

# DOROTHY IN LOVE WITH JOE RILEY, IN FACE OF LAW

Pretty Girl Smiles at and Declares Affection for Pal Held as Counterfeiter.

BOTH ARE BOUND OVER

Pair Alleged to Have Been Ring Leaders of Extensive Gang That Made Spurious Coin.

Joseph E. Riley and Dorothy Riley, arrested July 1 by Special Agent Joseph Walter of the United States department of justice, after an investigation that is said to have involved them as members of a ring of coin counterfeiters, were bound over to the federal grand jury following a hearing before United States Commissioner Drake this morning. Bail was fixed at \$2500 each.

Presenting the government's case against the Rileys, Deputy United States Attorney Goldstein called witnesses who testified that both Riley and the girl he claims is his wife had passed spurious coins in two instances. Evidence of other transactions will be presented to the grand jury, Goldstein declared.

M. L. Lilliger appeared as a witness against Riley, charging him with having passed a bogus \$10 goldpiece. John H. Haas, proprietor of the Bon Ton market on East Burnside and Sixth streets, positively identified the girl as the same person who had passed a lead dollar in his store. Commissioner Drake permitted bail to remain at \$2500 each, the amount under which they have been held since their arrest.

The case against the Rileys excited much attention, inasmuch as Special Agents Walter and Glover, bigamists, are members of a coast-wide counterfeiting ring which includes the parents of Dorothy, and as members of which both are under indictment in San Francisco. Riley was charged at the hearing with being a deserter from the United States army and by Special Agent Glover with being a bigamist. In his case he is married to Dorothy, as well as an ex-convict.

Dorothy Riley, aged about 25, appeared at the hearing in modest attire, said by spectators to be genuinely pretty, repeatedly smiled at Riley, for whom she professed her unbounded affection. Her parents, according to a statement of Glover, are counterfeiter and former convicts.

At the time of their arrest in an apartment at Grand avenue and East Belmont street, the Rileys resisted Agent Walter physically, he testified this morning, exhibiting an injured hand to bear out his statement. Both Walter and Glover were prevented from taking the counterfeiting tools and materials found in the Riley apartment when counsel objected.

When the government rested its case Riley was called to testify in his own behalf. Immediately Deputy United States Attorney Goldstein ordered a stenographer to take the testimony and just as promptly counsel for Riley withdrew the witness.

**JUDGE BELL FINES 50 MILES AN HOUR SPEEDER \$1 A MILE**  
"One dollar a mile, and cheap enough," said District Judge Bell Monday, fixing the speeding fine of C. A. Aust who was caught traveling 50 miles an hour on the Sandy road by Officer P. V. Rexford. Aust paid \$50 without comment on the severity of the fine.

Millington pleaded not guilty to exceeding the limit over the Interstate bridge approach and after a trial during which he admitted that he had been traveling 24 miles an hour, was set free by Judge Bell. Although the signs on the bridge approach set the limit at 20 miles an hour, Officer Wilson said the county commissioners had recently increased the maximum speed five miles.

Others fined for speeding were: J. E. Sullivan, \$25; H. C. Atkinson, \$20; W. W. Moore, \$20; W. E. Fox, \$20; R. F. Shaw, \$20 and G. W. Paulson, \$15.

L. R. Maple, after pleading guilty, was allowed to withdraw his plea and enter one of not guilty. His case was set for trial next week. W. R. Bradley pleaded not guilty to speeding and his case was set for trial.

W. Jerry, driver for E. R. Corbett, failed to appear for the third time that his case was set for hearing. He was

## SUBSTITUTE FOR BITRO-PHOSPHATE LEADS TO ARREST

Pharmacist Sought to Make Fortune By Trading Upon Reputation of Well Known Tonic, Strength, Tissue and Blood Builder—Imitation Did Not Contain Strength Giving Properties of Genuine Product.

Phoenix, Ariz.—The arrest of a pharmacist of this city revealed a gigantic plot to violate the state and federal statutes by selling a cheap, inferior substance represented to be genuine bitro-phosphate.

The authorities found thousands of counterfeit labels and materials indicating elaborate plans for the wide-spread exploitation of the spurious tonic. The case is unique in the criminal records of Arizona and serves as a warning to the public against worthless imitations designed to sell upon the reputation of high grade, efficacious preparations.

For many years Bitro-Phosphate has enjoyed the confidence of its millions of users and the fact that reputable physicians prescribe and recommend it in cases of nervousness, excessive thinness and general weakness makes it the natural target for the unscrupulous substitutor.

caught speeding on the Sandy road by Officer Millenhour three weeks ago.

## Dr. Hampton Pleads Not Guilty

Dr. N. Claude Hampton, indicted by the grand jury for advertising in a local newspaper in violation of a state statute, pleaded not guilty this morning before Presiding Judge Gatens. Trial of his case was set for the fall term of court.

## To Face Grand Jury

Claude Scott was bound over to the grand jury on a statutory charge Monday at the termination of his preliminary hearing before District Judge Jones.

## Local Car Shortage No Longer Critical, Says Railroad Man

Car shortage conditions in the Portland district have passed the critical stage, according to statements of railroad car service men on local railroads and another 10 days probably will see the situation cleared up and freight moving in a normal manner again.

"Loaded cars which have been congesting sidetracks and tying up railroad movements in general for the past two weeks are rapidly being unloaded and placed back in service," says R. W. Pickard of the S. P. & S. traffic department. "The movement of empties will be facilitated and this will relieve congested conditions."

