IRVINGTON HOME BEAUTIFUL

This is one of the finest and most artistic homes that we have had the pleasure of inspecting. It is of colonial type and sets in the center of a plot of ground 150x100 — 3 full lots, profuse with various kinds of shrubbery. It was built by the owner about five years ago when labor and material were at bedrock. You enter a vestibule with coatroom, the center wide stairway around which the entire plan is laid is an innovation. On one side there is a living room with fireplace designed to match the woodwork and tapestry paper, and dining room with beautiful built in buffet. The reception hall, living room and dining room are of selected mahogany. To the right of the reception hall you have the breakfast room, also the library, which is finished in oak with an artistic fireplace. The kitchen is large and light and all counter, sink and drain boards are finished in vitrolite. There are real oak floors throughout the house. The house has an exceptionally fine heating system which has stood the test during the recent cold shap. There are five bedrooms on second floor, two tiled bathrooms with pedestal washstands and shower baths, also nice sewing room with built-in cupboard. All walls on the second floor are painted in oil, with handpainted borders, all closets and wardrobes of Port Orford cedar; front bedroom has fireplace and triple glass mirrors. All woodwork white enamel; third floor has large finished party room connected with heat. House phone on all floors, baselarge finished party room connected with heat. House phone on all floors, base-ment and attic. Stationary vacuum cleanment and attic. Stationary vacuum cleaning system connects all floors with basement. All windows plate glass and fixtures the best. We know you will like this place. Call and make apponitment at once, as this is the first time it has ever been advertised and the price is right.
