

ABSENTEES DELAY AUDITING SCHOOL DISTRICT BOOKS

Director Thomas Criticizes Act of Members Who Avoid Facing Important Issues Scheduled.

NEW TEACHERS ARE NAMED

Seven High School and Twenty-Two Grade Instructors Are Appointed by School Board.

Absence of Chairman E. A. Sommer and Director O. M. Plummer from the regular meeting of the school board Thursday evening delayed final action on a motion offered by Director A. C. Newill calling for an audit of the books of the school district.

The question was referred to the finance committee to determine the cost of the proceeding and also to secure an opinion from District Attorney Walter Evans as to the legality of such an expenditure.

The motion as put forward by Director Newill was that the board should authorize County Auditor Sam Martin to make or have made an audit of the books of the school clerk's office extending back for a period of five years. Request for the audit was made at the meeting by L. J. Goldsmith and J. N. Teal, representing the taxpayer's league. They stated that their action was simply a matter of sound business policy.

Director George B. Thomas criticized Chairman Sommer and Director Plummer for being absent from the meeting avoiding facing important issues which had been scheduled to come up and moved to adjourn further discussion until next regular session.

New high school teachers were named as follows:

O. M. Washburn, of Patview, physics. Benson Polytechnic; W. W. Rodwell of Hood River, physics, Franklin; Monroe E. Miller of Portland, mathematics and coach athletics; James John; Martha H. Stegemann of Lancaster, Pa., art department; Jefferson; Edith E. Watt of Bay City, history and English; George M. White of Portland, Spanish and French; Minor Clinton of Portland, French and Latin, Washington.

Grade teachers elected were as follows:

Stella Baasford, Jessie M. Bruce, Beulah Dickson, Viola Harrington, Laura G. Harvey, Jessie M. Hastings, Sophie E. Henderson, Mary Hendricks, Catherine E. Hibbs, McMinnville; Henrietta Hoyer, Salem; Alice V. Joyce, Esther M. Lappin, Seattle, Wash.; Laura L. Leach, Multnomah; Mary McPhearson, Goldendale, Wash.; Elizabeth Martin, Margaret Rise Miller, Golda E. Mumma, Hermiston; Lois Giese Smith, Hilda Toering, Jessie Wagener, Grace Williams, Maude B. Wills, Newberg.

Birds Retain Province Of Air, Declares U. S.

Migratory game birds all over the United States will continue to have a haven of safety in the skies, for the bureau of biological survey at the department of agriculture has decided that wild birds cannot be sought by airplane. An order issued by the government, Aug. 14, received by the state fish and game commission conveys this information. The government order says that wild birds may be sought on land and water from blimps and floats but not from the air or by power or sail boats. The new order likewise decrees that any shotgun larger than 10 gauge will be illegal for wild bird hunting.
