This country must have the largest army in the world, with huge taxes, universal conscription and a military government.

"Because you can't run such a machine with a debating society."

Some men he knows, Wilson said, are very good talkers "and it is a pleasure to hear them when they are honest and know what they are talking about. But time for debate has passed, he said. The world knows what is in the covenant and refuse to be misled with regard to it."

"If the treaty is turned down, America will deserve to forfeit the confidence of the world," he asserted.

ble is exploded. There are several matters in which the vote of the assembly must cooperate with the vote of the council, but in every such case the ultimatum vote of the council is necessary.

U. S. HAS SIX IN ONE

"Inasmuch as the United States is a permanent member of the council, her vote is necessary to every active policy of the league, and therefore the single vote of the United States always counts six, so far as the votes of the British empire are concerned; and if it is a mere question of pride, I would rather be one and count six than six and count six. And that affords emphasis to the point I wish to keep distinctly in mind with regard to reservations and all the qualifications of ratification which are being discussed. No action can be undertaken by the league without the assent of the United States."

OUR CONSENT NECESSARY

"That being the case, it becomes sheer nonsense, my fellow citizens, to talk about separate government being set up over the United States; it becomes sheer nonsense to say that any authority is constituted which can move our armies to other parts of the world. It cannot interfere with our domestic questions; it cannot direct our international policy, even in any matter to which we do not consent to be directed. Of course, I do not mean to say that we do not agree to pool our moral issues. We do that in acquiescing in the covenant of the league and do attempt to adopt certain fundamental moral principles of distinctly in mind with regard to reservations and all the qualifications of ratification which are being discussed. No action can be undertaken by the league without the assent of the United States."

NO CHANGE MADE

"We are not turning any corner, and we do not intend to change our course of government or our standard of government, and it is American standards of government that are set up in the covenant of the League of Nations. And what is the covenant for? It is one of the most solemn covenants ever entered into by all the great fighting powers of the world, that they will never resort to war again without first having either submitted the question to arbitration and undertaken to abide by the verdict of the arbitrators, or submitted it to discussion by the council of the League of Nations."

"Nine months' submission to the moral judgment of the world, and, in my judgment, that is an almost complete assurance against war."

HYPHEN IN THE KNIFE

"Out of the legislative halls, there is no organized opposition to this treaty except among the people who tried to defeat the purposes of this government in the war. Hyphen is the knife that is being stuck into this document. The issue is clearly drawn because inasmuch as we are masters of our own participation in the action of the League of Nations, why do we need reservations? If we can not be obliged to do anything that we do not ourselves favor, why qualify our acceptance of a perfectly safe agreement? The only object, my fellow citizens, is to give the United States exceptional advantages in the League of Nations, to exempt it from the obligations which the other nations assume, or to put a special internal protection upon the duties of the United States under the covenant, which interpretation is not applicable to the duties of the other members of the covenant; and, for my part, I say it is unworthy of the United States to ask for any special privileges of this kind. I am for going into a body of equals or staying out."

But the investigator called her bluff, and the pot was hers. Mr. Keyes was a trumpet medium before she went into the card reading business. "I give you your money back if you're not satisfied," Madam Bertha Quigley, 150 Eleventh street, told the court. "I was satisfied," said Mrs. Pillsbury. "I got all the evidence I needed."

Cause of Stomach Sickness

How to Relieve Stomach Distress in a Few Minutes. Money Back if Treatment Does Not Overcome Any Form of Indigestion.

If you feel as though there was a lump of lead at the pit of the stomach, take a couple of Mi-o-na stomach tablets and in five minutes you should see that all stomach troubles disappear.

If you have shortness of breath, pain in the stomach, waterbrash or foul breath, you need Mi-o-na and the sooner you get it, the sooner your stomach should perform its duties properly.

If you use a box of Mi-o-na tablets and find that it has not overcome your indigestion or stomach trouble, take the empty box to your dealer and he will refund your money. For sale by Owl Drug Co. and all leading druggists.—Adv.

THIN PEOPLE NEED BITRO-PHOSPHATE

Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances

Take plain Bitro-phosphate is the advice of these physicians in thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and restoring vitality and health, there are evidently thousands of men and women who keenly feel their emaciated condition.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphoric acid in their blood than we realize. This acid, when there is nothing that will supply this deficiency, as well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction, acts as a motor back by feeding the nerves directly and by supplying the

Georgia Hamilton, the wonderful "magic" girl, who was once thin and feeble, but gained 15 pounds and never before felt so well.

body cells with the necessary phosphoric food elements. Bitro-phosphate should produce a welcome transformation in the appearance of the individual in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health.

Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Colle, M. D., editor of New York Physicians' "Who's Who," says: "Bitro-phosphate is a general tonic. It acts as a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the restoration of nerve energy, strength of body and mind and power of endurance."

Bitro-phosphate is made entirely of the organic phosphate compound referred to in the National Standard Directory as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question. It is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "sure-alls."

CAUTION—While Bitro-phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it should use extra care in avoiding fat-producing foods.

