

SPECIAL AUDIT OF SCHOOL BOARD'S ACCOUNTS VOTED

Business Methods Used and Prices Paid to Be Special Subject of Inquiry.

PLUMMER OPPOSES PLAN

Dissenting Director Holds That Cost is Unjustified at This Time.

Portland public school directors voted Thursday for the special financial audit of board accounts requested by the Taxpayers' league and private citizens many months ago.

The board will instruct the county auditor to make a special audit with regard to fairness of prices and business methods used by the district for the year beginning July 1, 1918, and ending June 30, 1919, provided that no duplication of work on the audit already made by the county auditor be required.

The amount of \$500 will be set aside for this purpose, and if more money is needed the individuals wishing to audit will make their request before the finance and judiciary committee which will in turn be submitted to the board for action.

PLUMMER OPPOSES AUDIT

For a period of 10 days interested parties will be invited to make suggestions to the board for any special investigations wanted.

Director O. M. Plummer opposed the audit, claiming that the money not be spent for a special audit when it is needed to raise teachers' salaries and other purposes.

Director George H. Thomas clung to his previous assertions that it wasn't an audit but an investigation that was wanted and he favored it because he felt it was necessary to clear the reputation of the board.

Recommendation that teaching principals' salaries be increased to \$1400 and \$1500 annually for two and three-room buildings and four, five and six-room buildings respectively was defeated because of lack of funds.

The board authorized the purchase of roadsters for the use of Superintendent E. H. Whitney and Robert Krohn, supervisor of physical education, two old cars to be traded in on the new, Chairman Spomer appointed a committee of Directors Thomas and Newell to take up the matter of working out a scheme whereby all the superintendents and supervisors needing cars in their work might be paid salaries sufficient to enable them to purchase their own cars and their own mileage.

DEAN IS ELECTED

Mrs. Ella Edmond Wilson was elected dean of Franklin high school. Pauline Aunsicker, Lucille L. Craven, M. Maude Ryan, and Bertha A. Tyler were elected to the elementary schools.

Resignations were accepted of Augusta J. Anderson, Stephens school, Rubie W. Hammarstrom, Franklin high, and Maude C. Biggs, emergency teacher. The board decided to call a special conference next Thursday night to hear the janitors on the subject of a wage increase.

White Residents Of Dee Flat Join in Fight on Japanese

Hood River, Oct. 17.—By unanimous vote the white residents of Dee Flat, one of the best orchard and strawberry sections of Hood River valley, have gone on record as opposed to further sales of land or leasing to Japanese and promising full co-operation with the Hood River Anti-Asiatic association in its fight against Japanese domination of orchard land in the county.

Residents present at the meeting stated that, unless something is done, and done quickly, Dee Flat will become a "Little Japan," and the position of white residents will become untenable. Considerably more than half the land in this section is either owned by or under lease to Japanese and, in several instances, Americans have Japanese on three sides as neighbors.

Troop Train Plans To Apply to Grain

Chicago, Oct. 17.—(U. P.)—The moving of grain will be made an emergency matter, and the crop of Kansas, Oklahoma and Texas will be handled as such, just as the movement of troops was handled, Railway Director announced today, following a conference here with Julius H. Barnes, head of the United States Grain corporation and regional directors of the railway officials of grain belt railroads.

Real-Fruit Desserts

Jiffy-Jell is flavored with fruit juice essences in liquid form, in vials.

A wealth of fruit juice is condensed to flavor each dessert. So it brings you true-fruit dainties, healthful and delicious, at a trifling cost.

Simply add boiling water.

Compare it with the old-style gelatine desserts. It will be a delightful revelation.

Get the right kind—

Jiffy-Jell

10 Flavors, at Your Grocer's 2 Packages for 25 Cents

Christmas Bonus For Employees to Help Fight H. C. L.

Chicago, Oct. 17.—(U. P.)—The first announcement by Chicago concerns of a Christmas bonus for employees came today from Marshall Field & Co. Officials announced that \$1,500,000 would be split among workers receiving less than \$2500 yearly. The distribution is made in view of the high cost of living, the officials said.

Use Bandits' Loot For Increase of Wage, Say Sleuths

Seven thousand dollars in bandits' loot reposes in the police vault under covetous eyes of zealous coppers whose efforts lagged the marauders behind the bars. As zealous as the sleuths, they have not worked their wily ways successfully in the direction of ascertaining who stole the loot, and the distasteful work are. The treasure is unclaimed.

Thereby hangs a disturbing feature. Give it to the Red Cross, was one suggestion.

Turn it over to the doughnut girls. Donate it to a fund for retired policemen.

Divide it, share and share alike, among deserving dicks. None of these suggestions, however, met with unanimity.

But Thursday, Desk Sergeant Bill Barker, who each day counts and recounts gold \$1000 and tucked it back into its corner behind bootleg goods, proposed the "big idea."

