Discharge Papers Mislaid by
**200 Portland Boys Are Sorely
Needed by Owners.**

Two hundred former Portland soldiers are "lost." Their discharge papers have been lost, stolen or mislaid. Some were left in rooms in hotels or lodging houses, others dropped on the streets. Anyway, they are gone.

Many of their owners are in real trouble. Not only do the discharge papers prove the owner's identity, his right to wear decorations, but in case a discharged man is in uniform, they are the man's only identity from army and navy. They furnish proof of a man's claim to wear a victory button or to obtain government insurance or the \$50 discharge bonus.

Martin Hawkins of the after-care department of the Portland chapter has been handling cases of lost discharge papers, and this morning issued a public appeal that all persons finding or having discharge papers mail them at once to the Portland chapter, so they may be returned to their rightful owner.

"Without his discharge, a soldier is 'lost,'" said Mr. Hawkins. "These papers are valuable to any finders. Every soldier who has lost his discharge feels that if the Red Cross makes an appeal for their return the certificates will be forthcoming, so I trust that every person who has found one will promptly mail it to the Portland chapter."

**SAYS HE SPENT
8 MONTHS IN
THE COUNTRY**

But Koepfen Got No Better
—Tanlac Restores
Health.

"I tried all kinds of medicines and treatments, dieting, and even went to the country and stayed eight months trying to get back my health. Nothing helped me a particle until I started taking Tanlac," said John Koepfen, who lives at 2201 Fountains st., Indianapolis, Ind., and is employed by the National Motor Vehicle Co., Mr. Koepfen was born and raised in Indianapolis, where he is well and favorably known.

"One of the greatest pleasures I ever enjoyed is giving my experience with this wonderful medicine," continued Mr. Koepfen, as he went on with his statement to the Tanlac representative, who had heard of his improvement and called at his home to obtain the facts.

"I've been in a run-down condition for the past five years on account of the bad condition of my stomach. What I ate seemed to lay in my stomach like something heavy, and severe pains would start in the pit of my stomach, and I could hardly get on my feet. I was nearly always had a mean, bitter taste in my mouth, which was caused by belching up undigested food. I was nervous, had severe headaches and could not sleep good, and would get up every morning feeling tired and good for nothing. I went down to the biggest drug store in town, and was getting weaker all the time. The medicine and treatments I took did me no good, and started on a diet of broth, toast and eggs, but even that wouldn't agree with me.

"I wasn't much good for work or anything else, so I decided to get an indefinite layoff from my job, and I went to the country, thinking the change and rest might help me. I stayed there eight months, but returned home not feeling a bit better, and I had to give up all hope."

"I was at the point of giving up hope when I began to hear so many good things about Tanlac, and decided to try it; and it gave me the biggest surprise of my life. I started to gain ground after the first few doses, and by the time the first bottle was finished I was feeling like a different man. I have now taken three bottles, have gained seven pounds, and my strength has been wonderfully increased. I have a splendid appetite now, eat anything I want, and my stomach seems to be in perfect condition. I no longer have headaches, am not nervous in the least, sleep soundly and get up every morning feeling fine and ready to go to my job. My work doesn't tire me out like it did, and that without any feeling is a thing of the past. Three bottles of Tanlac did me more good than anything else that cost me several hundred dollars. It's simply great."

Tanlac is sold in Portland by the Owl Drug Co.—Adv.
