Pale Children Need Gude's Pepto-Mangan

Unnatural for Children to Be Pale and Thin-Paleness Is Sign of Thin, Watery Blood

Prepared in Liquid and Tablet Form-Both Possess Identical Medicinal Qualities

It is necessary for boys and girls to laugh, romp, play and enjoy themselves. it is at that stage of life that the foundation is laid for future health. Prompt attention should be given to the child who seldom laughs, whose physical condition prevents playing like the other children, whose appetite poor, and who tires easily.

If the lassitude is due to poor blood, which is often the case, a simple, safe and pleasant remedy is within easy reach. Gude's Pepto-Mangan is just the tonic for pale, thin children, Gude's Pepto-Mangan contains the very inredients that increase and enrich the blood, enabling it to supply the entire body with the sorely needed vigor, strength and vitality that make happy, ping children.

For the convenience of the public. Pepto-Mangan is prepared in tablet as well as liquid form. Both forms possess exactly the same medicinal properties, played on Washington State college's When you ask the druggist for Pepto-Mangan, look for the name "Gude's" on the package. If it is not there it is not Pepto-Mangan.—Adv.