"Bankrupt city fathers need not call a special election for a month, do we get that seven thou," says Bill. "Let's use it for city employee's salary increase."

"Hot stuff," agree beat men, detectives and Neal Crouse, clerk of the court, who can't get as many haircuts as he could in the olden and more balmy 25-cent days.

Gold Nugget Valued At \$3000 Picked Up On Old Dirt Dump

Woodland, Cal., Oct. 17.—(U. P.)—Charles G. Clancy, a workman, picked up a gold nugget valued at \$3000 on a dirt bank where work is being done on the Great Western power project near Caribou. Clancy stopped work and did not report for duty again until the next morning. "I'm a rich man," he said.

Soldiers Will Get Uniform Treatment

Vancouver, B. C., Oct. 17.—(U. P.)—Army officials announced here today that joint arrangements have been completed between the United States and Canadian governments whereby former soldiers of both countries will be given uniform medical treatment, no matter where their residence may be. Canada will care for American soldiers, the same as her own, and the United States will do likewise. Those who fall ill from any cause within one year from the date of discharge from the army are entitled to free treatment without pay or allowance.

Oriental Dancer Is Mad, and May Get Law After Mayor

The Press club will retain Attorney Howard F. McGuire to represent them if Mayor Baker makes good his attempt to prevent Madame Ammon-Itkina's Oriental dancing act from appearing at the midnight frolics at the Heilig theatre on Tuesday night, October 21. The announcement followed the mayor's threat to prevent the dancing act from appearing as scheduled on the Press club's program of features. Mayor Baker asserted Thursday morning that no definite information on the nature of the act had been secured, but that every effort will be made to find out such facts as will determine the "propriety" of the madame's act. A recent communication sent by the mayor to the Press club expressly asked if the act was the one which caused such a furore of protest following its showing in the East. McGuire threatens to secure an injunction against Mayor Baker and the police if interference is attempted.

Grass on Ranges Short; Fences Are Broken by Stock

Baker, Oct. 17.—Range grass is reported to have become so scarce near North Powder that cattle and sheep left out are on the point of starvation, and are breaking into fenced pastures, causing much damage. A movement is on foot among the farmers to compel stock owners to round up their animals and feed them or pay for the damage that is being done to ranch property. Threshing has been completed in the Riverdale district, and the grain is reported to be of an unusually good quality, contrary to expectations because of the water shortage.

"Bankrupt city fathers need not call a special election for a month, do we get that seven thou," says Bill. "Let's use it for city employee's salary increase."

"Hot stuff," agree beat men, detectives and Neal Crouse, clerk of the court, who can't get as many haircuts as he could in the olden and more balmy 25-cent days.

Pendleton Runaway Found and Turned Over to Grandma

Contented with five days' journeying in and about the heart of Portland, although compelled during that time to sleep under docks on the waterfront, to eat where opportunity presented and to finance himself by occasional jobs of carrying in wood, Carl Lewis of Pendleton, aged 31, declared Wednesday night, as he was turned over to his grandmother, Mrs. E. H. Beattie, 162 East Fifth street, that he liked Portland "fine" and enjoyed his stay, but was willing to return home on the next train.

He was found Wednesday evening wandering around the streets by D. O'Mara, an elevator operator employed at the courthouse, who recognized him as the boy who had disappeared from the juvenile court last Saturday.

Further Dredging of River Unnecessary, Chamberlain Is Told

Washington, Oct. 17.—(WASHINGTON BUREAU OF THE JOURNAL).—Because government engineers see no immediate need for further dredging at

Common Sense Suggests Cherry's

CHERRY CHAT The Cherry Way of buying clothes is the common sense way—it is the way that saves you dollars and cents—the way that makes a small income do the duty of a large one in buying clothes.

Good clothes are so vitally important to one's welfare in business and social life that nothing should be permitted to stand in the way of having them—and Cherry's plan makes it possible for you to dress in the best of style for a few dollars a month.

Sec. Glass Writes The Largest Check

Washington, Oct. 17.—(U. P. S.)—Secretary of the Treasury Glass took his pen in hand this afternoon and dashed off a check for \$2,648,800,171.53. He believes it is the largest check ever drawn in the history of the country. It was only a matter of routine, however, and was for reimbursement of the treasury for redemption of certificates of indebtedness and other securities during last June.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Adv.

Thought His Time Had Come—Disappointed

"I never was more surprised in my life than when I took the first dose of May's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time 'in this world was short and believed it the last medicine I would ever take. It is now eight weeks since, and I am feeling better than for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convulse or money refunded. At all druggists.—Adv.

My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time 'in this world was short and believed it the last medicine I would ever take. It is now eight weeks since, and I am feeling better than for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convulse or money refunded. At all druggists.—Adv.

"I never was more surprised in my life than when I took the first dose of May's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time 'in this world was short and believed it the last medicine I would ever take. It is now eight weeks since, and I am feeling better than for many years."
