Mackmen Toss After First Game and Get Tar Walloped Out of Them in Second Battle-Tigers Increase Lead in Pennant Race to Two Full Contests-Two Games Today.

OS ANGELES, Cal., Sept. 13.—After being presented with the first game by the score of 4 to 3, Bill Essick's Tigers came back in the second affair and piled up one of the biggest scores of the season against the Mackmen, the final count

The Vernonites must have thought they were running a movie machine, judging from the number of times they circled the bases. The double victory puts Arbuckle's team two full games ahead of the Los Angeles club in the pennant race. The Beavers got away in the lead in both games, but were un-

"Pedlar, what do you think of Wilde?" asked the writer. 'A bloomin' ghost, with a 'ammer in 'is 'and," was Palmer's prompt response.

The former Detroit Tiger, who is guarding the right garden for Los Angeles, has just about cinched the litle es leading hitter of the circuit for the 1919 season. His average, including the games of last Sunday, is .372, and with but three more weeks left to play it is hardly likely that Bill Rumler, his losest wal, will overtake him. Rumler's last unofficial average was .354.

In addition to leading the league in he number of hits, 204 in 144 games, Wahoo" tops in total base hitting with total of 504 bases, although he ranks econd to Rumler in hitting out doubles and triples and tied for third honors i ome run hitting. Pat Moran's Cincinnati Reds Have Edge on Sox in Pitching and Fielding but Are Not in a Class With the American Leaguers in the Hitting Department.

AN Pat Moran's Cincinnati hurling staff stop the White Sox Sluggers, Joe Jackson, Eddie Collins, Chick Candil, Buck Weaver, et al? Can Eddie Cicotte and Claude Williams—the two and only reliable hurlers on the Chicago pitching corps—carry the heavy burden on the best two-man staff in baseball? The fan who is able to figure this question out correctly can

afford to place a little "jack," because upon the shoulders of the hurlers rests the world's championship title. The Chicago club has it over the Reds in hitting by a margin

of 15 points, according to the latest unofficial averages. Four members of Gleason's crew, not counting Murphy, the Sox's great pinch-hitter, are in the three hundred class, while Rousch and Groh are the only Reds in the select circle.

In fielding, the Reds have an edge on the Sox, and this may cut a big figure in the series. The Reds are fielding at a .974 clip. having handled 3410 putouts, 1598 assists with but 132 errors. The Sox are charged with 155 errors and are credited with 3259 putouts and 1489 assists.
