HERE'S HOW WE PHOVE IT
Come here four weeks—pay not a cent in advance. If you are then satisfied that our training is the superior of any other Pacific Northwest auto school, pay your tuition. If you are not satisfied that our school excels, we will pay you for every hour you have attended class. This is the most startling offer any auto school ever made. There is no red tape to it—we gladly will put it in writing. We are willing to depend entirely upon your honesty and good judgment. Only a different, unquestionally superior school could make such an offer. If our training were just the ordinary kind, this offer would be suicidal. But we know where we stand—know that the quality of our training will win you if given a trial. We will make you an offer that you cannot afford to turn down. The details of this unusual offer and full particulars of the remarkable Adeox course are found in a large, impressive book which has just lately come from the press. Those who have seen it prohounce it the most finished work of its kind ever published. Tells why automobile schools are different—why Adeox graduates are successful—Rells you how to judge an automobile schools—what counts and what is sham. It will make you start to read it. It costs us 65c, but we will send it to you absolutely free for the asking. Call in person at the school or send us your name and address and your copy will come through by return mail.
