

# SLEEPING GIRL IS ATTACKED BY MAN

### Miss Ellen Anderson Awakes in Dark to Find Throat Clutched; Assailant Fought Off.

Violently attacked by an unidentified assailant as she lay asleep on a cot at the Y. W. C. A. girls' camp this morning, Ellen Anderson, aged 19, 526 Columbia street, is suffering from a painful scalp wound inflicted with a heavy club or pipe.

Miss Anderson is believed to have saved herself from more serious injury when she screamed as she was awakened by a man, presumably one of the tramps who had been seen in the college district, Monday. Police called to the scene are said to have found where at least one of the men had been sleeping in a haystack. A rope with a slip knot, which may have been intended for use to bind the girl, was found.

GRAPPLES WITH ASSAILANT  
Although the Y. W. C. A. camp had been practically deserted during the day, Miss Anderson, who had been cooking for the girls, remained with several other girls overnight, all sleeping in the camp cots in the open near a grove of trees adjacent to the college gymnasium. About 2 a. m., according to her statement, Miss Anderson was awakened by the grasp of a man's hands upon her throat and found that the covers had been struck from her by her assailant. She screamed and the man, who she presumed, as her assailant started his escape, he struck her on the head.

CAMPERS ARE AROUSED  
From nearby cots on which other girls were sleeping, friends of Miss Anderson ran into the college dormitory and notified the police. Motorcycle officers responded immediately and searched the neighborhood without result, aside from finding where a man had recently made his bed in a hay stack. In the dark Miss Anderson could get no description of her assailant and the police have no trace of him, it is said.

NO CLUE FOUND  
Chief of Police Johnson assigned Inspector Archie Leonard to investigate the case as soon as he learned of the attempted assault. Leonard notified the chief shortly before noon that he was having considerable difficulty in establishing any clue. The only information he could obtain is that young men said to have bothered the young women campers on previous occasions while they were in swimming in Crystal lake. As the college management was reluctant about giving out information, police say they are having difficulty in establishing a clue that will assist them in catching the guilty party.

Chief Johnson said he understood that the college had granted the Y. W. C. A. the privilege of using the grounds and dormitory for a short summer camp. Until Monday afternoon the chief's wife and daughter were at the camp. Mrs. Johnson acting as one of the chaperones. The girls were still at the camp today.

# 2 in Uniforms of Soldiers Get \$17 From W. A. Sailor

A little affair for soldiers and sailors took place at Twelfth and Salmon streets at 2 o'clock this morning. W. A. Sailor, apartment dweller at Twelfth and Mill streets, was on his way to a belated couch. When he passed Salmon street he noticed a motor car parked by the curb. In the car were two men in soldiers' uniforms. "Have you a match?" they asked. Being a sailor, W. A. had special sympathy for the apparent doughboys. "Sure," he said, and fished in his pocket.

"Better hand out everything that's there," he was told, and an automatic pistol was shoved under his nose. His beneficiaries escaped with \$17. Similarly, John Urkee, 5 Buechel avenue, lost \$20 and a safety deposit box at midnight Monday at East Seventh and Arkeny streets. His assailants were civilians, young and short.

Inspectors Morris and Hill are working on both cases.

In the Upholstery Store are so many new things that decorators ought to be as happy as kings, to paraphrase R. L. S.

**Heavy Warp Print Cretonnes**

A radiant hollyhock cretonne is a great splash of color harmonious and soft in tone because of the veiled appearance of the warp printing. A huge peacock with green eyed fan tail and large pink flowers is a joy because of its decorative possibilities.

These are imported from England and priced \$1.80 to \$3.50 yard.

made in America copy old English chintzes and come in small, gaily colored patterns. Especially designed for colonial rooms is a cretonne with wide black stripes and many cherry flowers at \$1.10 yard. Others 60c yard upwards.

**Sheer Curtainings of Approved Kinds**

There are fashions in window curtainings as in everything else, and these are the newer kinds, which many people prefer: English bobbinet, strong, fine, long wearing net, white or ivory, 72 inches wide, \$3.40 yard.

Scotch grenadine with delicately colored flowers or dots, suitable for plenty of ruffles, 72 inches wide, \$2.20 and \$2.50 yard.

Scotch madras in deep ecru for living rooms and halls, \$2.70 yard.

Filet nets with small and larger patterns, \$1.55 yard.

Brussels lace with eyelets for vestibules, \$2 yard.

Ritz Carlton striped nets, very fine and delicate, \$1.30, \$1.60 yard.

Point d'Esprit with tiny dots, \$1.45 yard.

from new colorings in striped aurora cloth and plain diana cloth. Soft shades of blue, rose and mulberry plum, gold and blue, also changeable two-tone effects, \$2.50 yard.

**Yard-Wide Velvets Woven Especially to Our Order**

36-inch drapery velvet, \$3 yard.  
50-inch drapery velvet, \$4.50 and \$6 yard.  
The narrower width has been often wanted, but the first we have ever seen is here now—made especially for us—and dyed in our own colors. Plenty wide enough for narrow windows and doors.
