortage of water has occurred and the consequence of the Nevada a shortage of water has occurred and in consequence many fields of alfalfa have been delayed.

FLOUR — Selling price, old crop: Patent, \$11.60; whole wheat flour, \$10.25; Willamette walley, \$11.35; local straight, \$11.25 @ 11.35; bakers' local, \$10.90 @ 11.10; Montana apring wheat patent, \$11.10; rye flour, \$10.10; cat meal, \$13.00; graham, \$11.00. Price for city delivery in five barrel lota. Ranges and Live Stock.

Bange feed, except in portions of Arizona and Utah, is deteriorating and many springs are becoming dry. This condition has caused lambs to be sent to market earlier than usual in California and some stock have left their summer ranges in California and Nevada on account of lack of water. Cattle, however, are generally in good condition as dry feed is holding out well

Apples and prunes are growing nicely in idaho, and apples in the commercial orchards in Washington and Oregon are developing nicely. Bartlett pear picking is nearly completed in Washington and the picking of peaches has begun. Drought has caused a heavy dropping of prunes in California and in some places this ruit is badly sunburned. Grapes are ripening artier than usual and the picking of the raising rop will begin in a few days. Waiputs are specially promising and a large crop of peaches a being gathered in California. Miscellaneous Crops.

Government Report On Dairy Receipts

Strength to Grains	On Dairy Receipts
By Jos. F. Pritchard Chicago, Aug. 22.—(I. N. S.)—There as a highly bregular and unsettled arket in corn and oats today, with the end uncertain. At times it favored the fill side, while at other times the bear de was favored. Corn showed losses of file for September and 40% for De-	Dairy produce receipts at Portland Thursday as reported by the bureau of markets: BUTTER
mber, while May was unchanged. Oats showed losses of %6 %c for Sep- mber, %6 %c for December, while May as unchanged.	California 560 Washington 298 Total 8,398
Provisions were fractionally higher.	Cases
Chicage, Aug. 22.—Corn started strong today, enting prices ranging from 1/2 to 1/2 higher, as strength in corn was induced by the higher	Oregon
cle market and the sharp advance in bogs.	Total

Range by Overbeck & Cooke Co., Donro of

and Potatoes Expected . to Light Thunder Showers of Little Benefit-Heavy Rain Needed.

CUT IN THE VALLE

exception of a small amount of spring oats, which in some cases is being cut done, although the ground is very dry. Albany—Weather conditions have been favorable during the past week for baling and stacking of hay and threshing. Practically 50 per cent of the grain has been threshed and wheat is yielding an average of about 20 bushels per acre and cats 35 bushels per acre; of good quality. Regardless of the continued dry and the weather corn has made fair growth and

due to the continued dry weather.

Berries and small fruits have all been gathered and there was a good average erop. Latest estimate is that prunes will yield 60 per cent of normal and are of good quality.

McMinuville—All small grains have been harvested, with the exception of spring oats, which are now being cut. Fifty per cent of wheat crop has been threshed and it is estimated that the average gield will be 40 bushels per acre. Corn is making fair progress considering the continued warm and ary weather. Potatoes are needing rain, but are making fairly good browth and it is estimated they will yield 75 per cent and it is estimated they will yield 75 per cent and c. Amer. Can. C. Amer. Car. Foundry. It is of normal.

needing rain, but are making fairly good krowth and it is estimated they will yield 75 per cent. Amer. I have a state of normal. Eugene—Light showers during the first part of the week were of no material benefit to grow and threshing is progressing satisfactorily. Farmers are beginning to break ground for fall sowins. Berries and small fruits have all been gathered and there was a fairly good crop. Pears are peripening and it is estimated they will be about 75 per cent of normal.

Dalliss—Thireshing is progressing nicely and all grain threshed so far is of good quality, and wheat is vielding about 30 bushels per acre. Amer. Amer. Amer. Cats are running as high as 60 bushels; owing to the long period of dry and hot weather, the outlook for potatoes is not overly bright and it is estimated that they will not yield more than apples will produce as unusually heavy crop and prunes will not yield more than apples will produce as unusually heavy crop and prunes will not yield to exceed 60 per cent; both age of good quality.

