

# CALIFORNIA ROADS PERMIT FAST RIDE IN NORTHERN PART

Except for Occasional Detours Highway Is Found Like Boulevard; Concrete Is Utilized.

## TEHAMA COUNTY PROSPERS

Former Stock Country Products Numerous and Good Roads Are Proving of Value to Farmer.

By Fred Lockley  
En Route to San Francisco (By Mail).—A day's travel by auto makes a wonderful difference in climate. At Crater Lake, we found icicles as thick as your thumb and a foot long. In the morning and in the afternoon we found the roads of Northern California are like a boulevard.

Passing through Ager, Montague, Weed, Sisson, Dunsmuir, Delta, and Red Bluff, we reached Redding just at supper time. The roads were so good we decided to press on to Red Bluff, 28 miles distant. Our driver certainly knew how to get speed, with safety, out of the machine. We were not supposed to go over 35 miles an hour and so, instead of increasing the miles per hour and running 40 or 45 miles an hour, he reduced the minutes to the hour and we needed off the legal distance at the rate of 35 miles in 45 minutes.

# Will the Influenza Return?

Public Health Authorities Predict Its Recurrence

## Guard Against It by Building Up the Blood

### Pepto-Mangan Creates Rich Red Blood and Increases Strength

Surgeon General Blue of the United States public health service, in a recent statement from Washington, warns the public that the much dreaded influenza epidemic will probably return this fall and winter. All medical authorities agree that the weak, bloodless, run-down individual is more likely to contract this (as well as any other infectious disease) than is the strong, robust, red blooded man or woman. In view of these facts, it is wise to use every effort to build up the blood and thus increase the bodily resistance to the invasion of the germs of the disease. Guide's Pepto-Mangan is an absolutely dependable red blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks and creates new hope and ambition in those who have become pale, weak and listless. Physicians recommend Guide's Pepto-Mangan. When you order, be sure the word "Guide's" is on the package. Without "Guide's," it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Adv.

# PLANNING FOR SOLUTION OF TRAFFIC PROBLEM OPPOSED BY MAYOR

## City's Executive Would Not Eliminate Street Cars on Washington, He Says.

Elimination of streetcars on Washington street as a stride toward the solution of Portland's increasingly serious traffic problem received slight consideration from Mayor Baker when it was suggested to him today and the plan will not be incorporated in any traffic program the city may adopt, the mayor declared.

"I will consider the solution of the traffic situation the crowning achievement of my administration and shall certainly bend every energy to bring about permanent and proper changes before I retire from office," the mayor announced today.

Deputy Mayor A. Lewis, who has just returned from a municipal mission through the East after studying traffic plans elsewhere, will render his report as soon as it can be compiled, he has advised.

"Of course, such suggestions must be based upon the one-way traffic scheme, and I consider that to be the only successful solution. I can't see merit in a proposition to eliminate streetcars from Washington street, however. Why should we make a brilliant boulevard of one thoroughfare at the expense of other streets? I believe the one-way traffic plan will do away with the congestion there as it will elsewhere."

# FOUR YOUTHS FACING CHARGE OF BURGLARY; STORE, HOUSE ROBBED

## Vancouver Police Say Theft of \$50, of \$96.84 Found on Them, Is Admitted.

Vancouver, Wash., Oct. 20.—Four youths, Roy Van Tuyl of Spokane, Frank Carlson, Robert Provins and Albert Goren, who were held in a Seattle jail, are in the county jail, charged with having burglarized the store at Glenwood and having robbed the Bradlock residence.

The boys, two of whom are 16 years of age, one 17 years old and the other 18, have been seen in the neighborhood for a day or more. They were seen at a dance at Barberton Saturday night and had borrowed gasoline from neighboring farms for their car.

The police and sheriff were first notified of their presence in the county about 4 o'clock Sunday afternoon, when someone telephoned that a store north of Sifton had been robbed. Chief Sanford and Deputy Sheriff Wright found that the robbery had taken place at Glenwood, several miles from Sifton. They were arrested at the North Bank depot by Police Officer Johnson and others about midnight Sunday night as they were about to return to Seattle.

# Hobo Steals Ride On King's Special

Aboard King Albert's Train, La Junta, Colo., Oct. 20.—(U. P.)—Jack Wallace, 26, hobo, today claims a world's hobo record. Wallace rode the king of Belgium's special train from Albuquerque, N. M., to a point five miles out, where the train was stopped and he was put off.

## Eagle Boat Calls for Aid

Bar Harbor, Maine, Oct. 20.—(I. N. S.)—Radio calls to American Eagle boat No. 41, reported in distress off Canoe, Nova Scotia, were sent out today by the high powered naval wireless station here. The Eagle boat carries a crew of 10 men.

