

From Tillamook's Famous Dairy Country

Look for the Name on the Rind

To insure the genuine "Tillamook" see that the brand is on the rind—removal of the muslin binder does not remove the brand—the name "Tillamook" prints through the muslin onto the cheese. "Tillamook" is sold by the slice, also individual sizes, 5 and 14 pounds, convenient for large families, boarding houses, etc.

PASTURES are verdantly green the year round in the wonderful Tillamook Valley—its grass rich and succulent. Its mountain streams clear and cold.

In this ideal valley the tested herds produce a record yield of the richest milk, from which "Tillamook" Cheese is made.

Experts who have located here from the famous cheese centers of Europe operate the factories, and rigid Association inspection completes the process of perfecting "Tillamook"—famous for richness and flavor.