Salem—Fall wheat is averaging 25 bushels, fall cats 35 bushels and spring oats about 20 bushels, and are of good quality. Some of the late oats are being cut for feed. Pears are being picked and the yield will not exceed 50 per cent of normal.

Cotage Grove—Light thunder showers oc-

is late oats are being cut for feed. Pears are being picked and the yield will not exceed 50 per cent of normal.

Cottage Grove—Light thunder showers occurred during the week, but were of no benefit to growing crops. Wheat is being threshed and is aversiging 35 bushels per acre; of good quality. Spring, oats are being harvested and are very light; estimated they will not exceed 18 bushels per acre. All fruits are in good condition; while peaches are small, they are of good quality.

Corvallis—Weather during past week has been clear and warm. Practically all fall grain has been harvested and a considerable portion has been threshed. The farmers are still cutting spring wheat and oats. Fall wheat is averaging 30 bushels per acre and spring oats 20 bushels. Clover hulling is welf under way and is yielding a fair crop. Corn is not as good as last year. Beaus have been damaged to some extent by thrips and the crop will be lighter than last year. Harvesting of early apples will begin in about two weeks. The crop and quality are good. Newberg—Wheat threshing is well under way and is averaging about 35 bushels per acre; oats averaging 45 bushels per acre. Corn is suffering from continued dry and hot weather. Apples will produce a heavy crop and pears 50 per cent of normal. Prunes are dropping quite badly and will probably yield about 60 per cent of normal. Woodburn—Weather during past week clear

Yakima Growers Ask Wolfe and Montcalm Hines in Plain Words Why No Fruit Cars

Yakima, Aug. 22.—(U. P.)—Learning today that Yakima valley is facing an inevitable refrigerator car shortage, s telegram was sent to Rail Director Reports today prove to a certainty of unnecessary refrigerator car short age, despite many promises and assurances, imperiling the great fruit crop of "Ours arriving down to now are

tion seems to show appalling inefficie somewhere. Give your answer immediately to the United Press, serving the section with news."

Yakima fruitgrowers say they have proof that a fruit famine exists in the East and that there is an attempt to "bear" the peach and apple market.

Man Crowded Off Clackamas Bridge Is Killed by Fall

Oregon City, Aug. 22.-As a result Vernon either September 9 or 16, he of a fall from the Clackamus river probably will be greeted by President bridge, near Parkplace, Edgar Rivers, Wilson.

It was stated at the White House today that if circumstances allow the president, in all probability, will accord the commander of the American expeditionary force this signal honor. The president was represented as keenly interested in the return of General Pershing and of the first division and as anxious to be among the first to welcome them to American soil.

Wool Stores Exceed

Government Records

Washington, Aug. 22.—Manufacturers and dealers held more wool on June 36, 1913, than at any time since quarterly wool stock reports have been issued by the bureau of markets, the United States department of agriculture announced today. The report shows a total of 674,000,000 pointed, grease equity in pounds by class were: Grease wool, 466,334,358; scaured, 60,624,923; pulled, 22,439,948; tops, 14,637,444; and oils, 61,406,916.

Chehalis, Aug. 22.—The Chehalis cannery will start operations Monday on pears from the Yakima district.

The Chehalis cannery will troops from overseas here today. The Kalserin brought 404 officers and 2006 men, the Buford 59 officers and 2016

Killing Two Birds

counted as the short-cut to success and prosperity. If a man can participate in a plan of saving money that will enable him to earn a good return upon his savings, while his fortune is in the process of making, then he is actually on the road to prosperity. Savings accounts in banks only pay 3%—the Morris Brothers' plan enables you to earn up to 6¼% and more.

You select any Government or Municipal Bond on our list—pay 10% down and 5% a month. The money you pay in draws the same interest as the bond hears.

Four issues of exceptionally good Municipal Bonds—safe and sound as any bank in Portland—are now available to investors. They are bonds of the following Canadian cities: Edmonton, Winnipeg and Regina,