# PRICE FOR BEET SUGAR IS FIXED

## (Continued From Page One)

Before the war the per capita consumption in this country never went beyond 85 pounds, and went that high only in one year, 1913. During the war, with rationing and exhortations to economy, this was reduced to 73.4 pounds in 1918, and even then the Americans were looked upon almost as sugar gluttons abroad, for in most foreign countries the normal consumption is rarely above 60 or 65 pounds.

Figures of the first nine months of the present year indicate that the reaction from 1918 has gone beyond all calculations. The American consumer has been going strong, and his average for the year thus far is nearly 93 pounds.

# GARY DIMS HOPE OF AGREEMENT

(Continued From Page One)

to say that all labor should receive due consideration and it is the obligation, and ought to be the pleasure of employers at all times and in every respect, to employ justly and liberally all employes, whether unorganized or organized."

# GOMPERS MAKES REPLY

Samuel Gompers arose and said he was disappointed in what Judge Gary had said.

He charged that the statement which Judge Gary had just read was identical, even to the language, with a letter which Gary sent to the managers of the subsidiary companies of the United States Steel corporation.

# GOMPERS DRAWS PARABLE

Gompers criticized an artist who had drawn a picture of a fat, sleek man, a leader in the steel strike, who is followed by a train of gaunt, hungry men.

"I want to tell you that these gaunt human beings are no credit to the philanthropists of the great steel company."

# WILSON PREVENTS BREAKUP

Fear that the conference might break up was dissipated by a general understanding among the delegates that President Wilson will not tolerate an ignominious end of his conference, but will appoint delegates in place of any who choose to bolt.

It is known that President Wilson realizes that nothing is more important today than a satisfactory outcome of the effort to tranquillize the labor situation.

# BERLIN IS WITHOUT AMERICAN OFFICIAL REPRESENTATION

## Captain Mason, Only Remaining Member of U. S. Mission, Leaves German Capital.

By Karl H. Von Wiegand  
Berlin, Oct. 20.—The last American official in Germany left the country today when Captain Frank E. Mason, military attache and only remaining member of the American military mission in Berlin, departed for Paris to be demobilized.

With his departure, the last direct official or semi-official contact between America and Germany ceased and the relations of the two countries are now on a war status.

# ADOPT ZONE PLAN

American consumption, as before pointed out, has jumped to over 92 pounds, and use up the supply which was counted on to carry over until beet sugar came in. The sugar equalization board has divided the country into zones and is planning to handle the situation by assigning the beet sugar from Idaho, Colorado and Utah to the territory west of Chicago, and expects that supply to take care of the West from October 15, Ohio and Michigan beet sugar will come in about November 1, and that is to fill out the supply west of Pittsburgh. This leaves Cuba and Porto Rico to care for the Atlantic states, with the new crop due in November.

# GET HAWAIIAN CROP

Early in the year the present conditions were not foreseen. It then appeared that there was likely to be an excessive supply, and it was on that theory that 150,000 tons were resold to France from the Cuban crop. About July 1 the situation which has since developed began to be seen. No embargo was laid, but the supply was controlled except as to a small amount which had passed into second hands.

# Local Sugar Price

Twenty-five cents for two pounds of sugar was voted by the Portland federal fair-price committee Friday night at an unfair price for sugar under existing circumstances. The government recommendation of a retail price for sugar is 41 cents a pound.

# Unrest to Be Discussed

"Combating Industrial Unrest" will be discussed by E. B. Fish before the Portland Rotary club Tuesday noon at the Benson hotel. The club is also to elect a vice president to succeed W. O. Munsell, resigned.

# POPE LOOKS TO U. S. FOR RELIGIOUS AND MORAL PRINCIPLES

## Grecian Rights in Balkan Territory Will Be Discussed

New York, Oct. 20.—The following message from Pope Benedict to the Roman Catholic people of the United States was announced today by the Most Rev. John Bonzano, apostolic delegate to the United States:

"Many are looking to the United States as the center of commercial, industrial, economic and material interests. We consider America instead as a promising field for the development of religious, moral and charitable principles."

"Considering the importance of the United States, the realization of our hopes and desires would bring to the entire world an immediate benefit."

# WOMAN INJURES HIP

Mrs. O. A. Blizard, garage woman at the Palace garage, slipped and fell on the cement floor at the garage this morning and badly injured her hip. She was taken to Good Samaritan hospital. Mrs. Blizard resides at 144 North Fir-street.
