We are giving you a list of a few Best Buys

PORTLAND'S LARGEST USED CAR DEALERS ARE GOING TO CLEAN HOUSE.

Prices will positively be alsughtered for the next ten days.

Compare our prices with other used car sale prices and you will be convinced that this is the "Sale of Sales." We have \$75,000 worth of the finest used cars that money can buy and practically all of them have been completely overhauled

\$75,000 worth of the finest used cars that money can buy and practically all of them have been completely overhauled and painted, some of them have new tops and some have been retired and every one of them is right. If they're not we'll make 'em right.

Right here, folks, is a point we want you to think over real seriously. When you enter either one of our sales rooms, the first that meets your gaze is NOT some old wreek or relic that some despairing owner has by the use of some ether, a few exits dry batteries and a good strong vocabulary, coazed out of its three-years resting place and induced to run down as far as Auto Row and left coughing out in front of some unarmed dealers' establishment long enough for said owner to go in and convince said dealer that he youldn't even think of trading it if it wasn't too high powered for his wife's mother to drive, etc., etc. NO! Such is NOT the case here.

Every car you see on our floor has been purchased by a man who understands used cars from A to Z for the sole purpose of reade, Not one of them has been traded in on a new car.

We have only Standard makes and all late models. Every one carefully selected and rigidly inspected before being purchased We are affected.
