

Women's National Democratic Party Is to Be Organized

New York, Dec. 26.—(I. N. S.)—A meeting of the women's Democratic club was called for this afternoon at the Commodore hotel to take steps for the formation of a women's national Democratic party. Two of the women reported to be behind the project are relatives of President Wilson—Mrs. William Gibbs McAdoo, the president's daughter, and Miss Margaret Yale, the president's niece. It was explained that, while the new national organization would be independent of the regular Democratic party, no split in the Democratic ranks was intended. The leaders of the movement plan to organize Democratic women in every state in the union.