Pickard says that a majority of the trouble was caused by the "backwater" of the Eastern congestion which resulted from the recent strike conditions. These are being remedied rapidly and the cars are flowing more freely to their destination.

## Action by Legion Against News of Astoria Is Voted

Astoria, Aug. 26.—With the Astoria Chamber of Commerce rooms crowded to the doors with ex-service men at the meeting of the Astoria Post, American Legion, Monday night, that organization voted unanimously to take civil and criminal action against the owners and publishers of the Astoria News as a result of statements in a recent issue. The paper is alleged to be owned and controlled by the Astoria Central Labor Council and a communication will be sent asking that body to take a definite stand for or against those editing the News.

The American Legion will make it plain that it is not fighting the labor council.

The statements made by the News were to the effect the American Legion was an "unpatriotic and un-American organization."

# Officers Tame Wild Woman Her Husband Is Also in Cage

Hard elder and river water proved a poor mixture for the Fletcher family Monday night, according to testimony in municipal court this morning when Mrs. Della Fletcher and Herbert Fletcher, her husband, were constrained to spend four days in jail. Fines of \$10 each also were imposed.

"She was a wild woman," testified the officers who said Mrs. Fletcher undertook to swim across the river to get away from them when they sought to stifle remarks addressed to her husband and a fair companion at a river bathing resort.

It was related that Mrs. Fletcher was swimming quietly until she espied her husband sitting on the float with another woman. Vitriolic language then flowed, witnesses said, and three men undertook to quiet her. Then it was that she headed for the opposite shore. Pursuit began in a rowboat, but she would not enter the boat. By dint of tying her, however, they managed to get her to shore, the witnesses explained.

In Fletcher's locker was found a mysterious bottle. He said he had been drinking a little hard cider but the officers said he looked and acted as if it had been much.

Protest at the jail sentence evoked the remark from the judge that the prohibition law was passed to restrain just such people as the Fletchers.

slippers. One of the captives wore the uniform of an army colonel.

Most of the prisoners admitted complicity in the murders with the exception of one, Lehr by name, who sought to interest the United States legation in his behalf. Lehr claims to be an American citizen. The women were used mainly as decoys to lure the victims.

## GIRL DECOY SAW HER VICTIM DIE

Trial of Leaders of Russian Murder League Discloses How Patriot Met Death.

Stockholm, Aug. 26.—(I. N. S.)—How Dagmar Gysser, a beautiful 16-year-old girl lured M. Ardasjeff, a Russian patriot, to his doom and then stood calmly watching him in the anguish of his death throes as she smoked cigarettes, was brought out at the opening of the trial of the ring leaders of the "Russian murder league," which opened in this city.

The members of the league are accused of murdering two other Russians, one a well known journalist, because of their anti-Bolshevik activities outside of Russia.

After taking some testimony the hearing has been adjourned for three weeks. Henning Domelst, a well known Swedish lawyer with important political connections, is directing the defense. It was through his efforts the postponement was secured.

A number of the prisoners are women. One of them, Mme. Rankonen, calmly admitted that she struck Ardasjeff with a poker.

While Ardasjeff was lying helpless from the blow, Mme. Rankonen soaked a rag with chloroform to make death certain. This defendant did not look the part of a murderer. She was quietly dressed and unassuming in appearance.

The unusual Swedish custom of trying prisoners in prison garb was not carried out in the present trial. The only articles of prison dress the prisoners were compelled to don were coarse, heavy

## Too Much Beer in 'Dry' Saloons Leads To Fatal Shooting

Chicago, Aug. 26.—(I. N. S.)—One policeman is dead, another man is dying and two more are suffering serious wounds as the result of a shooting affray which began when the policeman, Morgan Donahue, attempted to walk from a South Side saloon with a bottle of beer Monday night.

Hearing of raids on saloons charged with violation of the prohibition laws, the saloon opened fire on Donahue and Policeman Pat Donegan, his companion, thinking they were agents of the prohibition forces. The policemen were in plain clothes.

# SIXTEEN FARMERS ARE AMONG THOSE DRAWN FOR THE FEDERAL JURY

Sale of Narcotics and Intoxicants and Counterfeiting Among Cases to Be Considered.

Forty names, including those of a number of well known Oregon citizens, were drawn on the United States grand jury in Federal Judge Wolverton's court this morning. The panel will be called for duty at 2 p. m. September 15, and will have to consider many varying violations of federal statutes.

Among those bound over to the grand jury are numerous alleged users and sellers of narcotics, a number of persons accused of the illicit manufacture of intoxicants and, among others charged are Joe and Dorothy Riley, accused of counterfeiting United States coins and alleged members of a counterfeiting ring that has operated extensively on the Pacific Coast.

In the grand jury list drawn today appear the names of 16 farmers. The list includes the following:

Clyde E. Abbott, machinist, Errol Heights, Portland; A. Eugene Aufank, carpenter, William E. Bailey, salesman, 7906 Woodstock avenue, Portland; D. A. # Schmeier Is Fined \$25 For Dumping Garbage Within City Limits

George Schmeier, garbage driver, was fined \$25 this morning in police court for dumping garbage within the city.

He was arrested Friday by Commissioner Bigelow at Second and Arthur streets.

Bigelow testified that with several other commissioners and the mayor, he was viewing the site of a proposed improvement when he noticed Schmeier drive up with a wagon load of tin cans. Schmeier is said to have hid until the city fathers left, but they also played hide and seek and later found him dumping the refuse. The next garbage violator will lose his license for this offense, Bigelow said.
