FEAR

The greatest demon that exists. Is the demon just called "fear." He makes you weak in physical ways and mentally you feel queer.

There is a word called "caution,"

With confidence as a kin; When both work out in harmony You cannot help but win.

The demon "fear" works overtime, And undermines your health. Destroy it with your confidence And create mental wealth.

We have no "fear" of our success,
As we do save you more