MEXICAN PLANT MAY CONQUER BRIGHT'S DISEASE

New York.—Physicians who have tested the sap of the Mexican maguay plant for treatment of diseases of the kidneys believe that an important discovery has been made. Writing in La Esencia de Medicina, the leading Mexican medicine journal, the editor says: "It is the only substance known up to the present time, in the whole world, having the power to radically and permanently overcome Bright's disease."

Reports of definite results in a large number of chronic and long standing cases of kidney trouble have created a general demand for this sap, which is popularly known under the name of AGMEL, and considerable quantities are being imported into the United States. The Arrow Chemical company, 1231 Union Square, New York city, will furnish a free descriptive booklet, or upon receipt of \$2 a full sized bottle of AGMEL, containing 506 cubic centimeters of the concentrated sap, will be sent to any address in the U. S. A. or Canada, all charges prepaid.—Adv.

A BETTER DIGESTION, INCREASED STRENGTH AND ENERGY FOR YOU

The Non-Alcoholic Treatment Builds Up the Blood and Every Part of the System Quickly Benefits

It was once the fashion to speak of a tonic for the stomach or a tonic for the nerves. This implied a remedy that went directly to these portions of the human system and supplied them with the elements that they lacked.

Today it is known that there is no such tonic. It is possible to swallow a drug that will stimulate the stomach and create a desire for food, but a stimulant is not a tonic and an appetite so stimulated is not a healthy one. It is possible to take a drug that will stimulate the nerves so that work can be done almost beyond the strength of the body. But the inevitable result of such practice is collapse. The nerves can only be toned up through the blood.

The blood can be enriched by treatment that increases the number of red corpuscles, and when this is done the whole body benefits. A tonic for the blood is therefore a tonic for every part of the body. That is the reason why building up the blood with the non-alcoholic tonic, Dr. Williams' Pink Pills, increases the appetite, aids digestion, quiets the nerves and gives new energy and ambition to tired, bloodless men and women. Read the statements from people who have been helped and learn what this system-building tonic will do for you.

Had Stomach Trouble
Mrs. Jennie Dwyer, of No. 122 East Second street, Duluth, Minn., says: "I was left very weak and run down following an operation for appendicitis and it seemed impossible for me to regain my strength. Week by week I could feel myself failing. I suffered acute stomach pains after a meal and had sick headaches frequently. The hospital I was under treatment which was intended to build me up, but nothing seemed to help me. I was without ambition and could hardly drag myself about. I was cross and nervous and couldn't sleep. I suffered from dizzy spells and trembled. My color was poor and I had so little blood that I was always cold."

Corrected His Rheumatism
"I have received more real benefit from Dr. Williams' Pink Pills than from any other medicine or prescription I have ever taken," says Mr. William Hartman, who lives at No. 212 South Fourth street, Beatrice, Neb. "Exposure, I believe, caused my illness, and then I took so many medicines that my stomach became affected. I was in agony for hours after a meal and felt blood. My joints were stiff and sore and when I attempted to bend them sharp pains shot through me. Sometimes the pains traveled all over my body. I also had headaches. I procured a box of Dr. Williams' Pink Pills and after taking one box, my appetite improved and I was able to eat without distress. The headaches have disappeared and I haven't had any rheumatic pains to speak of for months. The swelling in my hands and legs has gone. I have great confidence in Dr. Williams' Pink Pills and have recommended them."

After-effects of Pneumonia
Mr. Delbert Mooney, living at No. 628 Twentieth street, Denver, Col., describes his experience as follows: "I had pneumonia sometime ago and was in the hospital for two months. The disease left me badly run down and for months after leaving the hospital I was under treatment which was intended to build me up, but nothing seemed to help me. I was without ambition and could hardly drag myself about. I was cross and nervous and couldn't sleep. I suffered from dizzy spells and trembled. My color was poor and I had so little blood that I was always cold."

Products that Packers Sell

Their Number Grossly Exaggerated

The Federal Trade Commission has published a list of some 640 articles said to be sold by the packers.

This list is ridiculously padded in order to scare people into the belief that the packers are getting control of the food supply of the nation.

For example, the list includes not only "beef sides" and "beef cuts," but also over 60 other items of beef products and by-products.

Over 90 articles listed are not sold to the outside trade but are raw materials and supplies, such as brick, cement, etc., used by Swift & Company in carrying on its business.

Glaring duplications appear, such as "sardines" and "canned sardines"; "butterine" and "oleomargarine"; "dried sausages" and "dry sausage," etc.

The list includes 37 kinds of sausage; 4 different kinds or preparations of beef tongue, etc., etc.

Simmered down, Swift & Company handles in addition to meats and meat by-products, only butter, eggs, cheese, poultry, canned goods, lard substitutes, and to a very small extent, dried and salt fish. And the proportion which we handle of the total supply of any one of these is absurdly small.

Do you want to be fooled by such misleading and ridiculous statements of the Trade Commission? Do you want radical legislation based on such absurd evidence?

Let us send you a "Swift Dollar." It will interest you.
