

ENFORCEMENT OF TRAFFIC LAWS ROTARIANS' AIM

Permanent Committee Will Be Named; Drastic Measures Are Planned to Safeguard Public.

Dr. G. H. Douglas, president of the Rotary club, will name a permanent committee to represent that organization in the campaign to reduce the number of traffic accidents on Portland's streets.

Under the resolution adopted by the club on Tuesday, it is pledged to work for simplification and enforcement of law.

The resolution was offered in the form of a report by a special investigating committee composed of George C. Mason, H. C. Thompson and Jacques Willis.

All traffic ordinances and parts thereof not to be enforced should be repealed, and the balance should be enforced to the letter.

BICYCLISTS ARE INCLUDED

Traffic regulations should be enforced against bicyclists and also against pedestrians in congested districts.

"Jaywalkers" in congested districts should be prosecuted.

Serious traffic violations should be punishable by legal temporary confiscation of machine or by temporary or permanent cancellation of license.

Educate the public by short, crisp statements thrown on the screen of moving picture shows.

By business houses agreeing to investigate through the police the record of applicants to drive cars, and discharge employees for traffic violations.

Discourage the use of all safety first signs for a first unknown purpose.

Request chief of police to take possession from all unnecessary special assignments and put them on duty where they can enforce important ordinances.

Request the street cleaning bureau to cooperate with the traffic department in its work.

Appoint a permanent traffic committee of the Rotary club to cooperate with other civic organizations in the enforcement of traffic regulations.

OSTEOPATH RAPS HEALTH TESTS GIVEN STUDENTS

Under Present System All Pupils Are Compelled to Meet Same Requirements, Says Speaker.

The Portland Osteopathic society held a banquet at the hotel Benson Tuesday night in conclusion of a series of meetings and classes held throughout the entire day.

Dr. T. J. Ruddy, head of the eye, ear, nose and throat department of the Los Angeles Settlement House clinic, said: "In the examination of children of school age, it is commonly found that they can be grouped in three classes—well, sick and mal-nourished."

The average school inspection nurse, and in many cases, physicians, passed upon those who were sick and those who were well, wholly overlooking the poorly nourished group, which constitute 25 per cent of all children.

Under the present school system, all are compelled to meet the same requirements and progress at the same speed, with the result that 33 out of every 100 children finish their common school education physically unfit, and without the family physician or school inspector knowing why.

"If school inspection systems are to be more than farcical in guiding our future generations, something must be done further than looking at test charts, examining the throat, and filling out blanks. Every organ and every activity of the mind must be tested for their function and surely nurses cannot be expected to do but a small part of this work."

Y. M. C. A. CELEBRATES SUCCESS OF ITS DRIVE FOR ADDED MEMBERS

Portland Association Has 5020 on Roll, 1020 More Than the Goal Fixed.

To celebrate the success of its membership campaign, which has just closed with 1020 new names added to the roll, the Y. M. C. A. service department will hold a rally of members and friends in the association auditorium Thursday night.

A program will be the order and prizes will be given to those who secured the most men. Harry Phillips will lecture on "Human Waste Heaps and How to Restore Them."

The Portland association now has 5020 members—1020 more than necessary to have reached the fixed goal. H. W. Stone, general secretary, and Leslie R. Cranbourne, secretary in charge of the campaign details, are of the opinion that the association, in a city as large as Portland, should have not less than 7000 members and have planned for a second campaign, to be launched early in the year.

"There is a widespread demand for such a program as the Y. M. C. A. provides," said Mr. Stone, "and we have the facilities for fully 7000 members right now. I have no doubt we shall continue to increase the roll and that the next drive will be a complete success."

In the campaign, Dent H. Mowrey had charge, as captain, of the team winning the most members, having a total of 33 names to their credit. He will receive a business membership, valued at \$15.

Prize winners in the ranks were A. L. Saint, a gold watch; W. J. Pipebrink, silver cup; Ray Leisher and Leonard Smithner, hats; Paul Dimm, a book.

Under French auspices Tunisia will greatly increase its production of flax for linen manufacture.

Watch Charm of 'I. W. W.' Make Is Mailed to Chief

Astoria, Dec. 17.—Chief of Police Carlson has received through the mail a unique Christmas gift in the form of a watch charm made of beads, in which are woven in red the initials "I. W. W."

The chief was none the wiser than his any friends in this radical organization, as he has made every effort to apprehend them during the past few months.
