PERSONAL

TIME
The "time" allotted to mankind
Is three score years and ten;
With no set time for the recall,
We never know the when.

Each hour we give with no return Is wasted for all time; To improve self and fellow man Helps make one's life sublime.

The waste of "time" is laziness
And selfishness in a way.
Which does retard self-progress
And failure is the pay.

We know our time is helpful
