Comprehensive Plan for Buying to Be Placed Before Council **Before Commissioner Proceeds**

PIER'S TASK IS DIFFICULT

Twenty-four Locations on East Side Being Considered; West Side Sites Not Yet Surveyed.

Prices and locations are delaying purchase of park sites by the city, Commissioner Pier stated Saturday. in telling of tracts that may be purchased by the municipality. It is difficult, he points out, to get the right price on desirable property and to locate playgrounds in the districts to be served.

After further consideration, a comprehensive plan of purchase will be placed before the council by Commissioner Pier for ratification before the city proceeds.

"To give a correct and detailed resume of the playground situation would be impossible at this time," Pier ex-

MANY DIFFICULTIES IMPEDE "It might, however, occur to the average citizen that nearly four months' time should be sufficient to cover the situation and close the contracts; so, in explanation of this seeming delay, there must be taken into consideration all of the different angles that each separate

"A few of these are location—popula-tion of district, size, character of the community to be served, the sentiment of the neighborhood and, very important, the cost.

"It is, of course, our purpose to serve the greatest number of people and locate a playground in every section of the city, but when you stop to consider that we have 66 square miles of city to serve, and that the population is widely scattered over this great area, it must naturally result in some sections being apparently neglected; yet we believe that when the work is completed there will be but little cause to criticize, or, at least, there will be no complaint that cannot be remedled in time when sparsely settled sections fill up and the city

LOCATIONS CONSIDERED "Up to this time we have been considering the following locations:

"At the proposed new high school site. St. Johns, between Wall street, Central svenue and Smith avenue, 23 acres. considered by many to be a very desirable locality; or, in lieu of that, a 32-acre tract known as the McKenna property, assessed valuation \$38,630, on Lombard and McKenna avenues.

"Fifty-sevnth and Halsey, 10 acres, ne Curran tract, assessed valuation "The Knox tract of about eight acres, assessed valuation \$16,000, on Interstate

avenue, overlooking the river near Lower Albina.

in front of St. Mary's church, assessed valuation \$21,930. "Fifteen acres of old Irvington race-

track, assessed valuation \$46,000.

"For Vernon, what is known as the Chinese tract of about 17 acres, assessed valuation \$29,500, located on Killingsworth and Ainsworth avenues; or what is known as the Kennedy tract, betweep East Twenty-fifth and East Thirty-sev-enth and Killingsworth and Ainsworth

"The Versteeg tract, near Fernwood school, 15 acres, assessed valuation \$22,-270, between East Thirty-third and East Thirty-seventh streets. "Certain blocks in what is known as

the Buckman estate, East Twelfth to East Eighteenth streets. "A portion of the Portland Country club. "Two blocks on East Twelfth street, assessed

known as the Hawthorne tract, assessed valuation \$25,000. "Tract running from East Seventeenth to East Twentieth, Taylor and Belmont

streets.

"Joseph Simon property, assessed valuation \$28,000, near East Thirty-ninth street, running from Belmont to Base Line road.

"Location in Brooklyn.
"Krueder tract, 10 acres adjoining
Creston school, assessed valuation

15 ACRES IN WOODSTOCK

"From 10 to 15 acres in the vicinity of Woodstock school, assessed valuation about \$10,000. "Six blocks in Corvallis tract, between

East Seventy-second and East Seventyfourth streets, on the Mt. Scott line, as-sessed valuation about \$14,300. "A tract yet to be selected at Lents.

"Addition to Johnson creek, assessed valuation about \$3000.
"C. B. Sewall tract, on East Thirtieth street, seven acres; or Hunt tract at East Thirtieth and Harrison; or Ken-worthy tract of about 10 acres, on East Harrison and East Twenty-sixth streets. "All of the foregoing tracts will not be accepted, but some of these parcels will be accepted to serve each community

"Selections have not been made for the west side, which are now being con-

"It probably will be some weeks be-fere the council will be able to decide

each case.

"Primarily, the purpose of this bond issue was to purchase playgrounds. Whenever the tracts are large enough they will be parked and beautified as far as possible.

"The park commissioners and council."

will not consider any tract unless it can be bought at the lowest possible cash value."

Brings the Roses to Children's Cheeks

Mother: Brew This Vegetable Tea at Home—Good Health to all the Family.

To drive out of the system impuri-ties that keep you feeling miserable is good advice, and people who want bet-ter blood and keener enjoyment of life should not neglect taking at least a two weeks treatment of gentle healthlding K. & B. Tea.

Druggists will tell you that scores of people enjoy a cup at bedtime because it keeps liver and bowels in proper con-dition and ends billous attacks and head-

Give it to the children when peevish.
They like it, and it acts very gently on their little bowels. Be sure you get Or. Carter's K. & B. Tea,—Adv.
