Third Street Building Bought by Northwest Townsite Co. of Philadelphia for Investment.

The Worcester building, covering the half block between Oak and Pine streets on the east side of Third street, was sold Monday afternoon to the Northwest Townsite company of Philadelphia for \$300,000.

The building was erected in 1894 by Senator Henry W. Corbett. It is of brick and heavy mill construction and at the time it was built was considered the last word in office buildings.

The ground floor is occupied by the main office of the Western Union Telegraph company and by retail stores and the upper five stories are leased for offices.

According to advices received from Charles A. Reynolds of Camden, N. J., president of the Northwest Townsite company, that concern proposes to make further investments in Portland real estate.

Embargo Proposed On Export of Print Paper, in House Bill

Washington, Jan. 6.—(I. N. S.)—An embargo on the export of print paper for one year is proposed by Representative Ferris of Oklahoma in a resolution introduced in the house Monday.

Penalties of not more than \$10,000 fine and not more than 10 years imprisonment are provided for violation of the act.

An embargo on export of print paper from the United States would have little effect on the local mills, officials of plants located at Camas and Oregon City said today.

Small amounts of paper have been going out recently to China and Japan but these orders will soon be exhausted and no more orders will be taken until the market adjusts itself.

Skin troubles need immediate and proper attention

Don't wait thinking they will disappear in time. Perhaps they will, but in the meantime you are suffering from the burning and itching, and allowing your nerves to become badly affected, when a little Resinol Ointment would doubtless relieve it all.

Unless the skin affection is caused by some internal disorder, Resinol Ointment usually clears it away because it contains harmless, and soothing antiseptics for such conditions. It can be used easily for it is so nearly flesh-colored it does not attract attention. At all druggists.
