

OAKLAND STREET CAR RIOTS GROW

Open Defiance of Police May Result in Troops Being Called To Maintain Order.

Oakland, Cal., Oct. 8.—(U. P.)—With the crowds of strike sympathizers here often openly defying the police, and with riots becoming more and more frequent, a call for troops is predicted.

So far as known, union leaders have not made good their openly expressed threat to arm the strikers for self-defense if riot clubs were again used by police. The clubs were brought into play yesterday afternoon when mobs got beyond control.

As arrests were made by police, parts of the mob would surge forward. Their attempts to rescue the prisoners did not succeed.

A wagon load of tomatoes stalled in the midst of rioting rapidly disappeared as rioters pelted police and armored street cars with the vegetables.

No cars had been run up to 8:30 today and there had been no trouble up to

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

Glad Rags Home at Dawn Movie Supers Miss Curfew

The sun this morning, poking its first red rays over the western hills, blinked down on Portland; blinked again, and hid behind a cloud.

No wonder it hid. And why? Because, just this: At sun-up time this morning a score or more of perfectly sweet, perfectly respectable Portland girls, well known in society, some of them, and others prominent in sorority circles, were wending their ways wearily to their respective homes, after a night out.

Think of it. Out all night! BREAK INTO MOVIES

Of course they "broke into the movies" and earned \$ each to boot, but even so, and even if the price of nail brushes and complexion tint is so terribly high, they're free to admit, some of them at least, that they wouldn't do it again for twice the money.

The story: The American Lifeograph is making a new photodrama out at the studio at Thirty-third and Halsey street. The play calls for a ballroom scene with girls and fellows, in party attire, enjoying themselves. So the call went out for "players," and to make the picture really real, the call was sent to sure

Homesteader to Gather Crop, Then Serve Jail Term

Medford, Oct. 8.—In the United States court here today Judge Wolverton sentenced Paul Herzog, who has a homestead outside of the Klamath reservation, to four months in the Multnomah county jail and to a fine of \$100 for selling 12 quarts of whiskey to Klamath Indians. Herzog was found guilty by the jury Wednesday. A 20 day stay of sentence was granted to allow him to harvest his potato crop.

Following the sentencing of Herzog the case of Peter Beck, foreman of the Otis logging camp of Klamath county, on a charge of transporting four quarts of whiskey last May from Dorris, Cal., dry territory, into Klamath Falls, Or., dry territory, was placed on trial. It appears probable that the special session of the United States court for Southern Oregon will run over into next week.

Doll Sent With Letter By Air Found on Roof

Albany, Oct. 8.—A doll, supposed to accompany a letter delivered to Donna May Bartell Sunday by airplane from Eugene, was discovered Tuesday morning upon the roof of the Cooper residence, two blocks south of St. Mary's academy, where the girl is a student. A parachute had been made from a handkerchief and a second handkerchief had been used to make a hammock in which the doll lay.

"WATCH FOR FIRES," FIRE SQUAD CHIEFS WARN ALL CHILDREN

Today Is Fire-Prevention Day And Sure Nuff Firemen Tell School Kiddies Why.

All the horrors of preventable fire are being impressed upon the school children of Portland in special assemblies called today as part of a "fire prevention day" program outlined by the Portland fire prevention bureau as an annual reminder of the great Chicago fire.

That October 9 and its significance in the protection of life and property may be made a subject of importance to school children, Fire Marshal Edward Grenfell has ordered the fire squad chiefs to deliver 15 minute talks in each school.

In each grammar school the fire marshal has distributed "junior marshal blanks" upon which school children will report the results of an inspection of their own homes.

"Safeguarding the Home Against Fire," is the title of a book which the board of education has placed in all schools and from which special studies are designated in the fire prevention campaign.

The fire prevention bureau in charge of the programs of education today is composed of Marshal Grenfell, Captains F. W. Roberts and Fred Day, and 15 inspectors.

CINCINNATI REDS NOW CHAMPIONS

(Continued From Page One)

go somewhere and were on their irritable way. What a contrast to their attitude prior to the fifth and sixth duels!

The Reds seemed not at all depressed by the two wallpings that had been presented to them. They frisked around in confident and unafraid fashion, and flashed some startling plays afield. They seemed surer of themselves than they appeared Wednesday.

Claude Williams, twice beaten by the Reds, was sent back to them today, and Kid Gleason insisted that "no ball club in the world can beat Williams three games in a row."

That was one of the reasons why White Sox backers offered \$ to \$ that their favorites would win the contest.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.
