"Wagner will stand suspended until such a time as he can give a reasonable and satisfactory reason to the Marshfield Boxing commission for his failure to appear against Anderson," said Walter B. Jefferson High Piles Up 21-Point Score on James John Team; Youmans Is Star.

By Earl, R. Goodwin James John High school's football eam suffered its first humiliation of the 1919 season on Multnomah field Tuesday, and Jefferson High school went into the leader of the Portland Interscholastic league as a result of the annual clash. The final count was Jefferson, touchdown in the second quarter and two in the fourth period, with Youmans

It was a great game to watch, for both squads put everything they had good returns of punts, intercepted and completed forward passes, blocked punts and place kicks, and everything that goes to make up an interesting contest from a spectator's standpoint.

The officials ran the match off in fast style, and although time was taken out several times each period, all but one or two were for legitimate injuries and not 'grandstand." One of the best crowds of the season was on hand to

Neither aggregation was able to threaten the other's goal line in the first period, and it was not until the middle of the second quarter that Jefferson put across its first touchdown. With the ball on the 50-yard line, in James John's possession, three yards to go on the fourth down, an attempt was made to run with the ball instead of booting it. The result was that Jefferson took the ball on downs on its own 49-yard line.

From then on James John was put on the defensive, for on the very first play Youmans skirted around the left end beautiful interference for a 42vard sprint. The elevens sparred around for a while, and a minute or so Ban Johnson, American league head, are afterward Sutton took a lateral pass from Youmans and scored a touchdown Youmans kicking goal. You know, Jack Johnson wouldn't have anything to do with Sam after he won the title. He'd meet anyone but Langford. Johnson must have known something.
