Vast Quantity of Feed Ordered for 3000 Purebred Animals to Be Seen at Big Show.

NOTED GILEY HERD ARRIVES

Fancy Horses From Los Angeles, Sacramento, Victoria, Seattle and Other Places on the Way.

Five hundred tons of hay, oats and other feeds have been ordered by General Manager O. M. Plummer of the Pacific International Livestock exposition so that the appetites of the 3000 purebred animals to be on exhibition all next week may be appeased. This vast supply of feed is already arriving and is being stowed away conveniently to the stalls and pens in various sections of the building.

Tuesday morning 22 Guernsey cattle, from the noted herd of A. L. Giley, Chilo, Wash., were unloaded at North Portland and installed in the dairy division of the big building, the first arrival for the stock show and the first exhibits to get into the new pavilion.

FLEET FOOTED HORSES COMING

Twelve fancy gaited horses, blue-ribbon harness horses and saddlers of San Francisco, left that city last night for Portland and are now on their way to compete for honors, cups and premiums in the night horse show events of the stock show. Ten other California horses from Los Angeles, Sacramento and other points are also on their way, and 16 high-jumpers and fancy-steppers will leave Victoria, B. Monday the new building will be dedicated and the show will officially open. On Monday morning, Campbell's band, which will be the official band for the stock show, will play at all the downtown hotels and in the afternoon will go to the stock show for an hour's concert. Then the band will go to Vancouver, Wash., returning to the pavilion for the night horse show.

A Home Made Gray Hair Remedy

Gray, streaked or faded hair can be immediately made black, brown or light brown, whichever shade you desire, by the use of the following remedy that you can make at home:

Merely get a box of Orlex powder at any drug store. It costs very little and no extras to buy. Dissolve it in 4 ounces of distilled or rain water and comb it through the hair. Full directions for use and a \$100 gold bond come in each box guaranteeing the user that Orlex powder does not contain silver, lead, zinc, sulphur, mercury, aniline, coal tar products or their derivatives.

It is safe, does not rub off, is not sticky or gummy and leaves the hair fluffy. It will make a gray-haired person look 20 years younger.—Adv.

Centralia Affair Rouses the Ire of Portland's Mayor

"Let the dastardly act of the Red element of Centralia be a thunders warning to the people of Portland to wake up," fired Mayor Baker this morning. "The shooting down of those brave boys was the most monstrous piece of cowardice and treachery that America has seen in years," declared the executive. "My blood is boiling against the actors of such a tragedy. It is unbelievable, almost unthinkable."

Mayor Baker sees in the outbreak of Red treachery in Centralia a condition which Portlanders should well take care to stifle.

"We need to awaken—we need to use our heads on such snakes as murder our boys who fought for their country and humanity," he said. "Portland will not quarter for a minute a single Red or anarchist. We're going to purge our city of that element or know the reason. Every force of law will be whipped into shape to beat down the law breakers and traitors. The fight may be long, but we'll not rest until every last snake is crushed."

EAMONN DE VALERA ARRIVES IN PORTLAND ON THURSDAY NIGHT

Irish Leader to Be Met at Union Station by Local and State Committees.

Eamonn de Valera will arrive at the Union station at 7:10 p. m. Thursday from Seattle. He will be met by city and state committees, headed by Dr. Andrew C. Smith, and by hundreds of other friends of Ireland, who will escort him to the Portland hotel. McElroy's band will lead the procession and various fraternal and civic organizations have been invited to participate in the reception.

De Valera has been assigned to the suite of rooms on the second floor of the hotel formerly occupied by President Wilson and other presidents of the United States visiting the city. At 8:30 Thursday night a banquet will be served in the Broadway grill of the hotel.

Eamonn de Valera's mission to the United States, in the interest of Irish freedom, is compared with a similar mission to Europe in behalf of the American colonies by Benjamin Franklin, in an appeal sent out today by Dr. Andrew C. Smith, chairman of the committee in charge of De Valera's reception and entertainment in Portland.

"De Valera's mission to this country is parallel with the visit to Europe of Benjamin Franklin prior to the war of the American Revolution," the statement declares. "Mr. Franklin was received in some countries and was ridiculed in others. In Ireland in 1769, and again in 1771, he was not only given an ovation by the people everywhere he went, but the then existing Irish parliament accorded him a seat of honor in the chamber and officially welcomed him to the country."

"Mr. Franklin represented in Europe the cause of American independence, and that was made to appear in as many false lights as are thrown about the cause of Irish independence in this country today," according to Dr. Smith and his committee.

Governor Pledges Sympathy Toward Legion Objectives

Salem, Nov. 12—"All true Americans join with you in pledging to uphold and defend the constitutions of our state and nation," declares Governor Olcott in a telegram forwarded Tuesday to the Oregon delegation, American Legion, at the national convention in Minneapolis.

"Oregon suspended business today as a tribute to the men who upheld our traditions and our liberties. The memory of those you left behind on the fields of France will remain forever in the minds of our people as a sign that our institutions and ideals must not perish from the earth."

The telegram from Governor Olcott was in reply to one from the Oregon delegation at Minneapolis as follows: "True Americanism is the keynote of the American Legion convention which assembled here today. The slogan is for home and for our country. We congratulate you for this celebration upon this the first anniversary of the armistice. Will you not all join with us as American citizens at this time when the fundamental principles of our government are assailed and pledge yourselves with us to advocate the upholding and defending of the constitution of the United States and of the state of Oregon?"

"De Valera's mission to this country is parallel with the visit to Europe of Benjamin Franklin prior to the war of the American Revolution," the statement declares. "Mr. Franklin was received in some countries and was ridiculed in others. In Ireland in 1769, and again in 1771, he was not only given an ovation by the people everywhere he went, but the then existing Irish parliament accorded him a seat of honor in the chamber and officially welcomed him to the country."

"Mr. Franklin represented in Europe the cause of American independence, and that was made to appear in as many false lights as are thrown about the cause of Irish independence in this country today," according to Dr. Smith and his committee.

Mobilize Spiritual Forces of Church at Episcopalian Meet

What is, perhaps, the most notable gathering of Episcopalian ever held in Oregon, with representation from every parish and mission, some of the delegates having traveled hundreds of miles, began this morning at the Portland hotel to consider plans for the nationwide campaign of the church.

Clergy and lay delegates from all parishes were present and the presentation of the campaign by the Right Rev. Walter T. Sumner, bishop of Oregon, provoked enthusiasm.

The conference will last all day, the delegates meeting at luncheon at the Portland hotel at noon, while at night a public mass meeting will be held at the Pro-Cathedral, Thirteenth and Clay streets, with several notable addresses, in addition to music by the massed choirs of Portland churches.

"The campaign is not for money, primarily," Bishop Sumner asserted. "It is an effort to mobilize our spiritual resources and assemble the man-power of the church."
