

UNION FORCES TO COURT ARREST IN PICKETING CASES

Labor Council Would Fill Jails With Members as Protest Against Kavanaugh Decision.

ASSESSMENT IS PROPOSED

Plan to Launch Recall Campaign Against Mayor George L. Baker is Defeated.

"Let us fill the courts with picketing cases."

That is the retort made at a meeting of the Central Labor council Thursday night to a recent decision of Judge Kavanaugh and Judge Stephens that peaceful picketing is impossible. It led to the adoption of a resolution that the suppression of picketing merited "direct action."

"Union men and women will, as a result, seek to get themselves arrested as peaceful picketers and so pack the jail and courts with cases, which, they hope, will prove the judges' decision ridiculous."

This resolution was introduced by the Shipyard Riggers' union. It was decided further to ask all unions to declare a per capita tax of 10 cents a month to raise funds to defend the right of picketing.

Support of the laundry strike was urged by J. F. Brock, president of the Laundry Workers' International union. He proposed the use of motor cars to picket laundry wagons. Unions reported contributions to aid the laundry workers and the firing of members who patronized laundries "unfair to union labor."

The council voted down a resolution for the recall of Mayor George L. Baker, submitted by the shipwrights. It had called for an assessment of a day's pay to provide funds to make the campaign. W. Williams of the Boilermakers' union said that Mayor Baker, in refusing the use of the Auditorium to working people and organized labor and in setting himself up as a censor and dictator, was making more union men every day.

A case of alleged discrimination by a department store against a capable worker because he was active in organizing union members, was referred to the executive board. The Tailors' union reported it is doing no picketing in its strike and is being financed so well that it can play out indefinitely. It reported that some skilled men had found other employment at good wages.

The Streetcar Men's union reported satisfactory progress in negotiations for a new wage scale now being conducted by conference.

A resolution in favor of designing and building the proposed new bridges by home engineers and with wage clauses in the contracts unanimously was passed.

OLDEST RESIDENT OF WILLAMETTE VALLEY DIES AT SALEM HOME

George Washington Johnson Was Retired Business Man, Former Legislator, Civil War Veteran.

Salem, Oct. 17.—George Washington Johnson, a resident of the Willamette valley for 73 years, a veteran of the Civil war and prominent in Salem business and fraternal circles since 1882, died at his home here Thursday afternoon at the age of 75 years.

Mr. Johnson was born at Pittsfield, Pike county, Illinois, July 19, 1844, crossing the plains to the Willamette valley with his parents at the age of 3 years. Raised on a farm, his earliest recollections were confined to farming. In 1875 he engaged in the general mercantile business at Solo, where he remained until 1882, when he came to Salem, acquiring the business of E. M. Mays & Co. and changing the firm name to G. W. Johnson & Co. He remained in active personal charge of the business until nine years ago, when he sold out to his sons, Paul V. and Clyde E. Johnson, and retired from active business life.

Mr. Johnson enlisted in the Union army in 1863, serving until the close of the Civil war.

He was a member of the house of representatives of the state legislature from Marion county in the sessions of 1911 and 1913. He was a member of the A. O. U. M., and the Royal Arch Masons.

Mr. Johnson is survived by his widow, Mrs. Mary P. Johnson, and three sons, George W. Johnson, Clyde E. Johnson and Paul V. Johnson, all of Salem.

TO ASK STATE TO PAY FOR HAULING FISH CAR

Salem, Oct. 17.—The Central Railway of Oregon intends to file a claim against the state of Oregon for transporting the state fish car over its lines during the past two years, according to a letter received by the public service commission from George E. Dunkle, president of the road, asking information relative to the compensation allowed for this service. Compensation for this service, according to information provided by the commission, is at the rate of the fare for 10 passengers. Prior to January 1, 1915, however, the rate was 20 cents per mile, when the car was used for conveying fish, and 20 cents a mile when used for any other purpose. Basing estimates upon a maximum of six hauls during the last two years and figuring the length of the road from Union Junction to Union at two and one half miles, it is figured that the claim of the road against the state will not exceed \$7.

The Path to Health

For many thousands of women the Path to Health has certainly been through Lydia E. Pinkham's Vegetable Compound. When this great remedy was first introduced, and for many years after, skeptics frowned upon its curative claims, but as year after year has rolled by and the little group of women who had been cured by it has since grown into a vast army of hundreds of thousands—doubt and skepticism have been swept away as by a mighty tidal wave, until today this purely vegetable medicine is recognized as the greatest remedy for woman's special ills in the world. This is because it is a wonderful tonic and reconstructer which acts directly and favorably upon the feminine organization and is a specific for that purpose.
